1 ACCOUNTING POLICIES

Basis of Accounting

The financial statements have been prepared on a going concern basis, under the historical cost convention and in accordance with applicable UK Accounting Standards

The Directors have reviewed the financial position of the company and have considered the budget for the year ahead in their assessment of adopting the going concern basis for the preparation of the financial statements. Turnover

Timing differences arise from the inclusion of items of income and expenditure in tax computations in periods different from those in which they are included in financial statements.
