NOTES TO THE ABBREVIATED ACCOUNTS FOR THE YEAR ENDED 30 NOVEMBER 2013

1 Accounting policies

1.1 Accounting convention

The financial statements are prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008).

The company is able to continue trading due to the support of its director. The director has confirmed his support for at least the next twelve months. On this basis, the director considers it appropriate to prepare the financial statements on the going concern basis. The financial statements do not include any adjustments that would result from a withdrawal of the loan.

1.2 Turnover

Turnover represents amounts receivable for goods and services net of VAT and trade discounts.

1.3 Tangible fixed assets and depreciation

Tangible fixed assets are stated at cost less depreciation. Depreciation is provided at rates calculated to write off the cost less estimated residual value of each asset over its expected useful life, as follows:

Plant and equipment	33% per annum, reducing balance basis.
Computer equipment	Over 3 years, straight line basis and 15% per annum reducing balance basis.

1.4 Revenue recognition

Fee income represents revenue earned under contracts to provide sound equipment and installation. Revenue is recognised as earned when, and to the extent that, the firm obtains the right to consideration in exchange for its performance under these contracts. It is measured at the fair value of the right to consideration, which represents amounts chargeable to clients, including expenses but excluding value added tax.

Interest received is recognised on a cash basis.
