#### Statutory Information

PBMS (Torquay) Limited is a private limited company, limited by shares, domiciled in England and Wales, registration number 04202585.

Registered address: 29-30 Fleet Street Torquay Devon TQ1 1BB

The presentation currency is £ sterling.

#### 1. Accounting policies

### Basis of preparing the financial statements

#### Revenue recognition

Turnover comprises the invoiced value of goods and services supplied by the company, net of Value Added Tax and trade discounts.

#### Property, plant and equipment

Tangible fixed assets, other than freehold land, are stated at cost or valuation less depreciation and any provision for impairment. Depreciation is provided at rates calculated to write off the cost or valuation of fixed assets, less their estimated residual value, over their expected useful

lives on the following basis:
Land and buildings

0% Straight line
Plant and machinery

25% Reducing balance

No depreciation is provided on the company's freehold properties since in the opinion of the directors the expected useful lives are sufficiently long and the estimated residual values are sufficiently high that any such depreciation would be immaterial. The directors undertake an annual impairment review of these properties.

#### Investment property

Investment properties are included in the balance sheet at their open market value at the balance sheet date. The resulting aggregate surplus or deficit is transferred to a revaluation reserve. Depreciation is provided only on those investment properties which are leasehold and where the unexpired lease term is less than 20 years. Although this accounting policy is in accordance with the Financial Reporting Standard for Smaller Entities (effective January 2015), it is a departure from the general requirement of the Companies Act 2006 for all tangible assets to be depreciated. In the opinion of the directors compliance with the standard is necessary for the financial statements to give a true and fair view. Depreciation or amortisation is only one of many factors reflected in the annual valuation and the amount of this which might otherwise have been charged cannot be separately identified or quantified.

### Deferred tax

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the statement of financial position date.
