Dear Sirs

BIOENERGY TECHNOLOGY LIMITED- IN LIQUIDATION

I am now able to conclude the winding up of the affairs of the Company and enclose my final account and notice to creditors and members, together with a receipts and payments account for the whole of the period I was in office.

Also enclosed is a formal notice setting out the final dividend position in respect of the liquidation, although the information in that notice is summarised below.

A dividend will not be declared to unsecured creditors as the funds realised have been used to make payments to meet the expenses of the liquidation.

Creditors and members should note that provided no objections to my release are received I shall obtain my release as Liquidator following the delivery of the final notice to the Registrar of Companies, following which my case files will be placed in storage.

LIQUIDATOR'S ACTIONS SINCE APPOINTMENT

The purpose of this report is to provide a final account of the administration of the liquidation.

Since appointment I have ensured that my statutory requirements have been adhered to and other duties in relation to the management of the case have been completed.

I have also taken steps to recover the Company's assets and undertaken investigations to identify potential further asset recoveries as detailed under the relevant headings below.

There is certain work that I am required by the insolvency legislation to undertake in connection with the liquidation that provides no financial benefit for the creditors. A description of such routine work undertaken since my last progress report is contained in appendices.

RECEIPTS AND PAYMENTS ACCOUNT

My receipts and payments account for the period from 8 November 2018 to 11 September 2020 is attached.

ASSETS

Office Furniture & Equipment

The Company held various items including tables and chairs as well as various other sundry items associated with the business. The landlord confirmed that they had taken possession of the Company premises and assets including the van, which were sold to offset rent arrears.

Book Debts

According to the director's Estimated Statement of Affairs ("ESoA"), it was estimated that the Company had an outstanding sales ledger of £39,237.87. A provision of 25% had been made for bad debts, giving an estimated to realise figure of £29,428.41. Due to limited information and the age of the debts, I have been unable to recover any monies in relation to the book debts and the ledger is now closed.

Improvement to Property

According to the director's ESoA improvement to property had a book value of £17,159 as per the Company accounts dated 29 May 2015 but it was not expected to have any realisable value in the liquidation. Following my appointment the landlord confirmed that they had taken possession of the property and as such no recoveries have been achieved.

Investments

According to the director's ESoA the Company held investments which held a book value of £27,552 as per the Company's accounts dated 29 May 2015. The investment was not expected to have any realisable value in the liquidation as it related to an investment in Lignatherm Limited which was struck off the Company register in 2016; the last accounts filed showed a deficit of £24,115 and therefore it was not considered economic to incur the costs of re instating the Company as recoveries were unlikely.

Bank Charge Refund

A sum of £215.78 was received from Lloyds Bank plc in respect of a refund of bank charges incurred prior to my appointment.

LIABILITIES & DIVIDEND PROSPECTS

Secured Creditors

An examination of the Company's mortgage register held by the Registrar of Companies, showed that the Company has granted the following charges:

Lloyds TSB Bank Plc ("Lloyds TSB") holds a fixed and floating charge, registered at Companies House, over all of the Company's assets dated 10 May 2002 and are shown in the director's ESoA as being owed £36,343.71. have not received a secured claim from Lloyds TSB.

Prescribed Part

The legislation requires that if the Company has created a floating charge after 15 September 2003, a prescribed part of the Company's net property (i.e. the money that would otherwise be available to the charge holder) should be ring-fenced for distribution to unsecured creditors. In this case the floating charge was created prior to 15 September 2003 such that the prescribed part provisions do not apply.

Preferential Creditors

Preferential creditors' claims in the director's ESoA totalled £601.96 and to date I have received preferential claims to the value of £307.43.

There have been no dividends to preferential creditors as the asset realisations have been used to pay the costs and expenses of the liquidation.

Non-Preferential Unsecured Creditors

The director's ESoA included non-preferential unsecured creditors with an estimated total liability of £490,938.01, of which £14,701.35 was attributable to HM Revenue & Customs ("HMRC"). I have received unsecured claims from creditors at a total of £152,714.16, which includes a final claim of £73,201.80 from HM Revenue & Customs. I have not received claims from creditors with original estimated claims in the ESoA of £308,674.61.

DIVIDENDS

A dividend will not be declared to non-preferential unsecured creditors as the funds realised have been used to make payments to meet the expenses of the liquidation.

INVESTIGATION INTO THE AFFAIRS OF THE COMPANY

I undertook an initial investigation into the Company's affairs to establish whether there were any potential asset recoveries or conduct matters that justified further investigation, taking account of the public interest, potential recoveries, the funds likely to be available to fund an investigation, and the costs involved. Specifically, I recovered, listed and reviewed the Company's accounting records; obtained and reviewed copy bank statements for the 24 months prior to the Company ceasing to trade from the Company's bankers; and compared the information in the Company's last set of accounts with that contained in the statement of affairs lodged in the liquidation.

There were no matters that justified further investigation in the circumstances of this appointment other than the investigations in relation to the van, which have now been concluded, as noted above.

Within three months of my appointment as Liquidator, I am required to submit a confidential report to the Secretary of State to include any matters which have come to my attention during the course of my work which may indicate that the conduct of any past or present Director would make them unfit to be concerned with the management of the Company. I would confirm that my report has been submitted.

PRE-APPOINTMENT REMUNERATION

The board previously authorised the payment of a fee of £2,000, plus VAT, plus disbursements, for my assistance with preparing the statement of affairs and arranging the deemed consent procedure for creditors to appoint a liquidator on 4 October 2018.

The fee for preparing the statement of affairs and arranging the deemed consent of creditors was paid in part totalling £900 (inclusive of VAT) by Able Data Services Limited t/as ADS Accountants the balance of £1,500 (inclusive of VAT) was paid directly to Abbott Fielding by Mr A N Redman the Company director.

LIQUIDATOR'S REMUNERATION

My total time costs to 10 September 2020 amount to £13,598.00, representing 52.80 hours work at a blended charge out rate of £257.54 per hour, of which £3,991.00, representing 15.20 hours work, was charged in the period since 8 November 2019, at a blended charge out rate of £262.57 per hour.

Schedules of my time costs incurred to date and since 8 November 2019 are attached.

In the absence of sufficient asset realisations from which to draw remuneration I did not seek creditor's approval to the basis and or quantum of my remuneration. I have not been able to draw any remuneration in this matter.

Further information about creditors' rights can be obtained by visiting the creditors' information micro-site published by the Association of Business Recovery Professionals (R3) at <http://www.creditorinsolvencyguide.co.uk/>. A copy of 'A Creditors' Guide to Liquidators' fees' also published by R3 can be obtained from our website at <http://www.abbottfielding.co.uk/information-for-creditors/>. Please note that there are different versions of the guidance notes, and in this case you should refer to the 6 April 2017 updated version. Alternatively a hard copy is available on request. A copy of my firm's practice fee recovery policy is enclosed.

LIQUIDATOR'S EXPENSES

I have incurred total expenses of £753.35 since my appointment as Liquidator of which £119.29 was incurred in the period since 8 November 2019.

I have drawn £187.67 to date, all of which was drawn in the period since 8 November 2019.

I have incurred the following Category 1 Disbursements since my last progress report;

Type of expense	Amount incurred/accrued in reporting period

Total	119.29

A description of the routine work undertaken since my appointment as Liquidator

1. Administration

This represents the work involved in the routine administrative functions of the case by the office holder and their staff, together with the control and supervision of the work done on the case by the office holder and their managers. It does not give direct financial benefit to the creditors, but has to be undertaken by the office holder to meet their requirements under the insolvency legislation and the Statements of Insolvency Practice, which set out required practice that office holders must follow.

- Dealing with all routine correspondence and emails relating to the case.
- Maintaining and managing the office holder's estate bank account.
- Maintaining and managing the office holder's cashbook.
- Undertaking regular bank reconciliations of the bank account containing estate funds.
- Reviewing the adequacy of the specific penalty bond on a quarterly basis.
- Undertaking periodic reviews of the progress of the case.
- Overseeing and controlling the work done on the case by case administrators.
- Preparing, reviewing and issuing an annual progress report to creditors and members.
- Filing returns at Companies House.
- Preparing and filing Corporation Tax returns.
- Seeking closure clearance from HMRC and other relevant parties.
- Preparing, reviewing and issuing a final account of the liquidation to creditors and members.
- Filing a final return at Companies House.

2. Creditors

Employees - The office holder needs to deal with the ex-employees in order to ensure that their claims are processed appropriately by the Redundancy Payments Office (RPO). The office holder is required to undertake this work as part of their statutory functions.)

Claims of creditors - the office holder needs to maintain up to date records of the names and addresses of creditors, together with the amounts of their claims as part of the management of the case, and to ensure that notices and reports can be issued to the creditors. The office holder also needs to deal with correspondence and queries received from creditors regarding their claims and dividend prospects as they are received. The office holder is required to undertake this work as part of his statutory functions.

- Maintaining up to date creditor information on the case management system.

PRACTICE FEE RECOVERY POLICY FOR ABBOTT FIELDING LIMITED

Introduction

The insolvency legislation was changed in October 2015, with one or two exceptions, for insolvency appointments made from that time. This sheet explains how we intend to apply the alternative fee bases allowed by the legislation when acting as office holder in insolvency appointments. The legislation allows different fee bases to be used for different tasks within the same appointment. The fee basis, or combination of bases, set for a particular appointment is/are subject to approval, generally by a committee if one is appointed by the creditors, failing which the creditors in general meeting, or the Court.

Further information about creditors' rights can be obtained by visiting the creditors' information micro-site published by the Association of Business Recovery Professionals (R3) at <http://www.creditorinsolvencyguide.co.uk/>. Details about how an office holder's fees may be approved for each case type are available in a series of guides issued with Statement of Insolvency Practice 9 (SIP 9) and can be accessed at <http://www.abbottfielding.co.uk/information-for-creditors/>. Alternatively a hard copy is available on request. Please note that we have provided further details in this policy document.

Once the basis of the office holder's remuneration has been approved, a periodic report will be provided to any committee and also to each creditor. The report will provide a breakdown of the remuneration drawn. If approval has been obtained for remuneration on a time costs basis, i.e. by reference to time properly spent by members of staff of the practice at our standard charge out rates, the time incurred will also be disclosed, whether drawn or not, together with the average, or "blended" rates of such costs. Under the legislation, any such report must disclose how creditors can seek further information and challenge the basis on which the fees are calculated and the level of fees drawn in the period of the report. Once the time to challenge the office holder's remuneration for the period reported on has elapsed, then that remuneration cannot subsequently be challenged.

Under some old legislation, which still applies for insolvency appointments commenced before 6 April 2010, there is no equivalent mechanism for fees to be challenged.

Time cost basis

When charging fees on a time costs basis we use charge out rates appropriate to the skills and experience of a member of staff and the work that they perform. This is combined with the amount of time that they work on each case, recorded in 6 minute units with supporting narrative to explain the work undertaken.

Chargeout Rates

Grade of staff	Current charge-out rate per hour, effective from 1 February 2020 £	Previous charge-out rate per hour, effective from 1 February 2019 £
Partner – appointment taker	385-550	375-540
Managers	310-400	300-390
Administrators	210-290	200-290
Support Staff	210-280	200-240

These charge-out rates charged are reviewed on an annual basis and are adjusted to take account of inflation and the firm's overheads.

Time spent on casework is recorded directly to the relevant case using a computerised time recording system and the nature of the work undertaken is recorded at that time. The work is generally recorded under the following categories:

- Administration and Planning.
- Investigations.
- Realisation of Assets.
- Creditors.
- Trading
- Case specific matters.

In cases where we were appointed prior to 1 October 2015, most of our fees were recovered on a time costs basis and appropriate authority was obtained from the creditors or the committee as set down in the legislation. The legislation changed on 1 October 2015 and on new appointments although we will generally continue to seek fees on a time cost basis in some circumstances we may seek time costs for the following categories:

- Investigations

When we seek time costs approval we have to set out a fees estimate. That estimate acts as a cap on our time costs so that we cannot draw fees of more than the estimated time costs without further approval from those who approved our fees. When seeking approval for our fees, we will disclose the work that we intend to undertake, the hourly rates we intend to charge for each part of the work, and the time that we think each part of the work will take. We will summarise that information in an average or "blended" rate for all of the work being carried out within the estimate. We will also say whether we anticipate needing to seek approval to exceed the estimate and, if so, the reasons that we think that may be necessary.

The disclosure that we make should include sufficient information about the insolvency appointment to enable you to understand how the proposed fee reflects the complexity (or otherwise) of the case, any responsibility of an exceptional kind falling on the office holder, the effectiveness with which the office holder has carried out their functions, and the value and nature of the property with which the office holder has to deal.

If we subsequently need to seek authority to draw fees in excess of the estimate, we will say why we have exceeded, or are likely to exceed the estimate; any additional work undertaken, or proposed to be undertaken; the hourly rates proposed for each part of the work; and the time that the additional work is expected to take. As with the original estimate, we will say whether we anticipate needing further approval and, if so, why we think it may be necessary to seek further approval.

Percentage basis

The legislation allows fees to be charged on a percentage of the value of the property with which the office holder has to deal (realisations and/or distributions). Different percentages can be used for different assets or types of assets. In cases where we were appointed prior to 1 October 2015, most of our fees were recovered on a time costs basis and appropriate authority was obtained from the creditors or the committee as set down in the legislation. The legislation changed on 1 October 2015 and we now seek remuneration on a percentage basis more often. A report accompanying any fee request will set out the potential assets in the case, the remuneration percentage proposed for any realisations and the work covered by that remuneration, as well as the expenses that will be, or are likely to be, incurred. Expenses can be incurred without approval, but must be disclosed to help put the remuneration request into context.

The percentage approved in respect of realisations will be charged against the assets realised, and where approval is obtained on a mixture of bases, any fixed fee and time costs will then be charged against the funds remaining in the liquidation after the realisation percentage has been deducted.

The disclosure that we make should include sufficient information about the insolvency appointment to enable you to understand how the proposed fee reflects the complexity (or otherwise) of the case, any responsibility of an exceptional kind falling on the office holder, the effectiveness with which the office holder has carried out their functions, and the value and nature of the property with which the office holder has to deal.

If the basis of remuneration has been approved on a percentage basis then an increase in the amount of the percentage applied can only be approved by the committee or creditors (depending upon who approved the basis of remuneration) in cases where there has been a material and substantial change in the circumstances that were taken into account when fixing the original level of the percentage applied. If there has not been a material and substantial change in the circumstances then an increase can only be approved by the Court.

Fixed fee

The legislation allows fees to be charged at a set amount. Different set amounts can be used for different tasks. In cases where we were appointed prior to 1 October 2015, most of our fees were recovered on a time costs basis and appropriate authority was obtained from the creditors or the committee as set down in the legislation. The legislation changed on 1 October 2015 and we now seek remuneration on a fixed fee basis more often. A report accompanying any fee request will set out the set fee that we proposed to charge and the work covered by that remuneration, as well as the expenses that will be, or are likely to be, incurred. Expenses can be incurred without approval, but must be disclosed to help put the remuneration request into context.

The disclosure that we make should include sufficient information about the insolvency appointment to enable you to understand how the proposed fee reflects the complexity (or otherwise) of the case, any responsibility of an exceptional kind falling on the office holder, the effectiveness with which the office holder has carried out their functions, and the value and nature of the property with which the office holder has to deal.

If the basis of remuneration has been approved on a fixed fee basis then an increase in the amount of the fixed fee can only be approved by the committee or creditors (depending upon who approved the basis of remuneration) in cases where there has been a material and substantial change in the circumstances that were taken into account when fixing the original level of the fixed fee. If there has not been a material and substantial change in the circumstances then an increase can only be approved by the Court.

Members' voluntary liquidations and Voluntary Arrangements

The legislation changes that took effect from 1 October 2015 did not apply to members' voluntary liquidations (MVL), Company Voluntary Arrangements (CVA) or Individual Voluntary Arrangements (IVA). In MVLs, the company's members set the fee basis, often as a fixed fee. In CVAs and IVAs, the fee basis is set out in the proposals and creditors approve the fee basis when they approve the arrangement.

All bases

With the exception of Individual Voluntary Arrangements and Company Voluntary Arrangements which are VAT exempt, the officeholder's remuneration invoiced to the insolvent estate will be subject to VAT at the prevailing rate.

Agent's Costs

Charged at cost based upon the charge made by the Agent instructed, the term Agent includes:

- Solicitors/Legal Advisors
- Auctioneers/Valuers
- Accountants
- Quantity Surveyors
- Estate Agents
- Other Specialist Advisors

In new appointments made after 1 October 2015, the office holder will provide details of expenses to be incurred, or likely to be incurred, when seeking fee approval. When reporting to the committee and creditors during the course of the insolvency appointment the actual expenses incurred will be compared with the original estimate provided.

Disbursements

In accordance with SIP 9 the basis of disbursement allocation in respect of disbursements incurred by the Office Holder in connection with the administration of the estate must be fully disclosed to creditors. Disbursements are categorised as either Category 1 or Category 2.

Category 1 expenses are directly referable to an invoice from a third party, which is either in the name of the estate or Abbott Fielding Limited; in the case of the latter, the invoice makes reference to, and therefore can be directly attributed to, the estate. These disbursements are recoverable in full from the estate without the prior approval of creditors either by a direct payment from the estate or, where the firm has made payment on behalf of the estate, by a recharge of the amount invoiced by the third party. Examples of category 1 disbursements are statutory advertising, external meeting room hire, external storage, specific bond insurance and Company search fees.

Category 2 expenses are incurred by the firm and recharged to the estate; they are not attributed to the estate by a third party invoice and/or they may include a profit element. These disbursements are recoverable in full from the estate, subject to the basis of the disbursement charge being approved by creditors in advance. Examples of category 2 disbursements are photocopying, internal room hire, internal storage and mileage.

It is proposed that the following Category 2 disbursements are recovered:

Mileage	50p per mile
Photocopying	10p per sheet
