DIRECTORS' REPORT *(continued)*

DIRECTORS' RESPONSIBILITIES

The directors are responsible for preparing the annual report and the financial statements in accordance with applicable law and regulations

United Kingdom company law requires the directors to prepare financial statements for each financial year. Under that law the directors have elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law). Under company law the directors must not approve financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the company and of the profit and loss of the company for that period.

In preparing those financial statements, the directors are required to

select suitable accounting policies and then apply them consistently,

make judgements and estimates that are reasonable and prudent,

state whether applicable United Kingdom accounting standards have been followed, and

prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for keeping proper accounting records that disclose with reasonable accuracy at any time the financial position of the company and to enable them to ensure that the financial statements comply with the Companies Act 2006. The directors are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

Each of the persons who is a director at the date of approval of this report confirms that

so far as the directors are aware, there is no relevant audit information of which the company's auditors are unaware, and

the directors have taken all reasonable steps that they ought to have taken to make themselves aware of any relevant audit information and to establish that the auditors are aware of that information.

This information is given in accordance with S 418 of the Companies Act 2006.

The directors' report describes the going concern basis of preparation of the financial statements.

All current and deferred tax charges or credits (after the application of group relief, to the extent relevant) are recognised in the company's profit and loss account.

Deferred taxation is provided in full in respect of timing differences between the recognition of income and expenditure for accounting and taxation purposes. Deferred taxation is not provided in respect of unrealised revaluation surpluses where there is no commitment to sell the asset. Deferred tax credits are recognised to the extent that it is regarded as more likely than not that the related assets will be recovered.
