DIRECTOR'S REPORT FOR THE YEAR ENDED 31 MAY 2008

The director presents her report and the accounts for the year ended 31 May 2008

Statement of Director's Responsibilities

Company law requires the director to prepare accounts for each financial year which give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that year. In preparing those accounts, the director is required to

- select suitable accounting policies and then apply them consistently,
- make judgements and estimates that are reasonable and prudent,
- prepare the accounts on the going concern basis unless it is inappropriate to presume that the company will continue in business

The director is responsible for keeping proper accounting records which disclose with reasonable accuracy at any time the financial position of the company and to enable them to ensure that the accounts comply with the Companies Act 1985. She is also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

The director has considered the ability of the company to continue as a going concern for a period of 12 months from the date of this report, and confirm that she has no doubts as to the company's ability to do so.

Principal Activity

The company's principal activity is the promotion of dance and hypnotherapy.

Director

The director who served during the year and her beneficial interests in the company's issued ordinary share capital was

#### Deferred Taxation

The charge for taxation takes into account taxation deferred as a result of timing differences between the treatment of certain items for taxation and accounting purposes. In general, deferred taxation is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date. However, deferred tax assets are recognised only to the extent that the director considers that it is more likely than not that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits. Deferred taxation is measured on a non-discounted basis at the average tax rate that would apply when the timing differences are expected to reverse, based on tax rates and laws that have been enacted by the balance sheet date.
