**47/48 GROSVENOR STREET LIMITED****NOTES TO THE FINANCIAL ACCOUNTS****1. ACCOUNTING POLICIES****(a) Basis of accounting**

The financial statements have been prepared under the historical cost convention, modified to include the revaluation of certain fixed assets and in accordance with applicable United Kingdom law and accounting standards. The accounting policies have been applied consistently throughout the current and preceding year.

**(b) Cash flow statement**

The directors have taken advantage of the exemption in FRS1 'Cash flow statements' from including a cash flow statement in the financial statements on the grounds that the company is wholly owned and its parent publishes a consolidated cash flow statement.

**(c) Turnover**

The turnover shown in the profit and loss account represents gross income including rents receivable in the year.

**(d) Depreciation**

In accordance with SSAP19 (Revised) 'Accounting for Investment Properties' no depreciation is provided on freehold or on leasehold properties with an unexpired term exceeding twenty years. The directors consider that this departure from the requirement of the Companies Act 1985 for all properties to be depreciated is necessary for the financial statements to show a true and fair view, since depreciation is reflected in the open market valuation and cannot be quantified separately.

**(e) Investment properties**

Investment properties are valued annually at open market value by independent valuers. Any surplus or deficit on revaluation is transferred to the revaluation reserve, except that if a deficit which is expected to be permanent and which is in excess of any previously recognised surplus over cost relating to the same property, or the reversal of such a deficit, is charged or credited to the profit and loss account.

Investment properties under development are stated at cost, except where the directors consider that the value has fallen below cost, when they are revalued to the lower amount. The revaluation deficit is transferred to the revaluation reserve unless it is considered permanent, in which case it is charged to the profit and loss account.

Profits and losses on the disposal of investment properties are recognised on unconditional exchange of contracts and are calculated by reference to book value and are included in the profit and loss account. On the disposal or recognition of a provision for impairment of a revalued asset, any related balance remaining in the revaluation reserve is also transferred to the profit and loss account as a movement on reserves.

**47/48 GROSVENOR STREET LIMITED**  
**NOTES TO THE FINANCIAL ACCOUNTS**

**(f) Deferred taxation**

Deferred taxation is not provided in respect of unrealised revaluation surpluses where there is no commitment to sell the asset. Deferred tax assets are recognised to the extent that it is regarded as more likely than not that they will be recovered. Deferred tax assets and liabilities are not discounted.

**(g) Taxation**

Current UK corporation tax is provided at a group level at amounts expected to be paid (or recovered) using the tax rates and laws that have been enacted or substantively enacted by the balance sheet date.

**2. TURNOVER**

Turnover and profit before tax are attributable to the one principal activity of the company in the United Kingdom.
