## **Statement of directors' responsibilities in respect of the directors' report and the financial statements**

The directors are responsible for preparing the Directors' Report and the financial statements in accordance with applicable law and regulations

Company law requires the directors to prepare financial statements for each financial year. Under that law they have elected to prepare the financial statements in accordance with IFRSs as adopted by the EU and applicable law.

Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the company and of its profit or loss for that period. In preparing the financial statements, the directors are required to

- select suitable accounting policies and then apply them consistently,
- make judgments and estimates that are reasonable and prudent,
- state whether they have been prepared in accordance with IFRSs as adopted by the EU, and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the company's transactions and disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that its financial statements comply with the Companies Act 2006. They have general responsibility for taking such steps as are reasonably open to them to safeguard the assets of the company and to prevent and detect fraud and other irregularities.

## **Independent Auditors' Report to the members of Mobile Doctors Solutions Limited**

We have audited the financial statements of Mobile Doctors Solutions Limited for the year ended 30 November 2010 set out on pages 5 to 17. The financial reporting framework that has been applied in their preparation is applicable law and International Financial Reporting Standards (IFRSs) as adopted by the EU and as applied in accordance with the provisions of the Companies Act 2006.

This report is made solely to the company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company's members as a body, for our audit work, for this report, or for the opinions we have formed.

### **Respective responsibilities of directors and auditors**

As explained more fully in the Directors' Responsibilities Statement set out on page 2, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view. Our responsibility is to audit the financial statements in accordance with applicable law and International Standards on Auditing (UK and Ireland). Those standards require us to comply with the Auditing Practices Board's (APB's) Ethical Standards for Auditors.

### **Scope of the audit of the financial statements**

An audit involves obtaining evidence about the amounts and disclosures in the financial statements sufficient to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or error. This includes an assessment of whether the accounting policies are appropriate to the company's circumstances and have been consistently applied and adequately disclosed, the reasonableness of significant accounting estimates made by directors, and the overall presentation of the financial statements.

### **Opinion on financial statements**

In our opinion the financial statements

- give a true and fair view of the state of the company's affairs as at 30 November 2010 and of its loss for the year then ended,
- have been properly prepared in accordance with IFRSs as adopted by the European Union, and
- have been prepared in accordance with the requirements of the Companies Act 2006.

### **Opinion on other matters prescribed by the Companies Act 2006**

In our opinion the information given in the Directors' Report for the financial year for which the financial statements are prepared is consistent with the financial statements.

**Independent Auditors Report to the members of Mobile Doctors Solutions Limited** *(continued)*

We have nothing to report in respect of the following matters where the Companies Act 2006 requires us to report to you if, in our opinion

- adequate accounting records have not been kept by the company, or returns adequate for our audit have not been received from branches not visited by us, or
- the company financial statements are not in agreement with the accounting records and returns, or
- certain disclosures of directors' remuneration specified by law are not made, or
- we have not received all the information and explanations we require for our audit

## Notes

*(forming part of the financial statements)*

### 1 Accounting policies

Mobile Doctors Solutions Limited (the "Company") is a company incorporated and domiciled in the UK

#### *Statement of compliance*

The Company financial statements have been prepared and approved by the directors in accordance with International Financial Reporting Standards as adopted by the EU ("Adopted IFRSs")

The accounting policies set out below have, unless otherwise stated, been applied consistently to all periods presented in these financial statements

In these financial statements the following Adopted IFRSs are effective for the first time

- Amended IFRS 1 'Amendments to IFRS 1 First-time Adoption of International Reporting Standards and IAS27 Consolidated and Separate Financial Statements – Cost of an Investment in a Subsidiary, Jointly Controlled Entity or Associate'
- Amended IFRS 2 'Amendment to IFRS 2 Share-based Payment – Vesting Conditions and Cancellations'
- Amended IAS 32 and IAS 1 'Amendments to IAS 32 and IAS 1 Puttable Financial Instruments' IFRS 3 (2008) 'Business Combinations'
- IFRS 8 'Operating Segments'
- Revised IAS 1 'Presentation of Financial Statements'
- Revised IAS 23 'Borrowing Costs'
- IAS 27 (2008) 'Consolidated Financial Statements'
- IFRIC 15 'Agreements for the Construction of Real Estate'
- IFRIC 16 'Hedges of a Net Investment in a Foreign Operation'
- IFRIC 17 'Distributions of Non-cash Assets to Owners'
- IFRIC 18 'Transfers of Assets from Customers'

None of these standards had any material effect on the financial statements for the current or prior year

#### *Basis of preparation*

The financial statements are prepared on the historical cost basis

The Company is exempt by virtue of Section 400 of the Companies Act 2006 from the requirement to prepare group financial statements. These financial statements present information about the Company as an individual undertaking and not about its group

#### *Financial instruments*

##### *Classification*

Financial instruments issued by the Company are treated as equity (i.e. forming part of shareholders' funds) only to the extent that they meet the following two conditions

- (a) they include no contractual obligations upon the company to deliver cash or other financial assets or to exchange financial assets or financial liabilities with another party under conditions that are potentially unfavourable to the company, and
- (b) where the instrument will or may be settled in the company's own equity instruments, it is either a non-derivative that includes no obligation to deliver a variable number of the company's own equity instruments or is a derivative that will be settled by the company's exchanging a fixed amount of cash or other financial assets for a fixed number of its own equity instruments
- (c) To the extent that this definition is not met, the proceeds of issue are classified as a financial liability. Where the instrument so classified takes the legal form of the company's own shares, the amounts

presented in these financial statements for called up share capital and share premium account exclude amounts in relation to those shares

- (d) Where a financial instrument that contains both equity and financial liability components exists these components are separated and accounted for individually under the above policy. The finance cost on the financial liability component is correspondingly higher over the life of the instrument.
- (e) Finance payments associated with financial liabilities are dealt with as part of finance expenses. Finance payments associated with financial instruments that are classified in equity are dividends and are recorded directly in equity.

#### *Trade receivables*

Trade receivables are stated at their nominal value as reduced by appropriate allowances for estimated irrecoverable amounts. Trade receivables which fall due within the normal business operating cycle are presented as current assets. Due to the nature of the business, the operating cycle typically extends beyond one year.

#### *Interest-bearing borrowings*

Interest-bearing borrowings are recognised initially at fair value less attributable transaction costs. Subsequent to initial recognition, interest-bearing borrowings are stated at amortised cost with any difference between cost and redemption value being recognised in the income statement over the period of the borrowings on an effective interest basis.

#### *Investments in debt and equity securities*

Investments in subsidiaries are carried at cost less impairment. Loans and receivables are stated at amortised cost less impairment.

#### *Intra-group financial instruments*

Where the Company enters into financial guarantee contracts to guarantee the indebtedness of other companies within its group, the company considers these to be insurance arrangements and accounts for them as such. In this respect, the company treats the guarantee contract as a contingent liability until such time as it becomes probable that the company will be required to make a payment under the guarantee.

#### *Cash and cash equivalents*

Cash and cash equivalents comprise cash balances and call deposits. Bank overdrafts that are repayable on demand and form an integral part of the Company's cash management are included as a component of cash and cash equivalents for the purpose only of the statement of cash flows.

#### *Impairment*

The carrying amounts of the Company's assets other than deferred tax assets, are reviewed at each balance sheet date to determine whether there is any indication of impairment. If any such indication exists, the asset's recoverable amount is estimated.

An impairment loss is recognised whenever the carrying amount of an asset or its cash-generating unit exceeds its recoverable amount. Impairment losses are recognised in the income statement.

Impairment losses recognised in respect of cash-generating units are allocated first to reduce the carrying amount of any goodwill allocated to cash-generating units and then to reduce the carrying amount of the other assets in the unit on a pro rata basis. A cash generating unit is the smallest identifiable group of assets that generates cash inflows that are largely independent of the cash inflows from other assets or groups of assets.

#### *Reversals of impairment*

In respect of other assets, an impairment loss is reversed when there is an indication that the impairment loss may no longer exist and there has been a change in the estimates used to determine the recoverable amount.

An impairment loss is reversed only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortisation, if no impairment loss had been recognised.

## Notes (continued)

### 1 Accounting policies (continued)

#### *Net financing costs*

Net financing costs comprise interest payable and interest receivable on funds invested, dividend income that are recognised in the income statement

Interest income and interest payable is recognised in profit or loss as it accrues, using the effective interest method  
Dividend income is recognised in the income statement on the date the entity's right to receive payments is established

#### *Taxation*

Tax on the profit or loss for the year comprises current and deferred tax. Tax is recognised in the income statement except to the extent that it relates to items recognised directly in equity, in which case it is recognised in equity

Current tax is the expected tax payable on the taxable income for the year, using tax rates enacted or substantively enacted at the balance sheet date, and any adjustment to tax payable in respect of previous years

Deferred tax is provided on temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for taxation purposes. The following temporary differences are not provided for: the initial recognition of goodwill, the initial recognition of assets or liabilities that affect neither accounting nor taxable profit other than in a business combination, and differences relating to investments in subsidiaries to the extent that they will probably not reverse in the foreseeable future. The amount of deferred tax provided is based on the expected manner of realisation or settlement of the carrying amount of assets and liabilities, using tax rates enacted or substantively enacted at the balance sheet date

A deferred tax asset is recognised only to the extent that it is probable that future taxable profits will be available against which the asset can be utilised

#### *Adopted IFRS not yet applied*

The following Adopted IFRSs were available for early application but have not been applied by the Company in these financial statements. Their adoption is not expected to have a material effect on the financial statements unless otherwise indicated

- Amended IFRS 1 'First-time Adoption of International Reporting Standards – Limited exemption from comparative IFRS 7 disclosures' (mandatory for accounting periods starting on or after 1 July 2010)
- Amended IFRS 2 'Share based Payments – Group cash-settled share-based payments' (mandatory for accounting periods starting on or after 1 January 2010)
- Amended IAS 32 'Financial Instruments – Presentation – Classification of rights issues' (mandatory for accounting periods starting on or after 1 February 2010)
- Amended IAS 39 'Financial Instruments – Recognition and Measurement – Eligible hedged items' (mandatory for accounting periods starting on or after 1 July 2010)
- IFRIC 19 'Extinguishing Financial Liabilities with Equity Instruments' (mandatory for accounting periods starting on or after 1 July 2010)
- Revised IAS 24 'Related party transactions' (mandatory for accounting periods starting on or after 1 January 2011)

The Ordinary shareholders are not entitled to receive a dividend unless all dividend entitlements attaching to the Preferred Ordinary shares are met and all amounts due for repayment on loan notes and interest thereon have been paid. Following this, Ordinary shares are entitled to a dividend as determined by the directors of the company, up to one third of adjusted profit after tax and not exceeding the amount paid on Preferred Ordinary shares, whilst ensuring that cash and invoice discounting facilities for the following financial year exceed £500,000. The Ordinary shares are not redeemable. On a winding up Ordinary shareholders are entitled to receive £0.01 per share plus any arrears of dividend once the Preferred Ordinary shareholders have received their entitlements. Thereafter, both Ordinary shareholders and Preferred Ordinary shareholders are entitled to a distribution of the balance of such assets and retained profits in proportion to the amounts credited as paid on the shares held by them. Ordinary shareholders are entitled to one vote per share.

The Preferred Ordinary shares carry a preferential participating cash dividend based on the adjusted profit before taxation of the group. These payments are fixed at 4% for the accounting year to 30 November 2003, 6% for the accounting year to 30 November 2004, and 8% for the accounting year to 30 November 2005 and all financial years thereafter. These amounts accrue from 1 December and fall payable within 4 months of the financial year end, or not more than 14 days following the annual general meeting at which the accounts of the company are approved. If the dividend cannot lawfully be paid in full, the maximum payment that can lawfully be paid should be paid and amounts not paid shall be paid as soon as lawfully possible. Interest on arrears of dividends is accrued from the payment due date at a rate of 5% per annum above the Lloyds TSB Bank Plc base rate. The Preferred Ordinary shares are not redeemable. On a winding up the Preferred Ordinary shareholders are entitled to receive £0.01 per share plus any arrears of dividend. Thereafter, both Ordinary shareholders and Preferred Ordinary shareholders are entitled to a distribution of the balance of such assets and retained profits in proportion to the amounts credited as paid on the shares held by them. Preferred Ordinary shareholders generally have one vote per share, except that they are entitled to 30 votes per share in the following circumstances: if their dividend entitlement has not been paid within 7 days of the due date, failure of the company to pay loan note instalments or interest within 7 days of the due date or breach of articles concerning the modification of shareholder rights, or variation in the authorised and issued share capital.

## Notes (continued)

### 14 Financial instruments (continued)

The Board of Directors has overall responsibility for the establishment and oversight of the Company's risk management framework. The Company's risk management policies are established to identify and analyse the risks faced by the Company, to set appropriate risk limits and controls, and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Company's activities. The Company, through its training and management standards and procedures, aims to develop a disciplined and constructive control environment in which all employees understand their roles and obligations.

#### Liquidity risk

Liquidity risk is the risk that the Company will not be able to meet its financial obligations as they fall due. The Company's liquidity risk is managed within the Mobile Doctors Group policy. The Group's approach to managing liquidity is to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to any group company's reputation.

Typically the Group ensures that it has sufficient cash on demand to meet expected operational expenses for a period of 12 weeks, including the servicing of financial obligations. This excludes the potential impact of extreme circumstances that cannot reasonably be predicted, such as natural disasters. The Group has access to an invoice discounting facility of up to £16.7m secured against trade receivables which can be drawn down to meet short term financing needs.
