NOTES TO THE FINANCIAL STATEMENTS
for the Period 1 May 2022 to 29 April 2023

1. STATUTORY INFORMATION

Paul Sculthorpe Rights Limited is a private company, limited by shares, registered in England and Wales. The company's registered number and registered office address can be found on the Company Information page.

2. ACCOUNTING POLICIES

Basis of preparing the financial statements

These financial statements have been prepared in accordance with the provisions of Section 1A "Small Entities" of Financial Reporting Standard 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" and the Companies Act 2006. The financial statements have been prepared under the historical cost convention.

The disclosure requirements of section 1A of FRS 102 have been applied other than where additional disclosure is required to show a true and fair view.

The principle accounting policies adopted in the preparation of the financial statements are set out below.

Turnover

Turnover represents the net invoice value of services supplied, excluding value added tax.

Turnover is recognised once the service has been provided and an invoice has been raised.

Tangible fixed assets

Tangible fixed assets are stated cost less depreciation.

Depreciation is provided at the following annual rates in order to write off the costs less estimated residual value of each asset over its estimated useful life.

Plant and machinery etc. - 15% on reducing balance and 33% straight line.

Financial instruments

The directors have elected to apply the provisions of FRS 102 section 11 "Basic financial instruments" to all its financial instruments.

The following assets and liabilities are classified as financial instruments; trade debtors, Directors' loan accounts and accruals.

Financial instruments that are payable or receivable within one year, typically trade debtors, Directors' loan account and accruals and are measured initially and subsequently at the undiscounted amount of the cash or other consideration that is expected to be paid or received.

In the event that financial instruments are repayable in more than one year they would be initially measured at present value of the future payments and subsequently at amortised cost using the effective interest method unless the effect of discounting would be immaterial.

Taxation

Taxation for the period comprises current and deferred tax. Tax is recognised in the Income Statement, except to the extent that it relates to items recognised in other comprehensive income or directly in equity.

Current tax is recognised at the amount of tax payable using the tax rates and laws that have been enacted or substantively enacted by the statement of financial position date.

2. ACCOUNTING POLICIES - continued

Deferred tax

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the statement of financial position date.

Timing differences arise from the inclusion of income and expenses in tax assessments in periods different from those in which they are recognised in financial statements. Deferred tax is measured using tax rates and laws that have been enacted or substantively enacted by the period end and that are expected to apply to the reversal of the timing difference.

Unrelieved tax losses and other deferred tax assets are recognised only to the extent that it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits.
