Haringey Schools Services Limited

Strategic Report for the Year Ended 31 March 2021

The directors present their strategic report for the year ended 31 March 2021.

Principal activity

The principal activity of the company is the development, funding and construction of eight schools and the provision of related facilities management services on behalf of London Borough of Haringey for the period of twenty five years under a Private Finance Initiative ('PFI') contract. The construction phase of the project was completed on 30 June 2004.

On 1 February 2008, the directors agreed to suspend, on an interim basis, the facilities management services that the company previously provided via its sub-contractor Jarvis Accommodation Services Ltd (JAS). At the same time the company's contract with JAS for the provision of FM services was terminated. This was subsequent to an agreement reached with London Borough of Haringey to enable the council to carry out construction work at the schools, which is being funded by a government grant under the Building Schools for the Future scheme. The council has the option to return the facilities management role to the company at its discretion. The company will, however, continue to receive a reduced unitary fee for the remainder of the contract period, in return for the on-going provision of the eight schools to the London Borough of Haringey. This will allow the company to service its existing borrowings and operate as a going concern. The net profitability of the company will not be adversely affected.

A revised financial model incorporating the effect of the suspension and termination agreements has been prepared and from a review of this model the directors are satisfied the company will generate positive cashflows and profits over the life of the contract.

Results and review of business

The profit for the year is set out in the profit and loss account on page 10. The directors consider the performance of the company during the year and the financial position at the end of the year, to be in line with the long term expected performance of the project, and its prospects for the future to be satisfactory.

Principal risks and uncertainties

The company has taken on the activity, as detailed above, and is risk averse in its trading relationships with its customer, funders and sub-contractors as determined by the terms of their respective detailed PFI contracts. In extreme circumstances, the company could be exposed to subcontractor failure to perform their obligations. The Board monitors the financial stability of its subcontractor and has contingency plans in place to ensure the continuity of service provision to its client, should the subcontractor become unable to perform its obligations. The financial risks and the measures taken to mitigate them are as detailed in the Directors' report.

Key performance indicators ('KPIs')

The company's operations are managed under the supervision of its shareholders and funders and are largely determined by the detailed terms of the PFI contract which stipulates key performance criteria on operational activities as managed by the sub-contractor. For this reason, the company's directors believe that further operational key performance indicators for the company are not necessary or appropriate for an understanding of the performance or position of the business. In addition the directors monitor compliance with debt covenant ratios as specified in the senior loan agreement, in particular the Debt Service Cover Ratio, and no non-compliance has been noted.

Approved by the Director on 13 September 2021 and signed on its behalf by:

.....
S McGeown
Director

Haringey Schools Services Limited

Directors' Report for the Year Ended 31 March 2021

Registration number: 04011160

The directors present their report and the audited financial statements for the year ended 31 March 2021.

Future developments

No significant changes are expected to the company's activities, as set out in the Strategic Report, in the foreseeable future.

Dividends

A dividend of £17,303 (£0.0335 per ordinary share) was paid during the year (2020: £216,000, £0.4196 per ordinary share).

Financial risk management

The company has exposures to a variety of financial risks which are managed with the purpose of minimising any potential adverse effect on the company's performance. The directors have policies for managing each of these risks and they are summarised below:

Interest rate risk

The senior debt interest is fixed, as set out in note 13.

Inflation risk

The company's project revenue and most of its costs were linked to inflation at the inception of the project, resulting in the project being largely insensitive to inflation.

Liquidity risk

The company adopts a prudent approach to liquidity management by endeavouring to maintain sufficient cash and liquid resources to meet its obligations as they fall due.

Credit risk

The company receives the majority of its revenue from London Borough of Haringey and is not exposed to significant credit risk. Cash investments are with institutions of a suitable credit quality.

Coronavirus (COVID-19) impact on the financial statements

The COVID-19 outbreak has resulted in measures being taken to contain the virus and has resulted in the temporary closure of businesses and public services.

On 20 March 2020 the Cabinet Office issued a notice (Procurement Policy Note 02/20: Supplier relief due to coronavirus (COVID-19)) that all supplier payments will be maintained as per their individual contracts. Guidance was also issued on 2 April 2020 by the Infrastructure and Projects Authority (IPA Guidance) specifically relating to PFI contracts. The IPA guidance is consistent with PPN 02/20. On 6 June 2020 the Cabinet Office issued a further notice (Procurement Policy Note 04/20: Recovery and Transition from COVID-19) which supports transition from the current measures to a steady state. PPN 02/20 guidance was in place until 30 June 2020 and PPN 04/20 was in place until 31 October 2020. The company will continue to receive the monthly unitary payment and will pay its suppliers in a timely manner.

The revenue of the company is linked to the availability of the facility. Availability is not materially adversely impacted by the current measures limiting the movement of people.

The company does not employ any staff directly. As the majority of costs are contractual, no other measures to control costs are deemed necessary.

Haringey Schools Services Limited

Directors' Report for the Year Ended 31 March 2021 (continued)

The company produces regular financial model updates that forecast the company cashflows to the end of the concession period. This financial model indicates that the company will be able to meet its financing covenant ratios and that no additional funding will be required in the next 12 months. The directors therefore consider the COVID-19 outbreak will have no impact on the ability of the company to continue as a going concern. However, the Directors are monitoring usual movements in short and long term economic indicators that may impact the valuation of assets and liabilities, and may therefore have an impact on the financial statements.

Brexit risk

The company operates solely in the United Kingdom and has not been directly impacted by changes to trading arrangements, with the EU and the rest of the world resulting from the United Kingdom's withdrawal from the European Union on 31st January 2020. The directors continue to monitor any potential impact arising from the wider financial markets and the company's supply chain.

Directors of the company

The directors of the company who were in office during the year and up to the date of signing the financial statements were as follows:

S McGeown

A Hamid

Statement of directors' responsibilities

The directors are responsible for preparing the Annual Report and the Financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have prepared the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards, comprising FRS 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland", and applicable law).

Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period. In preparing the financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and accounting estimates that are reasonable and prudent;
- state whether applicable United Kingdom Accounting Standards, comprising FRS 102, have been followed, subject to any material departures disclosed and explained in the financial statements; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the company's transactions and disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the financial statements comply with the Companies Act 2006.

Haringey Schools Services Limited

Directors' Report for the Year Ended 31 March 2021 (continued)

Directors' confirmations

In the case of each director in office at the date the Directors' Report is approved:

- so far as the director is aware, there is no relevant audit information of which the company's auditors are unaware; and
- they have taken all the steps that they ought to have taken as a director in order to make themselves aware of any relevant audit information and to establish that the company's auditors are aware of that information.

Going concern

The directors have reviewed the company's projected profits and cash flows by reference to a financial model covering accounting periods up to December 2025. Having examined the current status of the company's principal contracts and likely developments in the foreseeable future, the directors consider that the company will be able to settle its liabilities as they fall due and accordingly the financial statements have been prepared on a going concern basis.

Reappointment of auditors

The independent auditors, PricewaterhouseCoopers LLP, Chartered Accountants and Statutory Auditors, have signified their willingness to continue in office.

Approved by the Board on 13 September 2021 and signed on its behalf by:

.....
S McGeown
Director

Haringey Schools Services Limited

Independent Auditors' Report to the members of Haringey Schools Services Limited

Report on the audit of the financial statements

Opinion

In our opinion, Haringey Schools Services Limited's financial statements:

- give a true and fair view of the state of the company's affairs as at 31 March 2021 and of its profit for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards, comprising FRS 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland", and applicable law); and
- have been prepared in accordance with the requirements of the Companies Act 2006.

We have audited the financial statements, included within the Annual Report and Financial Statements (the "Annual Report"), which comprise: the balance sheet as at 31 March 2021; the profit and loss account, the statement of changes in equity for the year then ended; and the notes to the financial statements, which include a description of the significant accounting policies.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) ("ISAs (UK)") and applicable law. Our responsibilities under ISAs (UK) are further described in the Auditors' responsibilities for the audit of the financial statements section of our report. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Independence

We remained independent of the company in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, which includes the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements.

Conclusions relating to going concern

Based on the work we have performed, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the company's ability to continue as a going concern for a period of at least twelve months from when the financial statements are authorised for issue.

In auditing the financial statements, we have concluded that the directors' use of the going concern basis of accounting in the preparation of the financial statements is appropriate.

However, because not all future events or conditions can be predicted, this conclusion is not a guarantee as to the company's ability to continue as a going concern.

Our responsibilities and the responsibilities of the directors with respect to going concern are described in the relevant sections of this report.

Reporting on other information

The other information comprises all of the information in the Annual Report other than the financial statements and our auditors' report thereon. The directors are responsible for the other information. Our opinion on the financial statements does not cover the other information and, accordingly, we do not express an audit opinion or, except to the extent otherwise explicitly stated in this report, any form of assurance thereon.

Haringey Schools Services Limited

Independent Auditors' Report to the members of Haringey Schools Services Limited (continued)

Reporting on other information (continued)

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated. If we identify an apparent material inconsistency or material misstatement, we are required to perform procedures to conclude whether there is a material misstatement of the financial statements or a material misstatement of the other information. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report based on these responsibilities.

With respect to the Strategic Report and Directors' Report, we also considered whether the disclosures required by the UK Companies Act 2006 have been included.

Based on our work undertaken in the course of the audit, the Companies Act 2006 requires us also to report certain opinions and matters as described below.

Strategic Report and Directors' Report

In our opinion, based on the work undertaken in the course of the audit, the information given in the Strategic Report and Directors' Report for the year ended 31 March 2021 is consistent with the financial statements and has been prepared in accordance with applicable legal requirements.

In light of the knowledge and understanding of the company and its environment obtained in the course of the audit, we did not identify any material misstatements in the Strategic Report and Directors' Report.

Responsibilities for the financial statements and the audit

Responsibilities of the directors for the financial statements

As explained more fully in the Statement of directors' responsibilities, the directors are responsible for the preparation of the financial statements in accordance with the applicable framework and for being satisfied that they give a true and fair view. The directors are also responsible for such internal control as they determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the directors are responsible for assessing the company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the company or to cease operations, or have no realistic alternative but to do so.

Haringey Schools Services Limited

Independent Auditors' Report to the members of Haringey Schools Services Limited (continued)

Auditors' responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

Irregularities, including fraud, are instances of non-compliance with laws and regulations. We design procedures in line with our responsibilities, outlined above, to detect material misstatements in respect of irregularities, including fraud. The extent to which our procedures are capable of detecting irregularities, including fraud, is detailed below.

Based on our understanding of the company and industry, we identified that the principal risks of non-compliance with laws and regulations related to UK tax legislation, and we considered the extent to which non-compliance might have a material effect on the financial statements. We also considered those laws and regulations that have a direct impact on the financial statements such as the Companies Act 2006. We evaluated management's incentives and opportunities for fraudulent manipulation of the financial statements (including the risk of override of controls), and determined that the principal risks were related to posting inappropriate journal entries and management bias in accounting estimates. Audit procedures performed by the engagement team included:

- Discussions with management and internal audit to enquire of any known instances of non-compliance with Laws and Regulations and Fraud
- Reading board minutes for evidence of breaches of regulations and reading relevant correspondence
- Challenging assumptions and judgements made by management in their significant accounting estimates
- Identifying and testing journal entries, in particular journal entries posted with unexpected account combinations
- Incorporating unpredictability into the nature, timing and/or extent of our testing

There are inherent limitations in the audit procedures described above. We are less likely to become aware of instances of non-compliance with laws and regulations that are not closely related to events and transactions reflected in the financial statements. Also, the risk of not detecting a material misstatement due to fraud is higher than the risk of not detecting one resulting from error, as fraud may involve deliberate concealment by, for example, forgery or intentional misrepresentations, or through collusion.

A further description of our responsibilities for the audit of the financial statements is located on the FRC's website at: www.frc.org.uk/auditorsresponsibilities. This description forms part of our auditors' report.

Use of this report

This report, including the opinions, has been prepared for and only for the company's members as a body in accordance with Chapter 3 of Part 16 of the Companies Act 2006 and for no other purpose. We do not, in giving these opinions, accept or assume responsibility for any other purpose or to any other person to whom this report is shown or into whose hands it may come save where expressly agreed by our prior consent in writing.

Haringey Schools Services Limited

Independent Auditors' Report to the members of Haringey Schools Services Limited (continued)

Other required reporting

Companies Act 2006 exception reporting

Under the Companies Act 2006 we are required to report to you if, in our opinion:

- we have not obtained all the information and explanations we require for our audit; or
- adequate accounting records have not been kept by the company, or returns adequate for our audit have not been received from branches not visited by us; or
- certain disclosures of directors' remuneration specified by law are not made; or
- the financial statements are not in agreement with the accounting records and returns.

We have no exceptions to report arising from this responsibility.

Haringey Schools Services Limited

Notes to the Financial Statements for the Year Ended 31 March 2021

1 General information

The principal activity of the company is the development, funding and construction of eight schools and the provision of related facilities management services on behalf of London Borough of Haringey for the period of twenty five years under a Private Finance Initiative ('PFI') contract. The construction phase of the project was completed on 30 June 2004.

The company is a private company limited by shares and is incorporated and domiciled in England.

The address of its registered office is:

Third Floor
Broad Quay House
Prince Street
Bristol
BS1 4DJ

The company's functional and presentation currency is the pound sterling.

2 Accounting policies

Summary of significant accounting policies and key accounting estimates

The principal accounting policies applied in the preparation of these financial statements are set out below. These policies have been consistently applied to all the years presented, unless otherwise stated.

Statement of compliance

These financial statements were prepared in accordance with Financial Reporting Standard 102 'The Financial Reporting Standard applicable in the UK and Republic of Ireland' and the Companies Act 2006.

Basis of preparation

These financial statements are prepared on a going concern basis, under the historical cost convention, as modified by the recognition of certain financial assets and liabilities measured at fair value.

The preparation of financial statements in conformity with FRS 102 requires the use of certain critical accounting estimates. It also requires management to exercise its judgement in the process of applying the company's accounting policies. The areas involving a higher degree of judgement or complexity, or areas where assumptions and estimates are significant to the financial statements are disclosed in note 3.

Going concern

The directors have reviewed the company's projected profits and cash flows by reference to a financial model covering accounting periods up to December 2025. Having examined the current status of the company's principal contracts and likely developments in the foreseeable future, the directors consider that the company will be able to settle its liabilities as they fall due and accordingly the financial statements have been prepared on a going concern basis.

Haringey Schools Services Limited

Notes to the Financial Statements for the Year Ended 31 March 2021 (continued)

2 Accounting policies (continued)

Revenue recognition

Revenue is measured at the fair value of the consideration received or receivable and represents the amount receivable for goods supplied or services rendered, net of returns, discounts and rebates allowed by the company and value added taxes.

The company recognises income when it has fully fulfilled its contractual obligations. The company includes sales and purchase transactions related to variations under the original contract where the benefits and risks are retained by the company, within the financial statements as turnover and cost of sales.

Where appropriate, income received under the PFI contract in respect of services provided during the operational phase of the contract is deferred to future periods in order to match those elements of income with the costs to which they relate. The turnover and cost of sales are recorded in the profit and loss account in the period in which the relevant costs are incurred.

Transactions to which the company does not have access to all the significant benefits and risks are excluded from the financial statements.

Finance debtor and interest receivable

The company has elected to take the exemption under FRS 102 paragraph 35.10 (i) to continue to apply its previous accounting treatment in respect of Service Concession Arrangements entered into prior to the date of transition to FRS 102. This has resulted in the measurement of the finance debtor being different from that which would have resulted had the requirements of FRS 102 Section 34 been fully adopted. The costs incurred in constructing the assets have been treated as a finance debtor. This treatment arose from applying the guidance within previous UK GAAP which indicated that the project's principal agreements transfer substantially all the risks and rewards relating to the property to the customer.

The finance debtor represents the costs arising on the construction of the assets including initial tender costs. During asset construction, finance debtor interest income is recognised on an accruals basis and is capitalised within the finance debtor receivable. Once the project reached its operational phase and was accepted by the customer a constant proportion of the planned net revenue arising from the project was allocated to remunerate the finance debtor. Imputed interest receivable is allocated to the finance debtor using a property specific rate to generate a constant rate of return over the life of the contract. Over the course of the contract term the finance debtor is expected to be fully repaid.

Tax

The tax expense for the period comprises deferred tax. Tax is recognised in profit or loss, except that a change attributable to an item of income or expense recognised as other comprehensive income is also recognised directly in other comprehensive income.

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date, where transactions or events that result in an obligation to pay more tax in the future or a right to pay less tax in the future have occurred at the balance sheet date.

Deferred tax is measured at the tax rates that are expected to apply in the periods in which the timing differences are expected to reverse, based on tax rates and laws that have been enacted or substantively enacted by the balance sheet date. Deferred tax is measured on a non-discounted basis. Deferred tax assets are only recognised when it is considered more likely than not that there will be suitable taxable profits from which the future reversal of underlying timing differences can be deducted.

Haringey Schools Services Limited

Notes to the Financial Statements for the Year Ended 31 March 2021 (continued)

2 Accounting policies (continued)

Cash and cash equivalents

Cash and cash equivalents comprise cash on hand and call deposits, and other short-term highly liquid investments that are readily convertible to a known amount of cash and are subject to an insignificant risk of change in value. Cash balances are held in bank accounts which are subject to controls, exercised by the providers of the company's long term debt facilities, under the terms of its facility agreements.

Financial Instruments

The company has chosen to adopt Sections 11 and 12 of FRS 102 in respect of financial instruments.

(i) Financial assets

Basic financial assets, including trade and other receivables, finance debtors, cash and bank balances, are initially recognised at transaction price, unless the arrangement constitutes a financing transaction, where the transaction is measured at the present value of the future receipts discounted at a market rate of interest.

Such assets are subsequently carried at amortised cost using the effective interest method.

At the end of each reporting period financial assets measured at amortised cost are assessed for objective evidence of impairment. If an asset is impaired the impairment loss is the difference between the carrying amount and the present value of the estimated cash flows discounted at the asset's original effective interest rate. The impairment loss is recognised in profit or loss.

If there is a decrease in the impairment loss arising from an event occurring after the impairment was recognised the impairment is reversed. The reversal is such that the current carrying amount does not exceed what the carrying amount would have been had the impairment not previously been recognised. The impairment reversal is recognised in profit or loss.

Financial assets are derecognised when (a) the contractual rights to the cash flows from the asset expire or are settled, or (b) substantially all the risks and rewards of the ownership of the asset are transferred to another party or (c) control of the asset has been transferred to another party who has the practical ability to unilaterally sell the asset to an unrelated third party without imposing additional restrictions.

(ii) Financial liabilities

Basic financial liabilities, including trade and other payables, bank loans, loans from fellow group companies and preference shares that are classified as debt, are initially recognised at transaction price, unless the arrangement constitutes a financing transaction, where the debt instrument is measured at the present value of the future receipts discounted at a market rate of interest.

Debt instruments are subsequently carried at amortised cost, using the effective interest rate method.

Fees paid on the establishment of loan facilities are recognised as transaction costs of the loan to the extent that it is probable that some or all of the facility will be drawn down. In this case, the fee is deferred until the draw-down occurs. To the extent there is no evidence that it is probable that some or all of the facility will be drawn down, the fee is capitalised as a pre-payment for liquidity services and amortised over the period of the facility to which it relates.

Trade payables are obligations to pay for goods or services that have been acquired in the ordinary course of business from suppliers. Accounts payable are classified as current liabilities if payment is due within one year or less. If not, they are presented as non-current liabilities. Trade payables are recognised initially at transaction price and subsequently measured at amortised cost using the effective interest method.

Haringey Schools Services Limited

Notes to the Financial Statements for the Year Ended 31 March 2021 (continued)

2 Accounting policies (continued)

Financial liabilities are derecognised when the liability is extinguished, that is when the contractual obligation is discharged, cancelled or expires.

(iii) Offsetting

Financial assets and liabilities are offset and the net amounts presented in the financial statements when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle on a net basis or to realise the asset and settle the liability simultaneously.

Called up share capital

Ordinary shares are classified as equity. Equity instruments are measured at the fair value of the cash or other resources received or receivable, net of the direct costs of issuing the equity instruments. If payment is deferred and the time value of money is material, the initial measurement is on a present value basis.

Exemptions for qualifying entities under FRS 102

FRS 102 allows a qualifying entity certain disclosure exemptions. The exemptions which the company has taken are:

- (i) the requirement to prepare a statement of cash flows;
- (ii) certain financial instrument disclosures providing equivalent disclosures are included in the consolidated financial statements of the group in which the entity is consolidated;
- (iii) the requirement to disclose related party transactions, with the members of the same group, that are wholly owned.

3 Critical accounting judgements and estimation uncertainty

Judgements, estimates and associated assumptions are based upon historical experience and various other factors that are believed to be reasonable under the circumstances, the results of which form the basis of making judgements about carrying values of assets and liabilities that are not readily available from other sources.

The judgements, estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to the accounting estimates made are recognised in the period in which the estimate is revised, if the revision affects only that period, or in the period of revision and future periods if the revision affects both current and future periods. Actual results may subsequently differ from these estimates.

Certain critical accounting judgements and estimates as applicable, adopted by management, in applying the company's accounting policies are described below:

Estimates

Finance debtor and turnover recognition

The accounting for service concession contracts and finance debtors requires estimation of service margins (being forecast of contract income less estimates of operating and major maintenance replacement costs), finance debtor interest rates and associated amortisation profile which are based on the forecast results of the PFI contracts over the respective concession length. See notes 9 and 11 for the carrying value of the finance debtor and note 12 for amounts of turnover deferred to future periods.

Haringey Schools Services Limited

Notes to the Financial Statements for the Year Ended 31 March 2021 (continued)

4 Turnover

The company has been engaged solely in continuing activities in a single class of business within the United Kingdom.

5 Operating profit

The company had no employees during the year (2020: none). The emoluments of the directors are paid by the controlling parties. The directors' services to this company and to a number of fellow group companies are primarily of a non-executive nature and their emoluments are deemed to be wholly attributable to the controlling parties. The controlling parties charged £52,509 (2020: £51,633) to the company in respect of these services.

The audit fee in respect of the company was £8,560 for the year (2020: £8,038).

6 Interest receivable and similar income

	2021 £ 000	2020 £ 000
Imputed interest receivable on finance debtor	1,216	1,402
Interest income on bank deposits	-	3
	<u>1,216</u>	<u>1,405</u>

7 Interest payable and similar charges

	2021 £ 000	2020 £ 000
Interest on bank borrowings	814	1,020
Other finance costs	13	16
Interest payable on loans from group undertakings	328	334
	<u>1,155</u>	<u>1,370</u>

Haringey Schools Services Limited

Notes to the Financial Statements for the Year Ended 31 March 2021 (continued)

8 Tax on profit

(a) Tax expense/(credit) included in profit or loss

	2021 £ 000	2020 £ 000
Deferred taxation		
Arising from origination and reversal of timing differences	72	68
Arising from changes in tax rates and laws	-	(49)
Adjustment in respect of prior periods	-	(326)
Total deferred taxation	<u>72</u>	<u>(307)</u>

(b) Reconciliation of tax charge

The tax on profit for the year is lower than the standard rate of corporation tax in the UK (2020: lower than the standard rate of corporation tax in the UK) of 19% (2020: 19%).

The differences are reconciled below:

	2021 £ 000	2020 £ 000
Profit before taxation	<u>484</u>	<u>461</u>
Corporation tax at standard rate	92	88
Expenses not deductible for tax purposes	(20)	(19)
Adjustments to tax charge in respect of prior years	-	(326)
Re-measurement of deferred tax - change in UK tax rates	-	(50)
Total tax charge/(credit)	<u>72</u>	<u>(307)</u>

(c) Tax rate changes

The UK government announced in its 2021 budget on 3 March 2021 that there is a planned increase in the rate of Corporation Tax from 19% to 25% with effect from 1 April 2023. As a result, the relevant deferred tax balances will have to be remeasured once the increase in the Corporation Tax rate is substantively enacted. The planned increase has not had an impact on Haringey Schools Services Limited for the year ended 31 March 2021. The estimated overall effect of this change, if it had applied to the deferred tax balance at the balance sheet date, would be to increase the deferred tax liability and increase the tax charge for the period by £55,000.

9 Debtors: Amounts falling due after more than one year

	2021 £ 000	2020 £ 000
Finance debtor	11,192	13,866
Deferred tax assets	<u>327</u>	<u>399</u>
	<u>11,519</u>	<u>14,265</u>

Haringey Schools Services Limited

Notes to the Financial Statements for the Year Ended 31 March 2021 (continued)

10 Deferred tax asset

	Deferred tax £ 000
At 1 April 2020	399
Additions dealt with in profit or loss	(72)
At 31 March 2021	<u>327</u>

The deferred tax asset consists of the following (liabilities)/assets:

	2021 £ 000	2020 £ 000
Accelerated capital allowances	(685)	(800)
Other timing differences	(1,111)	(1,286)
Tax losses recognised	<u>2,123</u>	<u>2,485</u>
	<u>327</u>	<u>399</u>

The net deferred tax asset expected to reverse in the next 12 months is £74,416. This primarily relates to unwinding of tax losses.

11 Debtors: Amounts falling due within one year

	2021 £ 000	2020 £ 000
Finance debtor	2,675	2,474
Prepayments and accrued income	<u>356</u>	<u>356</u>
Total current trade and other debtors	<u>3,031</u>	<u>2,830</u>
