MACLAREN EUROPE LIMITED is a private company, limited by shares, registered in England and Wales. The company's registered number and registered office address can be found on the Company Information page.

2. **ACCOUNTING POLICIES**

**Basis of preparing the financial statements**

These financial statements have been prepared in accordance with Financial Reporting Standard 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" including the provisions of Section 1A "Small Entities" and the Companies Act 2006. The financial statements have been prepared under the historical cost convention.

**Investments in subsidiaries**

Investments in subsidiary undertakings are recognised at cost.

**Taxation**

Taxation for the year comprises current and deferred tax. Tax is recognised in the Income Statement, except to the extent that it relates to items recognised in other comprehensive income or directly in equity.

Current or deferred taxation assets and liabilities are not discounted.

Current tax is recognised at the amount of tax payable using the tax rates and laws that have been enacted or substantively enacted by the balance sheet date.

**Deferred tax**

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date.

Timing differences arise from the inclusion of income and expenses in tax assessments in periods different from those in which they are recognised in financial statements. Deferred tax is measured using tax rates and laws that have been enacted or substantively enacted by the year end and that are expected to apply to the reversal of the timing difference.

Unrelieved tax losses and other deferred tax assets are recognised only to the extent that it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits.

7. **GOING CONCERN**

The financial statements have been prepared on a going concern basis, which assumes that the company will continue to trade for the foreseeable future.

The director has considered the working capital needs of the business for the twelve month period from approval of these financial statements and has concluded that with the on-going support of its shareholders, the company will be able to meet its liabilities as they fall due. The director has factored this key assumption into his review of funding needs and forecasts for the forthcoming period. On this basis, the director considers that the company will continue in operational existence for the foreseeable future and accordingly the director considers it appropriate to prepare financial statements on the going concern basis. The financial statements do not include any adjustments that might arise if the going concern basis is not appropriate.
