Strategic Report For the year ended 31 December 2020

Business review

The Company is a Lloyd's corporate capital member, which ceased to write insurance business as at 31 December 2002.

Result

The results of the Company for the year are set out on page 7. The result on ordinary activities after taxation for the year amounted to £nil (2019: £nil).

Dividends

The Directors do not propose to pay a dividend (2019: £nil).

Financial risk management objectives and policies

The Company is principally exposed to financial risk through its participation on Lloyd's Syndicates. It has delegated sole management and control of its underwriting through each Syndicate to the Managing Agent of that Syndicate and it looks to the Managing Agents to implement appropriate policies, procedures and internal controls to manage each Syndicate's exposures to insurance risk, credit risk, market risk, liquidity risk and operational risk. The Company is also directly exposed to these risks, but they are not considered material for the assessment of the assets, liabilities, financial position and profit or loss of the Company.

Hedge accounting is not used by the Company.

Brexit

The Directors have assessed the risk to the Company from Brexit and concluded that there is minimal risk as the Company has ceased underwriting and there is no currency exposure.

Coronavirus

In March 2020, the World Health Organisation declared Coronavirus (Covid-19) to be a global pandemic. As the Company has ceased underwriting it is considered that it will not be adversely affected by any impact on the market as a result of Covid-19.
