#### **Employees**

The Company consults and discusses with employee representatives on matters likely to affect employees' interests. Information on matters of concern to employees is given though regular information bulletins. The Company gives full consideration to applications for employment from disabled persons where the requirement of the job can be adequately filled by a handicapped or disabled person. When existing employees become disabled, it is the Company's policy, wherever practicable, to provide continuing employment under normal terms and conditions and to provide training and career development and promotion to disabled employees wherever appropriate.

## Political and charitable donations

No political or charitable donations were made during the period.

## **DIRECTORS' REPORT - continued**

## Auditors

In accordance with Section 385 of the Companies Act 1985, a resolution for the re-appointment of PricewaterhouseCoopers as auditors of the company is to be proposed at the forthcoming annual general meeting.

By order of the board

2 August 2005

## STATEMENT OF DIRECTORS' RESPONSIBILITIES

Company law requires the directors to prepare financial statements for each financial year which give a true and fair view of the state of affairs of the Company and of the profit or loss for that period. In preparing those financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently
- make judgments and estimates that are reasonable and prudent
- ensure applicable accounting standards have been followed, subject to any material departures disclosed and explained in the financial statements
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Company will continue in business.

The directors are responsible for keeping proper books of account which disclose with reasonable accuracy at any time the financial position of the Company and to enable them to ensure that the financial statements comply with the Companies Act, 1985. They are also responsible for safeguarding the assets of the Company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

#### Independent auditors' report to the shareholders of ACCPAC UK Limited

We have audited the financial statements on pages 7 to 14.

This report is made solely to the Company's members, as a body, in accordance with Section 235 of the Companies Act, 1985. Our audit work has been undertaken so that we might state to the Company's members those matters we are required to state to in an auditors' report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Company and the Company's members as a body, for our audit work, for this report, or for the opinions we have formed.

#### Respective responsibilities of directors and auditors

The directors are responsible for preparing the directors' report and, as described on page 5, the financial statements in accordance with applicable United Kingdom law and accounting standards. Our responsibilities, as independent auditors, are established in the United Kingdom by statute, the Auditing Practices Board and by our profession's ethical guidance.

We report to you our opinion as to whether the financial statements give a true and fair view and are properly prepared in accordance with the Companies Act. We also report to you if, in our opinion, the director's report is not consistent with the financial statements, if the Company has not kept proper accounting records, if we have not received all the information and explanations we require for our audit, or if information specified by law regarding directors' remuneration and transactions with the Company is not disclosed.

#### Basis of audit opinion

We conducted our audit in accordance with Auditing Standards issued by the Auditing Practices Board. An audit includes examination, on a test basis, of evidence relevant to the amounts and disclosures in the financial statements. It also includes an assessment of the significant estimates and judgments made by the directors in the preparation of the financial statements, and of whether the accounting policies are appropriate to the Company's circumstances, consistently applied and adequately disclosed.

We planned and performed our audit so as to obtain all the information and explanations which we considered necessary in order to provide us with sufficient evidence to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or other irregularity or error. In forming our opinion we also evaluated the overall adequacy of the presentation of information in the financial statements.

#### Opinion

In our opinion, the financial statements give a true and fair view of the state of the Company's affairs at 30 September 2004 and of the profit for the period then ended and have been properly prepared in accordance with the Companies Act, 1985.

#### ACCOUNTING POLICIES

The principal accounting policies are summarised below. All of the policies have been applied consistently throughout the period and the preceding financial year.

#### **Basis of preparation**

The financial statements have been prepared in accordance with applicable accounting standards under the historical cost accounting rules and comply with financial reporting standards of the Accounting Standards Board.

The balance sheet on page 10 shows an excess of liabilities over assets. The directors have sought and received confirmation from the company's ultimate parent undertaking that continued support will be provided for a period of at least 12 months from the date of approval of the financial statements, and on that basis have prepared the financial statements under the going concern assumption.

#### Revenue recognition

Turnover represents the invoiced amount of goods and services excluding value added tax provided in the normal course of business and is recognised on the following basis:

#### Licences:

License revenues are credited to the profit and loss account upon the later of:

- a signed contract or purchase order;
- delivery of the product;
- the fulfilling of any obligation defined in the contract or purchase order related to the delivered software, such as installation or acceptance.

#### Maintenance:

Amounts paid for maintenance are deferred in the balance sheet and amortised to the profit and loss account over the period to which the maintenance contract relates.

#### Consultancy services:

Consulting revenues are recognised when provided to the customer and the cost of providing these services are recognised as incurred.

#### Tangible fixed assets

Tangible fixed assets are stated at cost less accumulated depreciation. Depreciation is calculated on all tangible fixed assets at rates calculated to write off the cost less estimated residual value of each asset over its expected useful life, being 3 years.

#### Foreign currencies

Transactions in foreign currencies are recorded at the rate ruling at the date of the transactions or at a contracted rate. The resulting monetary assets and liabilities are translated at the balance sheet rate or the contracted rate and the exchange differences are dealt with in the profit and loss account.

#### Taxation

Current tax is provided on the Company's taxable profits, at amounts expected to be paid (or recovered) using the tax rates and laws that have been enacted or substantially enacted by the balance sheet date.

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date. Provision is made at the rates expected to apply when the timing differences reverse. Timing differences are differences between the Company's taxable profits and its results as Stated in the financial statements that arise from the inclusion of gains and losses in taxable profits in periods different from those in which they are recognised in the financial statements.

A net deferred tax asset is regarded as recoverable and therefore recognised only when, on the basis of all available evidence, it can be regarded as more likely than not that there will be suitable taxable profits from which the future reversal of the underlying timing differences can be deducted.

#### Cash flow statements

The company's ultimate parent undertaking prepares group financial statements, which are available to the public, containing a consolidated cash flow statement. Consequently, the directors have availed of the exemption in FRS 1 and no cash flow statement is presented in these financial statements. Details on the availability of group accounts are given in note 12 the financial statements.

#### NOTES TO THE FINANCIAL STATEMENTS

### 1 Basis of presentation

Comparative figures have been restated to adjust for a fundamental error identified subsequent to the prior periods' financial statements being approved. The effect of this prior period adjustment is to increase turnover reported in the period ended 8 March 2004 by STG£102,019, reduce cost of sales in the period ended 8 March 2004 by Stg£169,053 and reduce the previously reported shareholders deficit at 8 March 2004 by Stg£169,053.

#### 2 Turnover

Turnover represents the invoiced amount of goods sold and commission earned during the period stated net of value added tax. The analysis of turnover by business activity and geographical area and other segmental information as required by Statement of Standard Accounting Practice No. 25, has not been included as the directors are of the opinion that such disclosure would be seriously prejudicial to the interests of the company.
