Executive summary

- This report has been prepared for the purposes of Rule 2.47 of the Insolvency Rules 1986
- This progress report covers the period from 14 October 2009 to 13 April 2010 and follows the Administrators' third six monthly report to creditors which was dated 10 November 2009
- The Administrators' Statement of Proposals was deemed approved by creditors on 19 July 2008
- Since the last report to creditors dated 10 November 2009 the Administrators have continued to progress the administrations to achieve the statutory purpose to realise assets for the secured creditors in line with the Proposals. This has included progressing the realisation of the remaining assets which are principally trade receivables
- A Court Order was obtained on 3 April 2009 to extend the initial period of all of the administrations which were to end on 13 April 2009. The administrations of the Parent company and the six Operating entities were extended until 13 October 2010, and the administrations of the other entities were extended to 13 April 2010. A further Court Order was obtained on 7 April 2010 to extend the period of administration of three dormant companies, namely People Resourcing Limited, Square Mile Real Estate Services Limited and Ernaceous Property Services Limited until 13 October 2010
- The administrations of 33 of the dormant companies were closed in April 2010
- Only 10 entities remain in administration from the original 72 group companies
- The Administrators have made distributions in full to preferential creditors in the relevant Operating entities (see page 6)
- We have finalised the Prescribed Parts which result from floating charge realisations in anticipation of declaring a first dividend and these are detailed on page 7. The Court has granted permission to distribute the Prescribed Parts to the unsecured creditors in the Administrations of the relevant entities and these will be paid out shortly
- A Distribution Scheme to deal with the £2.3m client monies held was approved by the Court on 19 March 2010 (see page 5)
- On the 22 April 2010 an order was made in the High Court removing Myles Antony Halley from office as Joint Administrator of EG plc, following his retirement from KPMG LLP. By virtue of the Order Edward George Boyle was appointed as Joint Administrator as his replacement. Creditors/members have the liberty to apply to vary or discharge this order insofar as it relates to the estate of which they are creditors/members, within 28 days of the creditors/members being given notice of this Order. In accordance with the Order, creditors/members were given notice of the Order by an advertisement in the London Gazette on 30 April 2010
- Statutory information on each of the companies is provided as Appendix 1

Asset realisations

Our receivables collection activities have largely been concluded and no further material realisations are anticipated

A Distribution Scheme to deal with the £2.3m client monies held was approved by the Court on 19 March 2010

There are a number of property related matters still to be concluded

€10,000 deferred consideration from the sale of an Irish business remains to be realised

Trade receivables

- To date, £9.45 million has been recovered from trade receivables
- Our specialist receivables realisation team has continued to pursue debtor amounts and has exceeded our previous estimate of target realisations (£9.2 million). This result has been achieved through the sale of several rump ledgers and the settlement of several legal claims since the last report
- Further realisations are expected to be minimal from this point onwards

Client monies

- Although over £2 million has been returned to clients to date, the joint administrators still hold a balance of approximately £2.3 million and there remain a number of untraced or uncooperative clients
- The joint administrators therefore made an application to Court to seek directions in relation to the distribution of the funds. On 19 March 2010, the Court granted an order that the joint administrators distribute cash potentially held on trust for the former clients in accordance with the terms of the Distribution Scheme which the Court had approved
- Those potential beneficiaries for which the joint administrators had contact details were sent notice of the Distribution Scheme on 25 March 2010, together with copies of the scheme document and a claim form. Notice of the Distribution Scheme was also advertised in The Times, the London Gazette and the Estates Gazette
- The Distribution Scheme imposes a cut-off date of 21 June 2010 for the submission of claims in respect of the client monies, after which no new claims will be admitted. Payments to beneficiaries will be paid as soon as possible after the cut-off date. Beneficiaries who do not submit a claim by the cut-off date will be able to submit a claim in the administration as an unsecured creditor
- The Distribution Scheme shall cease to have effect after all distributions have been made. The completion of the Distribution Scheme will have the effect of releasing the Company from any future proprietary claims by beneficiaries to the client monies
- Any surplus funds remaining after the completion of the Distribution Scheme shall be made available to the administration estate. This will enable the joint administrators to close the administration earlier, thereby avoiding the need for a further extension and minimising further cost to the estate

Leasehold and freehold property

- The sale of business agreements included the interest in 78 of the Group's 154 premises. Of these, 2 are still occupied under licence by the purchasers whilst they are seeking assignments. We anticipate these matters will be resolved shortly
- 65 leases were not included in sale of business agreements and we have agreed surrenders on 16 of these properties. Acceptance of surrender has not yet been granted by the remaining 49 landlords. These properties remain vacant. Landlords are not under any obligation to accept surrender of the leases. Therefore, some ongoing management and maintenance of public liability cover of the properties may be required until the lease liabilities are discharged or the administrations are closed
- The joint administrators continue to seek a purchaser for EG plc's long leasehold interest in the Tewkesbury property

Deferred consideration

- As reported previously €230,000 of deferred consideration has been received for the sale of an Irish subsidiary and a further €110,000 has now been received in monthly instalments. €10,000 of consideration remains outstanding

Liabilities

The administrators have repaid the Preferential Creditors in full in four of the Operating entities

Secured creditors

- To date distributions to secured creditors total £134 million, against a debt at appointment of some £230 million

Preferential creditors

- Preferential creditor claims have been agreed as shown in the table, and distributions were made in full in November/December 2009 totalling £445,000
- Please refer to the table below for the division of the claims between companies

Preferential creditors' claims

- Unfortunately, the administrators still do not anticipate any return to the preferential creditors of EG plc

Liabilities (cont.)

We currently anticipate that a Prescribed Part return will shortly be paid to the unsecured creditors in up to eight of the group entities

Prescribed Part and unsecured creditors

- The Prescribed Part across the Group totals £1 501 million. Please refer to the table below for the division between companies
- The Prescribed Part is a fund set aside for the unsecured creditors of the Group from floating charge realisations of approximately 20% of net assets, up to a maximum of £600,000 in each estate

Source: Administrators' estimates

- The administrators do not anticipate any Prescribed Part in EG plc
- On 3 April 2009 the Court granted the Joint Administrators permission to pay a dividend to the unsecured creditors from the Prescribed Parts
- It was not possible to declare a dividend until HM Revenue and Customs finalised its claim, which it has only very recently submitted
- The Joint Administrators have agreed all unsecured claims in the entities with larger Prescribed Parts and the dividends will be paid in May 2010. We are finalising creditor claims in the entities with smaller Prescribed Parts and will then declare dividends as soon as possible thereafter
- As advised in the Statement of Administrators' proposals under Paragraph 49, the Administrators do not anticipate there will be any return to unsecured creditors other than via the Prescribed Part

- The basis for the Administrators' remuneration has been approved by the Banks and has been drawn for the period to 19 September 2008 in accordance with Rule 2 106(5b)
- Also in accordance with Rule 2 106 (5b) of the Insolvency Rules 1986, where there is a dividend to preferential creditors in a particular entity, a simple majority of these creditors voting is also required to approve the basis of the Administrators' remuneration drawn from that estate. This approval has been obtained
