**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2020**

1. STATUTORY INFORMATION

Specialist Coatings (GB) Limited is a private company, limited by shares, registered in England and Wales. The company's registered number and registered office address can be found on the Company Information page.

2. ACCOUNTING POLICIES

Basis of preparing the financial statements

These financial statements have been prepared in accordance with Financial Reporting Standard 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" including the provisions of Section 1A "Small Entities" and the Companies Act 2006. The financial statements have been prepared under the historical cost convention.

As at the balance sheet date the company had net current liabilities and net overall liabilities. The continued support of the director means that the company's ability to continue as a going concern is not called into question.

As a result they have adopted the going concern basis of accounting.

Turnover

Turnover represents net invoiced sale of goods and services, excluding value added tax. Turnover is recognised when the service has been performed.

Where payments are received from customers in advance of services provided, the amounts are recorded as Deferred Income and included as part of Creditors due within one year.

Tangible fixed assets

Depreciation is provided at the following annual rates in order to write off each asset over its estimated useful life.

Plant and machinery	- 25% on reducing balance
Fixtures and fittings	- 25% on reducing balance
Computer equipment	- 33% on cost

Stocks

Cost is determined on a first in first out basis. Net realisable value represents estimated selling price less costs to complete and sell. Provision is made for slow moving, obsolete or damaged stock where the net realisable value is less than cost.

Taxation

Taxation for the year comprises current and deferred tax. Tax is recognised in the Income Statement, except to the extent that it relates to items recognised in other comprehensive income or directly in equity.

Current or deferred taxation assets and liabilities are not discounted.

Current tax is recognised at the amount of tax payable using the tax rates and laws that have been enacted or substantively enacted by the balance sheet date.

Deferred tax

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date.

Timing differences arise from the inclusion of income and expenses in tax assessments in periods different from those in which they are recognised in financial statements. Deferred tax is measured using tax rates and laws that have been enacted or substantively enacted by the year end and that are expected to apply to the reversal of the timing difference.

Unrelieved tax losses and other deferred tax assets are recognised only to the extent that it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits.

3. EMPLOYEES AND DIRECTORS

The average number of employees during the year was 3 (2019 - 3) .
