Statement of directors' responsibilities in respect of the Directors' Report and the financial statements

The directors are responsible for preparing the Directors' Report and the financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law they have elected to prepare the financial statements in accordance with UK Accounting Standards.

The financial statements are required by law to give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period.

In preparing these financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgments and estimates that are reasonable and prudent;
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for keeping proper accounting records that disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that its financial statements comply with the Companies Act 1985. They have general responsibility for taking such steps as are reasonably open to them to safeguard the assets of the company and to prevent and detect fraud and other irregularities.

Independent auditors' report to the members of PAIG German Holdings Limited

We have audited the financial statements of PAIG German Holdings Limited for the year ended 31 December 2008 which comprise the Profit and Loss Account, the Balance Sheet and the related notes. These financial statements have been prepared under the accounting policies set out therein.

This report is made solely to the company's members, as a body, in accordance with Section 235 of the Companies Act 1985. Our audit work has been undertaken so that we might state to the company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company's members as a body, for our audit work, for this report, or for the opinions we have formed.

Respective responsibilities of directors and auditors

As described in the Statement of Directors' Responsibilities on page 2, the company's directors are responsible for the preparation of the financial statements in accordance with applicable law and UK Accounting Standards (UK Generally Accepted Accounting Practice).

Our responsibility is to audit the financial statements in accordance with relevant legal and regulatory requirements and International Standards on Auditing (UK and Ireland).

We report to you our opinion as to whether the financial statements give a true and fair view and are properly prepared in accordance with the Companies Act 1985. We also report to you if, in our opinion, the Directors' Report is not consistent with the financial statements, if the company has not kept proper accounting records, if we have not received all the information and explanations we require for our audit, or if information specified by law regarding directors' remuneration and other transactions is not disclosed.

We read the Directors' Report and consider the implications for our report if we become aware of any apparent misstatements within it.

Basis of audit opinion

We conducted our audit in accordance with International Standards on Auditing (UK and Ireland) issued by the Auditing Practices Board. An audit includes examination, on a test basis, of evidence relevant to the amounts and disclosures in the financial statements. It also includes an assessment of the significant estimates and judgments made by the directors in the preparation of the financial statements, and of whether the accounting policies are appropriate to the company's circumstances, consistently applied and adequately disclosed.

We planned and performed our audit so as to obtain all the information and explanations which we considered necessary in order to provide us with sufficient evidence to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or other irregularity or error. In forming our opinion we also evaluated the overall adequacy of the presentation of information in the financial statements.

Opinion

In our opinion the financial statements:

- give a true and fair view, in accordance with UK Generally Accepted Accounting Practice, of the state of the company's affairs as at 31 December 2008 and of its loss for the year then ended;
- have been properly prepared in accordance with the Companies Act 1985; and
- the information given in the Directors' Report is consistent with the financial statements.

Notes

(forming part of the financial statements)

1 Accounting policies

The following accounting policies have been applied consistently in dealing with items which are considered material in relation to the company's financial statements:

Basis of accounting

The financial statements are prepared in accordance with the historical cost convention and applicable accounting standards.

The company is exempt by virtue of Section 228 of the Companies Act 1985 from the requirement to prepare group financial statements. These financial statements present information about the company as an individual undertaking and not about its group.

Taxation

Deferred taxation is recognised, without discounting, in respect of all timing differences between the treatment of certain items for taxation and accounting purposes which have arisen but not reversed by the balance sheet date, except as otherwise required by FRS 19.

Cash flow statement

The company is exempt under Financial Reporting Standard 1(revised) from the requirement to present a cash flow statement on the grounds that a parent undertaking includes the company in its own published consolidated financial statements.

Related party transactions

As permitted by paragraph 3(c) FRS8 (Related Party Disclosures), the company has taken advantage of the exemption for 90% subsidiaries not to disclose related party transactions with group entities. There were no other related party transactions disclosable under FRS8.

Going concern

The financial statements have been prepared on a going concern basis. The financial statements show net current liabilities of £12,942,716. However, the directors believe that the company will continue to trade for the foreseeable future and have concluded that the going concern basis of preparation is appropriate. They have received an undertaking from Seton House Group Limited that they will provide such financial support as is necessary to enable the company to continue trading for at least one year from the date of signing these financial statements.

Fixed asset investments

Investments in subsidiary undertakings are stated at cost less provision for impairment where necessary to reduce book value to recoverable amount.

2 Loss on ordinary activities before taxation

Auditors' remuneration is borne by another group company.

3 Directors' emoluments

No director received remuneration for services to the company during the year.

5 Taxation

Analysis of credit in period

	2008 £	2007 £
UK corporation tax		
Current tax for the period	(349,502)	-

Factors affecting the tax credit for the current period

The current tax credit for the period is at (2007: lower than) the composite standard rate of corporation tax in the UK of 28.5% (2007: 30%). The differences are explained below:

	2007 £	2007 £
<i>Current tax reconciliation</i>		
Loss on ordinary activities before tax	(1,226,324)	(1,117,074)
Current tax at 28.5% (2007: 30%)	(349,502)	(335,122)
<i>Effects of:</i>		
Unprovided timing difference	-	335,122
Total current tax credit (see above)	(349,502)	-

Factors that may affect future current and total tax charges

The corporation tax rate applicable to the UK companies within the group changed from 30% to 28% on 1 April 2008.

A deferred tax asset has not been recognised in respect of timing differences relating to the decrease in value of the company's fixed asset investment as there is insufficient evidence that the asset will be recovered. The asset would be recovered if the company disposed of its investment and was able to offset any resulting capital loss against a qualifying capital gain.
