### **Directors' Report for the Year Ended 31 December 2009**

The directors present their report and the financial statements for the year ended 31 December 2009

#### **Directors' responsibilities**

The directors are responsible for preparing the Annual Report and the financial statements in accordance with applicable law and regulations

Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law). Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period.

In preparing those financial statements, directors are required to

- select suitable accounting policies and apply them consistently,
- make judgements and estimates that are reasonable and prudent,
- state whether applicable UK accounting standards have been followed, subject to any material departures disclosed and explained in the financial statements,
- prepare the financial statements on a going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the company's transactions and disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

The directors are responsible for the maintenance and integrity of the company's website. Legislation in the United Kingdom governing the preparation and dissemination of financial statements may differ from legislation in other jurisdictions.

#### **Principal activity**

The company was dormant and has not traded during the year.

#### **Business review and future developments**

The directors are satisfied with the performance of the company and expect no change in the foreseeable future.

#### **Results and dividends**

The results for the company are set out in the financial statements.

The directors do not recommend the payment of a dividend (31 December 2008 - £nil).

#### **Insurance**

Impellam Group plc ("the group"), of which the company is a member, maintains a comprehensive insurance programme with a number of reputable third party underwriters. These insurance policies are reviewed annually to ensure that there is adequate cover for insurable risks and that the terms of those policies are optimised.

#### **Principal risks facing the business**

The principal risks and uncertainties of the group, which include those of the company, are discussed in the Group Financial Director's Report in the group's annual report which does not form part of this report. The group's business and financial risks are managed at a group level, rather than at an individual company level. For this reason, the company's directors believe that a discussion of the group's risks would not be appropriate for an understanding of the development, performance or position of the company.
