1 Executive summary

- This progress report for the Companies' administrations covers the period from May 2021 to November 2021
- Our proposals have not yet been approved as they were circulated to the creditors of the Group on the same date as this report
- The key work done in the Period has been in relation to the following (see section 2 for further details):
 - Continued to secure and realise assets including properties, plant and machinery and debtors
 - Dealt with any queries and requests from creditors
 - Compliance with internal and regulatory procedures
- It is unlikely that there will be sufficient funds to enable a distribution to unsecured creditors from any of the companies in the Group (except potentially by virtue of the prescribed part), therefore, it is intended that the administrations will all move to dissolution once the outstanding matters have been finalised
- The administrations are currently due to end on 18 November 2022 for DCHL, 21 December 2022 for DIL and 15 September 2022 for the other companies in the Group

2 Progress

2.1 Strategy and progress in the Period

We continue to pursue the second statutory objective of achieving a better result for the company's creditors as a whole than would be likely if a company was wound up (without first being in administration).

2.2 Realisation of assets

We attach at Appendix C, an account of our receipts and payments for the Period for each Group company.

Statement of Insolvency Practice 7 states that the headings used in the Receipts and Payments Account should follow those used in any prior Statement of Affairs or estimated outcome statement. Due to the unusual circumstances resulting in the requirement of a second administration for each of the Group companies the directors do not feel they are in a position to provide accurate Statement of Affairs. As such a meaningful comparison of the Receipts and Payments Accounts to the Statement of Affairs by category cannot be made and are therefore not included at Appendix C.

Debtors, WIP and retentions – DCHL, DIL, DSL and Quantum

We instructed DJM to provide legal advice and assist in the collection of amounts due in relation to the construction contracts of DCHL, DIL and DSL.

It is difficult to assess the estimated future realisation values given the nature of the contracts, many of which are subject to counter claims and disputes.

During the Period for DCHL, we recovered:

- a settlement of £442,500 from a consultant relating to a contract debtor
- WIP and retentions of £254,104

No further realisations were made in DSL, DIL or Quantum during the Period, however, we continued to liaise with DJM in relation to future realisations in DSL and DIL and the purchaser of the Quantum business in relation to the outstanding book debts.

Long leasehold properties – DL

The sale of the head office in Swansea in February 2021 included a retention of £18,000 which we agreed to be put towards the purchaser's costs to acquire a supplemental lease with Swansea County Council, provided that the new lease is granted within 12 months from the date of completion. DJM continues to hold these funds in its client account pending completion of the supplemental lease. If the lease is not granted, the contribution will be paid into the estate.

Residential development site – Churchfield

Churchfield owns a residential plot in South Wales with six houses at various stages of completion. We continue to progress with an offer for the sale of the development land and the houses, which is taking longer than initially anticipated due to the complex nature of the asset.

During the Period, we continued to liaise with our agent, Alder King, and lawyers, DJM.

Intercompany debtors

Many of the companies in the Group are owed funds from other Group companies.

As all of the companies are insolvent, it is uncertain as to whether there will be any realisations in respect of these entities. These claims will rank as unsecured creditors in each relevant estate so may recover funds if there are prescribed part distributions as advised in section 3.3.

2.3 Additional assets

During the Period for DCHL, we recovered bank interest of £98 and £358 from Dawnus Sierra Leone Limited as a repayment of an intercompany loan during the First Administrations.

Please note that, whilst no assets have been identified in respect of Ashridge and DDL, these cases remain open as we anticipate that they may receive prescribed part distributions from other Group companies in respect of their intercompany unsecured creditor claims.

3 Creditors

3.1 Secured creditors

Below is a summary of the secured creditors, including the distributions to date and potential outcome for each creditor, based on estimates at the end of the Period:

Summary of secured creditors				
	Dates of creation of charges	Types of charges	Debt outstanding at appointment	Potential outcome based on current information
WG	27/03/2018	Debenture and chattels mortgage	£0.49 million	A distribution of £1.04 million was made to WG during the First Administration and no further distributions have been made in the Second Administration It is unlikely that there will be sufficient realisations to enable a distribution to WG
HEF	16/03/2018, 02/08/2018	Debenture and chattels mortgage	-	HEF was paid in full during the First Administration
HSBC	01/08/2017, 04/08/2017, 02/02/2018, 16/02/2018, 16/03/2018	Legal mortgage, debenture, chattels mortgage, benefits of certain contracts and security of cash deposits	£5 million	Total distributions of £2 million have been made to HSBC, of which £950,000 have been paid during the Second Administration It is anticipated that there will be sufficient realisations to enable a distribution, although the quantum and timing is uncertain
Lloyds Bank Plc	02/02/2018	Mortgage	£1.29 million	Paid in full following the sale of the properties in Dawson Limited

No distributions were made to any of the secured creditors during the Period.

3.2 Preferential creditors

These include employee claims for wages and salary up to £800 per person, accrued holiday pay and employee contributions to occupational pension schemes deducted in the four months before the insolvency. A significant element of these claims has been transferred to the Secretary of State, following payment of employment related claims by the Redundancy Payments Service.

The employment entities in the Group were DCHL and DL. All employees of DCHL and DL were made redundant shortly following the First Administrations.

Preferential claims are currently £289,313 for DCHL and £691,889 for DL. Around 240 employees sought Protective Awards for the failure of the Group to consult prior to the First Administrations. On 27 September 2021, the Employment Tribunal granted that DCHL and DL are ordered to pay the former employees for the protected period. We await further details of the total claim which may increase the preferential claims currently in these entities.

Based on current estimates, we anticipate that the preferential creditors of DCHL will be paid in full and there will be a small distribution to the preferential creditors of DL.

The other companies within the Group do not have any preferential creditors.

3.3 Unsecured creditors

The table below provides a summary of the unsecured creditor claims as provided by the directors in their statement of affairs for the First Administrations:

Unsecured creditor claim summary

	£
Ashridge	85,488
Churchfield	3,684,992
DCHL	41,966,704
DDL	-
DGL	797,934
DIL	210,647
DL	4,625,868
DSL	6,306
Quantum	4,387,091

Prescribed part

In accordance with section 176A of the Insolvency Act 1986, a prescribed part is to be set aside from the floating charge assets and made available to the unsecured creditors of the Companies. The prescribed part calculation is applied to the net property available and is calculated at 50% of the first £10,000 of net realisations and 20% of all further amounts, up to a maximum prescribed part of £600,000.

Based on current estimates, there may be funds available to enable a prescribed part distribution for unsecured creditors of DCHL, DSL and Quantum only.

We are unable to estimate a prescribed part for DCHL at present as the secured creditors consider certain realisations to be caught by a fixed charge rather than a floating charge. We continue to liaise with the secured creditors in respect of the charge terms.

The prescribed part is estimated at c£32,185 for DSL and c£36,119 for Quantum, however, this is subject to change and it is not possible to estimate the likely timing of the prescribed part distribution due to the ongoing work to realise the assets of those companies.

There are insufficient assets in the other companies in the Group to enable a distribution to the prescribed part.

Dividend prospects

Except for any potential funds available under the prescribed part as mentioned above, there will be insufficient funds to enable distributions to unsecured creditors.

4 Investigations into the affairs of the Companies

4.1 Statutory investigations

We undertook an investigation into the Companies affairs to establish whether there were any potential asset recoveries, or conduct matters that required further investigation, taking into account the public interest, potential recoveries, the funds likely to be available to fund an investigation and the costs involved.

During the First Administration of DGL, we identified a share buyback arrangement between DGL and certain directors, which was triggered in the year prior to the First Administration. We have engaged HCR to consider this further, however, we are unable to provide any further details at this stage so that we do not prejudice our position.

Based on the outcome of our other investigations into the affairs of the Group to date, no further matters have been identified that need to be reported to the creditors. However, should any matters come to light, they will be investigated in accordance with our statutory duties and we would be pleased to receive from any creditor any useful information concerning the Group, its dealings or conduct which may assist us.

5 Joint Administrators' remuneration and expenses

5.1 Overview

Our remuneration basis has not yet been fixed. Our fees estimate is included within our Proposals which is being circulated concurrently with this progress report.

Similarly to the First Administrations, we will propose the basis of our remuneration to be on a time cost basis with the exception of DGL where we will seek our remuneration be fixed at 30% of gross recoveries. The secured and preferential creditors will be contacted in due course, as required. A decision of the unsecured creditors is not required as we are of the view that there will not be sufficient assets to enable a distribution to unsecured creditors, other than potentially by virtue of the prescribed part.

The table below summarises the time costs and expenses incurred during the Period:

£	Time costs for the Period	Expenses incurred during the Period
Ashridge	2,350	-
Churchfield	14,737	7,560
DCHL	42,006	331,255
DDL	2,410	-
DIL	6,040	-
DL	18,450	57,133
DSL	3,816	50
Quantum	5,790	33

No remuneration has been drawn to date and all expenses have been paid.

Further details about remuneration and expenses are provided in Appendix D to this report.

6 Future strategy

6.1 Future conduct of the administrations

We will continue to manage the affairs, business and property of the Companies in order to achieve the purpose of the administrations. This will include but not be limited to:

- continue to realise the assets of the Group
- continue to pursue any potential recoveries which have been identified from our investigations into the Group's actions prior to the administrations
- payment of administration expenses, including our remuneration
- agreeing the claims of the preferential creditors and payment of dividends (where relevant), if future realisations make this feasible
- agreeing the claims of the unsecured creditors and payment via a prescribed part distribution where possible
- paying a final distribution to HSBC
- finalisation of the Group's tax affairs, including completion of corporation tax and VAT returns and settlement of any post-administration liabilities, and
- complying with statutory and compliance obligations

6.2 Extension of the administrations

The duration of an administration is restricted to 12 months from the date of commencement unless it is extended with the permission of the creditors or by order of the court. The administrations are currently due to end on 18 November 2022 for DCHL, 21 December 2022 for DIL and 15 September 2022 for the other companies in the Group.

6.3 Exit from the administrations

We do not consider it likely that we will have sufficient funds to make a distribution to unsecured creditors of the Group (other than by virtue of the prescribed part in some instances) and, therefore, intend to exit the administrations and move to dissolution.

6.4 Data protection

Any personal information held by the Companies will continue to be processed for the purposes of the administrations of the Companies and in accordance with the requirements of data protection. Our privacy notice on our website (www.grantthornton.co.uk/en/privacy) contains further details as to how we may use, process and store personal data.

6.5 Contact from third parties

Please be aware that fraudsters have been known to masquerade as the administrators of a company that has entered administration, or as the administrators' staff or agents. Fraudsters may contact creditors asking for a payment to enable release of money payable to the creditor of other purposes. The administrators, their staff or agents will never make such a request.

6.6 Covid-19

This report has been produced during the Covid-19 restrictions. We have taken every reasonable step to ensure that the information is accurate, however if any material inaccuracies are identified, we will provide an explanation and corrected information in the next progress report.

6.7 Future reporting

Our next report to creditors is expected to be issued no later than 11 June 2022, or earlier if the administrations have been completed by that date.

Appendix D - Payments to the Joint Administrators and their associates

Ashridge

SIP 9 disclosure

This appendix has been prepared in accordance with the requirements of the Insolvency Act 1986, the Rules and SIP9. In summary, it covers:

- pre-appointment costs
- fee basis
- work done by the Joint Administrators and their team during the Period
- expenses
- sub-contracted out work
- payments to associates
- relationships requiring disclosure
- information for creditors (rights, fees, committees).

Pre-appointment costs

Pre-administration costs are fees charged and expenses incurred by the Joint Administrators or other qualified insolvency practitioners before a company enters administration but with a view to it doing so. To the extent they remain unpaid when the company enters administration and payment is sought, approval is required from the appropriate body of creditors as to whether they should be paid from the estate.

Neither the Joint Administrators, by way of Grant Thornton being engaged, or any other qualified insolvency practitioner incurred any pre-administration costs in relation to the Second Administration of Ashridge.

In the period leading up to First Administration, the Firm incurred costs in undertaking certain tasks prior to placing Ashridge into Administration. We will not be seeking approval of these costs as an expense of the Administration under Rule 3.52 and, therefore, there will be no pre-appointment fee paid to the Firm.

Solicitors, Geldards LLP and Eversheds LLP, were instructed to assist with matters relating to the Group prior to the First Administrations. All costs were approved by the secured creditors during the First Administration so any unpaid amounts will be payable under paragraph 99 of Schedule B1 to the Insolvency Act 1986. The only outstanding amount is £300 to Geldards LLP.

Post-appointment costs

Fee basis of the Joint Administrators

As at the date of this report the fee basis has not been set. We have requested the basis of our fees in the SIP9 disclosure appended to our statement of proposals.

During the Period, time costs were incurred totalling £2,350 represented by 8 hrs at an average of £288/hr (as shown in the 'Work done' section below). This brings cumulative recorded time costs at the end of the Period to £14,532. A description of the work done in the Period is provided in the respective section below.

Statement of expenses incurred in the Period

This table provides details of expenses incurred in the Period in connection with the work done by the Joint Administrators, description of which is provided in the 'Work done' section above.

Expenses are any payments from the estate which are neither the Joint Administrators' remuneration nor a distribution to a creditor or member, but they may include disbursements which are payments first met by and then reimbursed to the Joint Administrators from the estate. Expenses fall into two categories:

Category 1 expenses

These are also known as 'out of pocket expenses' and are payments to third parties not associated with the Joint Administrators where there is specific expenditure directly referable to the insolvent estate; they can be drawn without prior approval from creditors.

Category 2 expenses

These are expenses directly referable to the insolvent estate but payments that are either to an associate, or that include shared or allocated costs that may be incurred by the Joint Administrators or their firm and that can be allocated to the appointment on a proper and reasonable basis. Category 2 expenses require approval in the same manner as the Joint Administrators' remuneration.

There are no shared or allocated costs at this stage. For associates, please see the next section – Payments to associates.

Payments to associates

Where we have enlisted the services of others, we have sought to obtain the best value and service. We disclose below services we have sought from within our firm or from a party with whom (to the best of our knowledge) our firm, or an individual within our firm, has an association.

To the extent that services have been enlisted from Grant Thornton's specialist teams, for example tax, pensions, digital forensics, or any others, the narrative for and cost of their work is included in the work done narrative and SIP9 time costs analysis details in the 'Work done by the Joint Administrators and their team during the Period' section above.

We confirm that in the Period, we have not enlisted any other services from within our firm or from a party with whom (to the best of our knowledge) our firm, or an individual within our firm, has an association.

Relationships requiring disclosure

We confirm that we are not aware of any business or personal relationships with any parties responsible for approving the Joint Administrators' fee basis, or who provide services to us as Joint Administrators, which may give rise to a potential conflict.

Sub-contracted work

We confirm that, in the Period, we have not sub-contracted any work that could otherwise have been carried out by us or our team.

Information for creditors and members

Information to help creditors and members to understand their rights in insolvency and regarding officeholders' (ie administrators or liquidators) fees, and the roles and functions of committees is available via Grant Thornton's website:

Expenses are any payments from the estate which are neither the Joint Administrators' remuneration nor a distribution to a creditor or member, but they may include disbursements which are payments first met by and then reimbursed to the Joint Administrators from the estate. Expenses fall into two categories:

Category 1 expenses

These are also known as 'out of pocket expenses' and are payments to third parties not associated with the Joint Administrators where there is specific expenditure directly referable to the insolvent estate; they can be drawn without prior approval from creditors.

Category 2 expenses

These are expenses directly referable to the insolvent estate but payments that are either to an associate, or that include shared or allocated costs that may be incurred by the Joint Administrators or their firm and that can be allocated to the appointment on a proper and reasonable basis. Category 2 expenses require approval in the same manner as the Joint Administrators' remuneration.

There are no shared or allocated costs at this stage. For associates, please see the next section – Payments to associates.

Payments to associates

Where we have enlisted the services of others, we have sought to obtain the best value and service. We disclose below services we have sought from within our firm or from a party with whom (to the best of our knowledge) our firm, or an individual within our firm, has an association.

To the extent that services have been enlisted from Grant Thornton's specialist teams, for example tax, pensions, digital forensics, or any others, the narrative for and cost of their work is included in the work done narrative and SIP9 time costs analysis details in the 'Work done by the Joint Administrators and their team during the Period' section above.

We confirm that in the Period, we have not enlisted any other services from within our firm or from a party with whom (to the best of our knowledge) our firm, or an individual within our firm, has an association.

Relationships requiring disclosure

We confirm that we are not aware of any business or personal relationships with any parties responsible for approving the Joint Administrators' fee basis, or who provide services to us as Joint Administrators, which may give rise to a potential conflict.

Sub-contracted work

We confirm that, in the Period, we have not sub-contracted any work that could otherwise have been carried out by us or our team.

DDL

SIP 9 disclosure

This appendix has been prepared in accordance with the requirements of the Insolvency Act 1986, the Rules and SIP9. In summary, it covers:

- pre-appointment costs
- fee basis
- work done by the Joint Administrators and their team during the Period
- expenses
- sub-contracted out work
- payments to associates
- relationships requiring disclosure
- information for creditors (rights, fees, committees).

Pre-appointment costs

Pre-administration costs are fees charged and expenses incurred by the Joint Administrators or other qualified insolvency practitioners before a company enters administration but with a view to it doing so. To the extent they remain unpaid when the company enters administration and payment is sought, approval is required from the appropriate body of creditors as to whether they should be paid from the estate.

Neither the Joint Administrators, by way of Grant Thornton being engaged, or any other qualified insolvency practitioner incurred any pre-administration costs in relation to the Second Administration of DDL.

In the period leading up to First Administration, the Firm incurred costs in undertaking certain tasks prior to placing DDL into Administration. We will not be seeking approval of these costs as an expense of the Administration under Rule 3.52 and, therefore, there will be no pre-appointment fee paid to the Firm.

Solicitors, Geldards LLP and Eversheds LLP, were instructed to assist with matters relating to the Group prior to the First Administrations. All costs were approved by the secured creditors during the First Administration so any unpaid amounts will be payable under paragraph 99 of Schedule B1 to the Insolvency Act 1986. The only outstanding amount is £300 to Geldards LLP.

We will not be seeking approval of these costs as an expense of the Administration under Rule 3.52 and, therefore, there will be no pre-appointment fee paid to the Firm.

Eversheds LLP (Eversheds) was instructed by the Firm to assist with the drafting of the pre-appointment documentation. Its costs incurred in respect of this matter were £14,484 including disbursements. We obtained the relevant approvals during the First Administration to settle these costs so any unpaid amounts will be payable under paragraph 99 of Schedule B1 to the Insolvency Act 1986. Eversheds received a part payment of £7,813 during the First Administration and the balance will be settled subject to future realisations.

Statement of expenses incurred in the Period

This table provides details of expenses incurred in the Period in connection with the work done by the Joint Administrators, description of which is provided in the 'Work done' section above.

Category	Incurred in the Period (£)	Cumulatively incurred as at Period end (£)	Of which paid by the estate as at Period end (£)
Category 1 expenses			
None	-	-	-
Category 2 expenses			
None	-	-	-
Total expenses	-	-	-

Expenses are any payments from the estate which are neither the Joint Administrators' remuneration nor a distribution to a creditor or member, but they may include disbursements which are payments first met by and then reimbursed to the Joint Administrators from the estate. Expenses fall into two categories:

Category 1 expenses

These are also known as 'out of pocket expenses' and are payments to third parties not associated with the Joint Administrators where there is specific expenditure directly referable to the insolvent estate; they can be drawn without prior approval from creditors.

Category 2 expenses

These are expenses directly referable to the insolvent estate but payments that are either to an associate, or that include shared or allocated costs that may be incurred by the Joint Administrators or their firm and that can be allocated to the appointment on a proper and reasonable basis. Category 2 expenses require approval in the same manner as the Joint Administrators' remuneration.

There are no shared or allocated costs at this stage. For associates, please see the next section – Payments to associates.

Payments to associates

Where we have enlisted the services of others, we have sought to obtain the best value and service. We disclose below services we have sought from within our firm or from a party with whom (to the best of our knowledge) our firm, or an individual within our firm, has an association.

To the extent that services have been enlisted from Grant Thornton UK LLP's specialist teams, for example tax, pensions, digital forensics, or any others, the narrative for and cost of their work is included in the work done narrative and SIP9 time costs analysis details in the 'Work done by the Joint Administrators and their team during the Period' section above.

We confirm that in the Period, we have not enlisted any other services from within our firm or from a party with whom (to the best of our knowledge) our firm, or an individual within our firm, has an association.

Relationships requiring disclosure

We confirm that we are not aware of any business or personal relationships with any parties responsible for approving the Joint Administrators' fee basis, or who provide services to us as Joint Administrators, which may give rise to a potential conflict.

Sub-contracted work

We confirm that, in the Period, we have not sub-contracted any work that could otherwise have been carried out by us or our team.

Statement of expenses incurred in the Period

This table provides details of expenses incurred in the Period in connection with the work done by the Joint Administrators, description of which is provided in the 'Work done' section above.

Category	Incurred in the Period (£)	Cumulatively incurred as at Period end (£)	Of which paid by the estate as at Period end (£)
Category 1 expenses			
Bank Charges	50	138	138
Category 2 expenses			
None	-	-	-
Total expenses	50	138	138

Expenses are any payments from the estate which are neither the Joint Administrators' remuneration nor a distribution to a creditor or member, but they may include disbursements which are payments first met by and then reimbursed to the Joint Administrators from the estate. Expenses fall into two categories:

Category 1 expenses

These are also known as 'out of pocket expenses' and are payments to third parties not associated with the Joint Administrators where there is specific expenditure directly referable to the insolvent estate; they can be drawn without prior approval from creditors.

Category 2 expenses

These are expenses directly referable to the insolvent estate but payments that are either to an associate, or that include shared or allocated costs that may be incurred by the Joint Administrators or their firm and that can be allocated to the appointment on a proper and reasonable basis. Category 2 expenses require approval in the same manner as the Joint Administrators' remuneration.

There are no shared or allocated costs at this stage. For associates, please see the next section – Payments to associates.

Payments to associates

Where we have enlisted the services of others, we have sought to obtain the best value and service. We disclose below services we have sought from within our firm or from a party with whom (to the best of our knowledge) our firm, or an individual within our firm, has an association.

To the extent that services have been enlisted from Grant Thornton's specialist teams, for example tax, pensions, digital forensics, or any others, the narrative for and cost of their work is included in the work done narrative and SIP9 time costs analysis details in the 'Work done by the Joint Administrators and their team during the Period' section above.

We confirm that in the Period, we have not enlisted any other services from within our firm or from a party with whom (to the best of our knowledge) our firm, or an individual within our firm, has an association.

Relationships requiring disclosure

We confirm that we are not aware of any business or personal relationships with any parties responsible for approving the Joint Administrators' fee basis, or who provide services to us as Joint Administrators, which may give rise to a potential conflict.

Sub-contracted work

We confirm that, in the Period, we have not sub-contracted any work that could otherwise have been carried out by us or our team.
