1. An Overview of the Administration

FRP

The Joint Administrators identified that the objective of the Administration, as set out in the proposals approved on 21 May 2021, was to achieve a better result for the Company's creditors as a whole than would be likely if the Company had been wound up (without first being in Administration).

The objective was achieved by completing a sale of certain business and assets to TMLL immediately following the appointment of the Joint Administrators. This transaction resulted in significantly higher realisations being achieved for the Company's assets than would be achieved if the Company entered Liquidation. Additionally, the Company's liabilities were significantly less in an Administration when compared to a liquidation and immediate shut down.

It was initially anticipated that the Company would exit from Administration via dissolution, however should a distribution become available to creditors then the strategy would be to exit via the route of Creditors' Voluntary Liquidation pursuant to Paragraph 83 of Schedule B1 to the Insolvency Act 1986.

Since the Administration appointment, the Secured Creditor has satisfied its security registered against the Company and dissolved. As a result of this together with higher asset realisations and lower preferential claims received, the preferential and secondary preferential creditors are now expected to be paid in full with residual funds being available to unsecured creditors.

Due to the material change in circumstances for creditors, it is now deemed appropriate for the Company to exit via the route of Creditors' Voluntary Liquidation ("CVL") to enable a dividend to unsecured creditors to be declared.

The sale of part of the business and assets of the Company completed immediately following the Joint Administrators' appointment whereby 30 of the Company's employees transferred to the Purchaser, TMLL, in accordance with TUPE regulations.

TL 2021 Limited (Formerly Temperley Limited t/a Temperley London) (In Administration) The Joint Administrators' Final Report

TMLL was a newly incorporated entity of the Group. The transaction value was £835k, with £381k payable on completion and the balance of £454k deferred over 12 months.

Given an element of the sale consideration was on a deferred basis, the Joint Administrators took first ranking security in TMLL and AVBM, being the brand/intellectual property holder, and also a guarantee from Holdings.

The Joint Administrators removed their security upon receipt of the final instalment of deferred consideration.

The Joint Administrators have collected other assets since their appointment which included book debts, deposits and monies due in respect of concession agreements. Please refer to later sections for further information in respect of book debts.

To avoid the automatic termination of the Administration on the first anniversary, the period of Administration was extended by 12 months to 28 April 2023 to ensure that there was sufficient time to collect assets due to the Administration estate. This application was made to and approved by secured and preferential creditors in accordance with Paragraph 76(2)(b) of Schedule B1 to the Insolvency Act 1986.

The Administration will end by way of the Company moving from Administration to $\ensuremath{\text{CVL}}.$

The date the Administration ceases and the CVL commences will be the date that the requisite notice is filed with the Registrar of Companies, and Anthony Collier and David Acland will be appointed to act as Joint Liquidators.

The relevant notice of move from Administration to CVL was sent to the Registrar of Companies, together with this report, on 3 April 2023. The attached schedule at **Appendix C** also indicates the work that the Liquidators expect to carry out in the liquidation.

2. Progress of the Administration in the Reporting Period

FRP

I attach at $\mbox{\bf Appendix}~\mbox{\bf C}$ a schedule of work undertaken during the Reporting Period. Highlights are referred to below.

Attached at **Appendix E** is a receipts and payments account detailing transactions for the Reporting Period and cumulatively for the whole period of the administration.

As previously reported, the Joint Administrators instructed Horwich Farrelly to pursue debtors in order to maximise realisations for the insolvency estate for the benefit of the creditors. Horwich Farrelly have been paid £11,824 plus VAT for their assistance.

The Joint Administrators believe this is fair and reasonable in respect to the speculative nature of the recoveries.

Payments made from the estate are fair and reasonable and proportionate to the insolvency appointment and are directly attributable to this insolvency.

No payments have been made to associates without the prior approval of creditors as required by SIP9.

The book debt ledger was excluded from the transaction to TMLL. According to the Director's Statement of Affairs, after allowing for bad and doubtful debts, it was anticipated that the total recoverability will be £115k against a book value of £237k. To date £62,530 has been recovered.

As per previous reports, Horwich Farrelly were instructed to pursue outstanding debtors on the Joint Administrators' behalf. Unfortunately, upon review it was noted that the majority of the outstanding debts were either disputed, credited or were not yet due.

TL 2021 Limited (Formerly Temperley Limited t/a Temperley London) (In Administration)

The Joint Administrators' Final Report

Horwich Farrelly have confirmed that no further realisations are expected as the remaining collectable balances fall outside of the jurisdiction of England and Wales and as a result, the cost of pursuing these debtors outweighs any return.

As a result, no further work is to be carried out in this regard.

A total of £7,929 has been received during the Reporting Period.

Part of the Joint Administrators' duties include carrying out proportionate investigations into what assets the Company has, including any potential claims against directors or other parties, and what recoveries could be made. The Joint Administrators have reviewed the Company's books and records and accounting information, requested further information from the directors, and invited creditors to provide information on any concerns they have regarding the way in which the Company's business has been conducted.

The Joint Administrators have submitted a report to the Secretary of State for Business, Energy and Industrial Strategy on the conduct of the Trustees and any de facto or shadow directors as appropriate. This report remains confidential between the Joint Administrators and the Secretary of State for Business, Energy and Industrial Strategy. The Joint Administrators investigations were finalised in the previous reporting period and can confirm that no further investigations or actions were required.

3. Outcome for Creditors

FRP

The Proposals anticipated that:

- There would be insufficient funds to settle the Secured Creditor;
- Preferential creditors would be paid in full;
- A dividend to secondary preferential creditors was likely however the quantum was uncertain; and,
- A distribution to unsecured creditors was not likely based on the estimated asset realisations, costs of the Administration and anticipated preferential claims.

 $\ensuremath{\mathsf{HSBC}}$ were paid in full prior to the Company entering into Administration.

The Company granted ATDL, a related group entity, a fixed and floating charge dated 7 May 2020 in respect of shareholder loans. ATDL's liability on appointment was c£4m.

ATDL took steps to satisfy their security and has since dissolved. No distributions were made to ATDL prior to its dissolution.

As part of the transaction referred to previously, 21 of the Company's employees transferred to TMLL under TUPE and nine were made redundant.

At the date of appointment, it was estimated that preferential creditor claims would total £18k being the employees' preferential element for unpaid pension contributions as calculated in accordance with legislation.

TL 2021 Limited (Formerly Temperley Limited t/a Temperley London) (In Administration) The Joint Administrators' Final Report

Preferential claims totalling £16,553 have been received to date in respect of claims from former employees and a full dividend was issued to this class of creditor in accordance with the Insolvency Rules on 6 June 2022.

For insolvency proceedings commencing after 1 December 2020 any amounts due to HMRC in respect of temporarily held funds (e.g. PAYE Income Tax, VAT, employee NICs, students loan repayments and CIS deductions) rank as a secondary preferential claim against the Company.

At the date of appointment, it was estimated that secondary preferential creditor claims would total $\pounds 600k$.

Secondary preferential claims totalling £572,068 have been received to date in respect of outstanding NIC and VAT payments to HMRC.

A first and final dividend to Secondary preferential claims was decalred during the Reporting Period.

According to the Director's Statement of Affairs, as at the date of appointment, unsecured creditors totalled £28m, broken down as follows:

- Trade Creditors £1,510,296
- Intercompany £25,812,181
- Employee claims £45,000
- HMRC Employer NI/Corporation Tax £246,457

To date, 43 unsecured creditors have submitted proof of debts in this Administration which total \pounds 1,626,951.

3. Outcome for Creditors

As a result of both classes of preferential creditors being paid in full and the Secured Creditor's charge being satisfied, the funds held (after allowing for costs of the Liquidation) will now be made available to the unsecured creditors.

The quantum and timing of the distribution will be communicated by the subsequently appointed Liquidators in due course. For the avoidance of doubt, the Joint Administrators will be the Joint Liquidators.

Creditors yet to prove their debts in the proceedings are encouraged to do so as soon as possible. A proof of debt form is available on the creditor portal and documentary evidence to substantiate the claim is also required.

The prescribed part is a carve out of funds available to the holder of a floating charge which is set aside for the unsecured creditors in accordance with section 176A of the Insolvency Act 1986. The prescribed part only applies where the floating charge was created after 15 September 2003 and the net property available to the floating charge holder exceeds £10,000.

The prescribed part is no longer applicable following the satisfaction of the Secured Creditors floating charge.

4. Joint Administrators' Remuneration, Disbursements and Expenses

Total time costs since the Administration appointment are £200k.

In accordance with legislation, on 29 September 2021, the Secured Creditor and Preferential Creditors approved the basis of the Joint Administrators' remuneration on a time cost basis, capped at £175k plus VAT. These fees have now been drawn in full.

A breakdown of the Joint Administrators' time costs incurred during the Reporting Period and cumulatively is attached at **Appendix D**.

Higher time costs have been incurred mainly as a result of the time incurred for the general administration and statutory compliance during the course of the Administration. Whilst time costs incurred exceed the fee estimate circulated to creditors with the Proposals, the remuneration recovered by the Joint Administrators does not exceed the sum provided in the fee estimate, being the cap of £175k and the balance of time costs being £25k will be written off.

In accordance with SIP 9, a breakdown of the key area of time expended by FRP in the Reporting Period is as follows:

- Time costs of £7,515 have been incurred to comply with statutory procedures through drafting and circulating reports and statutory documents to the relevant bodies of stakeholders. In addition, time has also been incurred dealing with post appointment VAT and tax compliance.
- Time costs of £6,185 are attributed to Administration and Planning. This
 includes completing file reviews and associated administrative tasks to
 monitor case progression and administering the Administration estate bank
 account including making necessary payments.
- Time costs of £3,860 are attributed to Creditors. This includes liaising with creditors regarding the Administration process and dealing with unsecured creditors' claims and general creditor queries.

TL 2021 Limited (Formerly Temperley Limited t/a Temperley London) (In Administration) The Joint Administrators' Final Report

As per the Proposals, in the event that the Company is placed into Liquidation and the Joint Administrators appointed as Liquidators, the basis agreed for the drawing of the Joint Administrators' remuneration will also be that utilised in determining the basis of the Liquidators' remuneration, in accordance with the Insolvency Rules.

The duly appointed Liquidators will seek further creditor approval for the quantum of fees to be drawn in the liquidation in due course.

For the avoidance of doubt whilst the fee basis will be that utilised in the subsequent Liquidation, the subsequent Liquidators will revert to creditors for approval regarding the quantum of fees to be drawn in the Liquidation.

The Joint Administrators' disbursements are a recharge of actual costs incurred by the Joint Administrators on behalf of the Company. Mileage payments made for expenses relating to the use of private vehicles for business travel, which is directly attributable to the insolvency estate, are paid by FRP at the HMRC approved mileage rate prevailing at the time the mileage was incurred. Details of disbursements incurred during the Reporting Period of this report are set out in **Appendix D**.

An estimate of the Joint Administrators' expenses was set out in the Joint Administrators' proposals. Attached at **Appendix F** is a statement of expenses that have been incurred during Reporting Period and cumulatively. It is currently expected that the expenses incurred or anticipated to be incurred are likely to exceed the details previously circulated to creditors for the following reasons:

 Expenses incurred in relation to legal matters have exceeded the Joint Administrators' initial estimate mainly in respect of post- transaction matters

4. Joint Administrators' Remuneration, Disbursements and Expenses

such as security reviews, removal of security as appropriate and contract novation's.

- Expenses in respect of the debt collection process.

When instructing third parties to provide specialist advice and services, or having the specialist services provided by the firm, the Joint Administrator is obligated to ensure that such advice or work is warranted and that the advice or work contracted reflects the best value and service for the work being undertaken. This is reviewed by the Joint Administrator periodically throughout the duration of the assignment. The specialists chosen may regularly be used by the Joint Administrator and usually have knowledge specific to the insolvency industry and, where relevant, to matters specific to this insolvency appointment.

Creditors have a right to request further information from the Administrators and further have a right to challenge the Administrators' remuneration and other expenses, which are first disclosed in this report, under the Insolvency (England and Wales) Rules. (For ease of reference these are the expenses incurred in the reporting period as set out in **Appendix F** only). Further details of these rights can be found in the Creditors' Guide to Fees which you can access using the following link https://www.frpadvisory.com/legal-and-regulatory-notices/information-creditors-insolvency-proceedings/ and select the one for administrations. Alternatively, a hard copy of the relevant guide will be sent to you on request. Please note there is a time limit for requesting information being 21 days following the receipt of this progress report. There is a time limit of 8 weeks following the receipt of this report for a Court application that the remuneration or expenses are excessive.

Schedule of Work

FRP

Schedule of Work

The table below sets out a detailed summary of the work undertaken by the office holders during the Reporting Period together with an outline of work still to complete. Where work undertaken results in the realisation of funds (from the sale of assets; recoveries from successful actions taken against third parties), there may be a financial benefit to creditors should there be sufficient funds available to make a distribution to one or more class of creditor. In this case work undertaken will include the scrutiny and agreement of creditor claims.

A proportion of the work undertaken by an Insolvency Practitioner is required by statute, including ensuring the appointment is valid, notifications of the appointment to third parties, regular reporting on the progress, notifying statutory bodies where required in relation to the conduct of the directors complying with relevant legislation and regulatory matters. This may not have a direct financial benefit to creditors but is substantially there to protect creditors and other stakeholders and ensuring they are kept informed of developments.

2	ASSET REALISATION Work undertaken during the Reporting Period	ĺ	ASSET REALISATION Future work to be undertaken in the Liquidation
	One of the main purposes of an insolvency process is to realise the insolvency assets and to ensure a fair distribution of the proceeds to the creditors in the correct order of priority as set out by legislation. Part of business and assets of the Company were sold shortly following the Joint Administrators' appointment. Please refer to the Proposals for further information in this regard. Please refer to the main body of this document for further information.		All assets have been dealt with in the Administration. If any other assets come to light in the Liquidation, the Joint Liquidators will ensure that these assets are realised into the insolvency estate if just and equitable to do so.

	Book Debts	
	Book debts ledger were excluded from the sale agreement and as per the main body of this report, the Joint Administrators have instructed a firm of solicitors to purse the outstanding balance. Time costs have been incurred in dealing with this matter such as providing the solicitors with details of the debt and providing various documentation to support the debt. Horwich Farelly have confirmed that no further work will be carried out as the costs of pursing the outstanding debtors outweighs the returns for creditors.	
3	CREDITORS Work undertaken during the Reporting Period	CREDITORS Future work to be undertaken in the Liquidation
	Liaising with the preferential creditors in respect of dividends available and obtaining discharge from liability. The Joint Administrators have agreed the preferential creditor claims in preparation of making a distribution. Preferential creditors have received a full dividend on 6 June 2022. Secondary preferential creditors i.e. HMRC, continued to be chased for their final claim and a first and final dividend was declared in the Reporting Period. Instructed specialist tax accountants, Alexanders, to undertake the corporation tax returns for the final period.	Continue to liaise with unsecured creditors as appropriate. Issue Notice of Intended Dividend and agree the unsecured creditor claims.

4	INVESTIGATIONS Work undertaken during the Reporting Period	INVESTIGATIONS Future work to be undertaken in the Liquidation
	The report to DBEIS was completed within 3 months of appointment and took into account information provided by all stakeholders that might identify further assets or lines or enquiry for the Joint Administrator to explore. The Joint Administrators can confirm that no further investigations or actions were required.	No further investigations are anticipated but will be considered if considered appropriate in the Liquidation. There is no requirement to submit a secondary report to the Insolvency Service if the Liquidation follows and Administration.
5	STATUTORY COMPLIANCE AND REPORTING Work undertaken during the Reporting Period	STATUTORY COMPLIANCE AND REPORTING Future work to be undertaken in the Liquidation
	Provided a statutory report to various stakeholders at regular intervals and managed any queries arising therefrom. Copies of these reports are required to be filed at Registrar of Companies. Dealt with post appointment VAT and tax returns as required.	Providing annual progress reports to various stakeholders during the Liquidation and managing any queries arising therefrom. Dealing with post appointment VAT and or other tax returns as required. Placing legal advertisements as required by statute which may include notices to submit claims. Dealing with the statutory requirements in order to bring the Liquidation to a close and for the office holders to obtain their release from office when appropriate. Once this document is filed with the Registrar of Companies, the Joint Administrators will take the necessary steps finalise the Administration and transfer this case to the subsequently appointed Joint Liquidators, including the filing of statutory documents and transfer of funds held on account to Liquidation bank accounts.

6	LEGAL AND LITIGATION Work undertaken during the Reporting Period	LEGAL AND LITIGATION Future work to be undertaken in the Liquidation
	The Administrators liaise with their lawyers regarding the debt collection.	No further legal advice is anticipated but will be obtained if considered appropriate in the Liquidation.
