Directors' Report

Directors' Responsibilities Statement

The directors are responsible for preparing the annual report and the financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law). Under company law the directors must not approve financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period.

In preparing these financial statements, the directors are required by law to:

- select suitable accounting policies and then apply them consistently;
- make judgements and accounting estimates that are reasonable and prudent; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the Company's transactions and disclose with reasonable accuracy at any time the financial position of the company and to enable them to ensure that the financial statements comply with the Companies Act 2006. The directors are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

Each of the persons who is a director at the date of approval of this report confirms that:

- so far as the director is aware, there is no relevant audit information of which the company's auditors are unaware; and
- the director has taken all reasonable steps that he ought to have taken to make himself aware of any relevant audit information and to establish that the auditors are aware of that information.

This information is given and should be interpreted in accordance with s.418 of the Companies Act 2006.

For the Year Ended 31 December 2014

We have audited the financial statements of Grosvenor Technopole Investment Limited for the year ended 31 December 2014 which comprise the profit and loss account, balance sheet and the related notes 1 to 11. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice).

This report is made solely to the company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company's members as a body, for our audit work, for this report, or for the opinions we have formed.

Respective Responsibilities of Directors and Auditor

As explained more fully in the Directors' Responsibilities Statement, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view. Our responsibility is to audit and express an opinion on the financial statements in accordance with applicable law and International Standards on Auditing (UK and Ireland). Those standards require us to comply with the Auditing Practices Board's Ethical Standards for Auditors.

Scope of the Audit of the Financial Statements

An audit involves obtaining evidence about the amounts and disclosures in the financial statements sufficient to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or error. This includes an assessment of whether the accounting policies are appropriate to the company's circumstances and have been consistently applied and adequately disclosed; the reasonableness of significant accounting estimates made by the directors; and the overall presentation of the financial statements. In addition, we read all the financial and non-financial information in the annual report to identify material inconsistencies with the audited financial statements and to identify any information that is apparently materially incorrect based on, or materially inconsistent with, the knowledge acquired by us in the course of performing the audit. If we become aware of any apparent material misstatements or inconsistencies we consider the implications for our report.

Opinion on Financial Statements

In our opinion the financial statements:

- give a true and fair view of the state of the company's affairs as at 31 December 2014 and of its loss for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

Emphasis of matter – Financial statements prepared on a basis other than that of a going concern

In forming our opinion on the financial statements, which is not qualified, we have considered the adequacy of the disclosure made in note 1 of the financial statements, which explains that the financial statements have been prepared on a basis other than that of a going concern.

Matters on Which we are Required to Report by Exception

- the financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of directors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit; or
- the directors were not entitled to take advantage of the small companies exemption from preparing a strategic report or in preparing the directors' report.

Notes to the Financial Statements

1. Accounting Policies

Basis of accounting

The financial statements have been prepared under the historical cost convention, modified to include the revaluation of certain fixed assets and in accordance with applicable United Kingdom law and accounting standards. The accounting policies have been applied consistently throughout the current and preceding year.

The company is a wholly owned subsidiary of Grosvenor Group Limited, its ultimate parent undertaking, which is incorporated in Great Britain and registered in England and Wales and prepares consolidated financial statements. Consequently the company is not required to prepare consolidated financial statements.

Going concern

The company sold its only investment property in 2012. As required by FRS 18 Accounting Policies, the directors have prepared the financial statements on the basis that the company is no longer a going concern. Nevertheless the company remains in a position to discharge all its outstanding liabilities. Grosvenor Limited has confirmed that it intends to continue to support the company's obligations. No adjustments arose as a result of ceasing to apply the going concern basis.

Cash flow statement

The directors have taken advantage of the exemption in FRS1 'Cash flow statements' from including a cash flow statement in the financial statements on the grounds that the company is wholly owned and is a member of a group that publishes a consolidated cash flow statement.

Turnover

The turnover shown in the profit and loss account represents rents receivable and other recoverables from tenants in the year, excluding VAT.

Taxation

All current and deferred tax charges or credits (after the application of group relief, to the extent relevant) are recognised in the company's profit and loss account.

Current UK corporation tax is recognised at amounts expected to be paid (or recovered) using the tax rates and laws that have been enacted or substantively enacted by the balance sheet date.

The company's taxation obligations are settled on its behalf by the intermediate holding company Grosvenor Limited. The benefit of this arrangement is recognised as a capital contribution from Grosvenor Limited to the company (or distribution from the company to Grosvenor Limited where a tax credit arises) with all current and deferred tax assets and liabilities recorded in the balance sheet of Grosvenor Limited.

Deferred taxation is provided in full in respect of timing differences between the recognition of income and expenditure for accounting and taxation purposes. Deferred taxation is not provided in respect of unrealised revaluation surpluses where there is no commitment to sell the asset. Deferred tax credits are recognised to the extent that it is regarded as more likely than not that the related assets will be recovered. Deferred tax assets and liabilities are not discounted. As described above, whilst the deferred tax charge or credit is recognised in the profit and loss account of the company, the related deferred tax assets and liabilities are
