Principal risks and uncertainties

The principal risks and uncertainties of the Group, which include those of the company, are discussed in the Group Financial Director's Report in the Group's annual report which does not form part of this report. Statement of Directors' Responsibilities

The directors are responsible for preparing the Directors' Report and the financial statements in accordance with applicable law and regulations

Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law). Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period. In preparing these financial statements, the directors are required to

- select suitable accounting policies and apply them consistently,
- make judgements and accounting estimates that are reasonable and prudent,
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements, and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the company's transactions and disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

The directors are responsible for the maintenance and integrity of the company's website. Legislation in the United Kingdom governing the preparation and dissemination of financial statements may differ from legislation in other jurisdictions.

Notes to the Financial Statements for the 52 week period
ended 31 December 2010

1 Accounting policies

Basis of preparation

The financial statements have been prepared on a going concern basis under the historical cost convention and in accordance with applicable UK accounting standards and the Companies Act 2006. The principal accounting policies have been applied consistently during the year and are set out below.

Exemption from preparing a cash flow statement

The company has taken advantage of the exemption under FRS 1 (Revised 1996) not to publish a cash flow as its ultimate parent, Impellam Group Plc, a company incorporated in the United Kingdom, has prepared consolidated financial statements which are publicly available.

Significant accounting judgement

In applying the company's accounting policies the following judgement has been made that may have a significant effect on the amounts recognised in the financial statements:

Recoverability of debtors

The company determines whether debtors are impaired if events or changes in circumstances indicate that the carrying value may not be recoverable at least on an annual basis.

Financial instruments

Financial instruments are classified and accounted for, according to the substance of the contractual arrangement, as financial assets, financial liabilities or equity instruments. An equity instrument is any contract that evidences a residual interest in the assets of the company after deducting all of its liabilities. Where shares are issued, any component that creates a financial liability of the company is presented as a liability in the balance sheet. The corresponding dividends relating to the liability component are charged as interest expense in the profit and loss account.

Capital instruments

Shares are included in shareholders' funds. Other instruments are classified as liabilities if they contain an obligation to transfer economic benefits and if not they are included in shareholders' funds. The finance cost recognised in the profit and loss account in respect of capital instruments other than equity shares is allocated to periods over the term of the instrument at a constant rate on the carrying amount.

2 Particulars of employees

Other than the directors, the company had no employees throughout the year.

3 Directors' remuneration

The emoluments of the directors are paid by the ultimate parent company, or by another group company. The directors' services to this company are of a non-executive nature and are deemed to be attributable to services to the remunerating company. Accordingly, the directors received no remuneration for services to the company in the year (2009: £nil).
