1 INTRODUCTION

11 Introduction

This report has been prepared in accordance with Rules 2 112(1) and 2 47 of the Rules to

- to accompany a request to Court for a twelve month extension to the Administration to 25 October 2013, and
- provide creditors with an update on the progress of the Administration of the Company for the period since our last report to creditors, dated 30 March 2012

Given the information previously provided to creditors in the Administrators' proposals and our last progress report, we have not included detailed background information in respect of the Company and have focused on the progress of the Administration for the period since 30 March 2012

The Administrators' proposals were approved at the meeting of creditors on 5 July 2011 and are set out section 2.1 below

A schedule of statutory information in respect of the Company is attached at Appendix 1

1.2 Details of the appointment of the Administrators

Lee Antony Manning and Nicholas Guy Edwards of Deloitte were appointed Joint Administrators of the Company by the Directors of BMT Manne & Offshore Surveys Limited on 26 April 2011, following the filing of a Notice of Appointment of Administrators by the Directors

The Court having conduct of the proceedings is The High Court of Justice, Chancery Division Companies Court (case number 3233 of 2011)

For the purposes of Paragraph 100(2) of Schedule B1 of the Act, the Administrators confirm that they are authorised to carry out all functions, duties and powers by either of them jointly and severally

1.3 Electronic communication with creditors

In an effort to reduce the costs of the Administration, all communications with creditors, including updates and progress reports, have been posted onto a website, which has been set up specifically for this purpose. The web address is www.deloitte.co.uk/bmtmosl

A letter will be issued to all creditors each time the website is updated with a statutory notice or report. All creditors' statutory notices will be retained on the website for at least 3 months after being uploaded to the site.

2 ADMINISTRATORS' PROPOSALS

2.1 Introduction

As previously reported to creditors, the Administrators concluded that the first part of the objectives as set out in Paragraph 3(1)(a) of Schedule B1 of the Act, namely the rescue of the Company as a going concern, was not achievable. This conclusion was reached owing to the significant contingent liabilities and unsecured creditor liabilities faced by the Company in addition to insufficient value being placed on the Company's assets by third parties in order to adequately effect restructuring of the Company's debt

Consequently, it was held that the purpose of the Administration was in line with the objective set out in Paragraph 3(1)(b) of Schedule B1 of the Act, namely to achieve a better result for creditors than would have been obtained through an immediate liquidation of the Company

The Administrators' proposals in order to achieve this objective, which were approved at the meeting of creditors on 5 July 2011, are as follows

- 1 the Administrators continue to manage the affairs and any remaining assets of the Company and settle all Administration expenses,
- 2 the Administrators continue with their enquiries into the conduct of the Directors of the Company and continue to assist any regulatory authorities with their investigation into the affairs of the Company,
- the Administrators be authorised to agree the claims of the preferential and unsecured creditors of the Company unless the Administrators conclude, in their reasonable opinion, that the Company will have no assets available for distribution,
- 4 the Administrators be authorised to distribute funds to preferential creditors as and when claims are agreed and funds permit and, in relation to distributions to unsecured creditors, if the Court gives permission following an appropriate application,
- that, in the event the creditors of the Company so determine, at meetings of creditors, a Creditors Committee be appointed in respect of the Company comprising of not more than five and not less than three creditors of the Company,
- that, in respect of the Company, the Creditors' Committee, if one is appointed, be asked to agree that the basis of the Administrators' remuneration be fixed by reference to the time properly given by the Administrators' and their staff in attending to matters arising in the Administration, calculated at the prevailing standard hourly charge out rates used by Deloitte at the time when the work is performed, plus VAT, and asked to agree the Administrators' expenses,
- 7 that, if a Creditors' Committee is not appointed at a meeting of creditors, the creditors be asked to agree that the basis of the Administrators remuneration be fixed by reference to the time properly given by the Administrators' and their staff in attending to matters arising in the Administration, calculated at the prevailing standard hourly charge out rates used by Deloitte at the time when the work is performed, plus VAT, and asked to agree the Administrators' expenses,
- that, if a Creditors' Committee is not appointed at a meeting of creditors, the creditors shall fix the Administrators' disbursements for mileage to be fixed by reference to mileage properly incurred by the Administrators and their staff in attending to matters arising during the Administration, calculated at the prevailing standard mileage rate used by Deloitte at the time when mileage is incurred (presently up to 45p per mile), plus VAT where applicable.

- 9 that, if a Creditors' Committee is not appointed, the Administrators' Pre Administration Costs as detailed in Section 5 of the Administrators' Proposals be approved. And that the Administrators be authorised to draw their Costs, plus VAT, from the Administration estate.
- 10 that, following the realisation of assets and resolution of all matters in the Administration, and as quickly and efficiently as is reasonably practicable, the Administrators implement the most cost effective steps to formally conclude the Administration. This may include the distribution of funds to unsecured creditors (provided Court permission is obtained) and then the dissolution of the Company or alternatively, seeking to put the Company into Creditors' Voluntary Liquidation ("CVL") or Compulsory Liquidation, depending on which option will result in a better realisation for creditors,
- 11 that, if the Company were to be placed into CVL, the Administrators propose to be appointed Liquidators and any Creditors' Committee appointed will become the Liquidation Committee pursuant to Rule 4 174 of the Rules and that the basis of the Liquidators' remuneration be fixed by reference to the time given in attending to matters arising in the Liquidations As per Paragraph 83(7) of Schedule B1 of the Act and Rule 2 117A(2)(b) of the Rules, the creditors may nominate a different person to be Liquidator(s) provided the nomination is made before the proposals are approved by creditors For the purposes of Section 231 of the Act the Liquidators will each be authorised to carry out all functions, duties and powers either jointly or severally, and
- 12 in the absence of Creditors' Committee, the creditors of the Company agree that the Administrators be discharged from liability per Paragraphs 98 and 99 of Schedule B1 of the Act immediately upon the Administrators' filing their final report to creditors and vacating office

22 Progress on and achievement of the approved proposals

We have summarised below the progress and current status in respect of each of the approved proposals

Proposal	Current status
1	As previously reported, the business and assets of the Company were purchased by Braemar on 7 May 2011
	Where necessary the Administrators have provided assistance to Braemar in order to effect the smooth transition of the business. This has included collecting some debtor balances owed to Braemar.
	The Administrators have also sought to deal with the subsidiaries owned by the Company at the date of appointment, as follows
	The Abu Dhabi Subsidiary has been sold to Braemar for a nominal amount,
	II The Administrators are in the process of agreeing a sale of the Company's 50% share of Market Collections to BMT Nominees Limited, the other shareholder of Market Collections, and
	III No strategy has yet been determined in respect of the US Subsidiary
2	The Administrators have completed an investigation into the conduct of the Company's directors and a confidential report has been submitted to the Insolvency Service

3, 4	The Administrators have agreed one preferential creditor claim, which has been settled in full. No further preferential claims are expected
	Unsecured claims of a significant value have been received, but as yet no work has been undertaken to venify these claims
	Since commencement of the Administration a judgement was made against the Company in favour of the Cala Palma Creditors. The Administrators are providing assistance to the Cala Palma Creditors in submitting a claim to the Company's insurers.
	Should the claim against the insurers be successful then this will lead to a significantly enhanced outcome to other unsecured creditors
	The Administrators are also aware of two other actions being brought by third parties against the Company for matters relating to pre-Administrations actions by the Company
	One of these matters is relatively advanced, although the action has currently been stayed by the Court. The other matter has only arisen recently and we are still awaiting details of the initial hearing. However, both these matters could potentially impact upon the outcome to creditors and the length of time that the Administration will remain open.
	The Company also had a number of pension funds, and work has been undertaken to establish the liability, if any, in respect of each of these funds. A claim has been submitted in respect of one of the pension funds, and further claims in respect of the other funds are anticipated.
	It is likely that further unsecured creditor claims will be received. The Administrators intend to undertake work to agree these claims and will pay a distribution to unsecured creditors once the Company has been placed into Creditors' Voluntary Liquidation.
5, 6	No committee was appointed at the meeting of creditors
7, 8, 9	At the meeting of creditors the basis of the Administrators' remuneration was fixed by reference to the time properly given in attending to matters arising in the Administration
	Creditors also agreed that disbursements for mileage incurred be calculated at the prevailing standard mileage rate
	The Administrators' pre-Administration costs were also approved at the meeting of creditors
10, 11	The Administrators intend to exit the Administration by placing the Company into Creditors' Voluntary Liquidation, which is anticipated once the insurance claim has been resolved
12	The Administrators obtained their discharge from liability following the closure of the Administration at the meeting of creditors on 5 July 2011

Further information in respect of the realisation of assets and status of liabilities is contained in the following sections of this report

ADMINISTRATORS' RECEIPTS AND PAYMENTS ACCOUNT 3

3 1 Introduction

Attached at Appendix 2 is a Receipts and Payments account covering the period from 31 March 2012 to 23 August 2012, and the whole period of the Administration to 23 August 2012, in accordance with SIP7 (E&W)

In this section, we have summansed the main asset realisations since our last report to creditors dated 30 March 2012

3 2 Asset realisations

There were no asset realisations during the period, save for bank interest received on funds held

3rd Party Funds 33

Since the sale of the business to Braemar, the Administrators have received a number of book debt receipts which were purchased by Braemar under the terms of the SPA These funds are transferred to Braemar on an ad hoc basis, and during the period of this report the Administrators passed over funds of £30,410 to Braemar The Administrators are currently holding no third party funds

3 4 Estimated future realisations

The Administrators do not anticipate that there will be any significant future realisations However, it is anticipated that creditors will benefit materially, in terms of an enhanced dividend, if the insurance claim in relation to the Cala Palma Creditors' claim is successful The insurer has been notified of the claim and it is currently being progressed

DISTRIBUTIONS TO CREDITORS 4

41 Secured creditors

We are not aware of any secured creditors

42 Preferential creditors

To date we have received one preferential creditor claim of £3,207 from a former employee, which has been paid in full. We do not anticipate any further preferential claims

43 **Unsecured creditors**

To date we have received claims from unsecured creditors with a value in excess of £60m and we anticipate this amount may grow in the coming months

The Administrators anticipate that there will be a dividend available for unsecured creditors, but this will not be paid until the insurance claim has been resolved, any other court actions have been resolved and the Company has moved from Administration to Liquidation At present it is not possible to estimate either the quantum or timing of the distribution to unsecured creditors

44 Claims process

Due to the possible distribution to unsecured creditors you are requested to submit claims to the address on the front of this report, marked for the attention of Nichola Burns

A Proof of Debt form is attached at Appendix 4

5 OTHER MATTERS AND INFORMATION TO ASSIST CREDITORS

5.1 Extensions to the initial appointment period

The extension is being sought to enable the Administrators to progress an insurance claim in respect of the Cala Palma Creditors' claims that were received following a judgement made against the Company The Administrators' believe that extending the Administration will maximise the chance of a successful claim against the insurer
