The company is entitled to exemption from audit under Section 477 of the Companies Act 2006 for the period ended 31 August 2019.

The members have not required the company to obtain an audit of its financial statements for the period ended 31 August 2019 in accordance with Section 476 of the Companies Act 2006.

The directors acknowledge their responsibilities for:

- (a) ensuring that the company keeps accounting records which comply with Sections 386 and 387 of the Companies Act 2006 and preparing financial statements which give a true and fair view of the state of affairs of the company as at the end of each financial year and of its profit or loss for each financial year in accordance with the requirements of Sections 394 and 395 and which otherwise comply with the requirements of the Companies Act 2006 relating to financial statements, so far as applicable to the company.
- (b)

The financial statements have been prepared and delivered in accordance with the provisions applicable to companies subject to the small companies regime.

All the members have consented to the preparation of an abridged Statement of Income and Retained Earnings and an abridged Statement of Financial Position for the period ended 31 August 2019 in accordance with Section 444(2A) of the Companies Act 2006.

In accordance with Section 444 of the Companies Act 2006, the Statement of Income and Retained Earnings has not been delivered.

The financial statements were approved by the Board of Directors on 18 November 2019 and were signed on its behalf by:

T R Hollingsworth - Director

**Notes to the Financial Statements  
For The Period 1 December 2018 to 31 August 2019**

---

**1. STATUTORY INFORMATION**

Microscopix Limited is a private company, limited by shares, registered in England and Wales. The company's registered number and registered office address can be found on the Company Information page.

The presentation currency of the financial statements is the Pound Sterling (£).

**2. STATEMENT OF COMPLIANCE**

These financial statements have been prepared in accordance with Financial Reporting Standard 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" including the provisions of Section 1A "Small Entities" and the Companies Act 2006.

**3. ACCOUNTING POLICIES**

**Basis of preparing the financial statements**

The financial statements have been prepared under the historical cost convention.

The company shortened their reporting period to 31st August 2019 as change of ownership. Due to this, the comparative amounts presented in the financial statements are not entirely comparable.

**Revenue**

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the company and the revenue can be reliably measured. Revenue is measured at the fair value of the consideration received or receivable and represents amounts receivable for goods sold and services rendered stated net of discounts, other sales taxes and value added tax.

**Tangible fixed assets**

Depreciation is provided at the following annual rates in order to write off each asset over its estimated useful life.

Fixtures and fittings - 10% on reducing balance

The carrying values of tangible fixed assets are reviewed for impairment when events or changes in circumstances indicate that the carrying value may not be recoverable.

The gain or loss arising on the disposal of an asset is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in the profit and loss account and included in the other operating income.

**Inventories**

Inventories are valued at the lower of cost and net realisable value. Cost is determined on a first in first out basis. Net realisable value represents estimated selling price less costs to complete and sell. Provision is made for slow moving, obsolete or damaged stock where the net realisable value is less than cost.

3. **ACCOUNTING POLICIES - continued**

**Financial instruments**

The company only enters into basic financial instruments transactions that result in the recognition of financial assets and liabilities like trade and other accounts and payable, loans from banks and other third parties, loans to related parties and investments in non-puttable ordinary shares.

Financial assets that are measured at cost and amortised cost are assessed at the end of each reporting period for objective evidence of impairment. If objective evidence of impairment is found, an impairment loss is recognised in profit and loss.

**Impairment of non-financial assets**

At each reporting date non-financial assets not carried at fair value, like plant, property and equipment are reviewed to determine whether there is an indication that an asset may be impaired. If there is an indication of possible impairment, the recoverable amount of any asset or group of related assets, which is the higher of value in use and the fair value less cost to sell, is estimated and compared with its carrying amount. If the recoverable amount is lower, the carrying amount of the asset is reduced to its recoverable amount and an impairment loss is recognised immediately in profit or loss.

Inventories are also assessed for impairment at each reporting date. The carrying amount of each item of inventory, or group of similar items, is compared with its selling price less costs to complete and sell. If an item of inventory or group of similar items is impaired, its carrying amount is reduced to selling price less costs to complete and sell, and an impairment loss is recognised immediately in profit or loss.

**Taxation**

Taxation for the period comprises current and deferred tax. Tax is recognised in the Statement of Income and Retained Earnings, except to the extent that it relates to items recognised in other comprehensive income or directly in equity.

Current or deferred taxation assets and liabilities are not discounted.

Current tax is recognised at the amount of tax payable using the tax rates and laws that have been enacted or substantively enacted by the statement of financial position date.

**Deferred tax**

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the statement of financial position date.

Timing differences arise from the inclusion of income and expenses in tax assessments in periods different from those in which they are recognised in financial statements. Deferred tax is measured using tax rates and laws that have been enacted or substantively enacted by the period end and that are expected to apply to the reversal of the timing difference.

Unrelieved tax losses and other deferred tax assets are recognised only to the extent that it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits.

**Foreign currencies**

Assets and liabilities in foreign currencies are translated into sterling at the rates of exchange ruling at the statement of financial position date. Transactions in foreign currencies are translated into sterling at the rate of exchange ruling at the date of transaction. Exchange differences are taken into account in arriving at the operating result.

**Pension costs and other post-retirement benefits**

The company operates a defined contribution pension scheme. Contributions payable to the company's pension scheme are charged to profit or loss in the period to which they relate.

**Notes to the Financial Statements - continued**  
**For The Period 1 December 2018 to 31 August 2019**

**3. ACCOUNTING POLICIES - continued****Debtors**

Short term debtors are measured at transaction price, less any impairment. Loans receivable are measured initially at fair value, net of transaction costs, and are measured subsequently at amortised cost using the effective interest method, less any impairment.

**Creditors**

Short term trade creditors are measured at the transaction price. Other financial liabilities, including bank loans, are measured initially at fair value, net of transaction costs, and are measured subsequently at amortised cost using the effective interest method.

**Employee benefits**

The costs of short-term employee benefits are recognised as a liability and an expense in the period in which they are incurred.

The cost of any unused holiday entitlement is recognised in the period in which the employee's services are received.

Termination benefits are recognised immediately as an expense when the company is demonstrably committed to terminate the employment of an employee or to provide termination benefits.

**4. EMPLOYEES AND DIRECTORS**

The average number of employees during the period was 9 (2018 - 10) .
