ACCOUNTING POLICIES

BASIS OF ACCOUNTING

The financial statements have been prepared under the historical cost convention and in accordance with applicable accounting standards. The company has adopted FRS 18 'Accounting Policies' and FRS 19 'Deferred Tax' in these financial statements.

Under Financial Reporting Standard No 1 the company is exempt from the requirements to prepare a cash flow statement on the grounds of its size.

DEFERRED TAXATION

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date where transactions or events that result in an obligation to pay more tax in the future or a right to pay less tax in the future have occurred at the balance sheet date. Timing differences are differences between the company's taxable profits and its results as stated in the financial statements.

Deferred tax is measured at the average tax rates that are expected to apply in the periods in which timing differences are expected to reverse, based on tax rates and laws that have been enacted or substantially enacted by the balance sheet date. Deferred tax is measured on a non-discounted basis.

TANGIBLE FIXED ASSETS

Depreciation is provided on all tangible fixed assets at rates calculated to write each asset down to its estimated residual value evenly over its expected useful life, as follows:

Computer equipment	25% per annum straight line
Furniture and fittings	25% per annum straight line

TURNOVER

Turnover represents the invoiced value, net of value added tax, of goods and services provided to customers during the year.
