Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law). The financial statements are required by law to give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period. - select suitable accounting policies and then apply them consistently;
- make judgements and estimates that are reasonable and prudent;

They are also responsible for the system of internal control, safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.
