**Turnover**

The turnover shown in the profit and loss account represents amounts receivable during the period, exclusive of Value Added Tax

**Pension costs**

**Deferred taxation**

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date, where transactions or events that result in an obligation to pay more or a right to pay less or receive more tax in the future have occurred by the balance sheet date with certain limited exceptions.

Deferred tax is calculated on an undiscounted basis at the tax rates that are expected to apply in the years in which the timing differences are expected to reverse, based on tax rates and laws enacted or substantively enacted at the balance sheet date.

**Financial instruments**

Financial instruments are classified and accounted for, according to the substance of the contractual arrangement, as either financial assets, financial liabilities or equity instruments. An equity instrument is any contract that evidences a residual interest in the assets of the company after deducting all of its liabilities.
