JOINT ADMINISTRATORS' STATEMENT OF PROPOSALS PURSUANT TO
PARAGRAPH 49 OF SCHEDULE B1 OF THE INSOLVENCY ACT 1986 (AS
AMENDED) (the "Act").

Matthew David Smith, Daniel Francis Butters and Gavin Maher (the "Joint Administrators") were appointed Joint Administrators of the Companies on 30 November 2020 by the High Court of Justice. The affairs, business and property of the Companies are managed by the Joint Administrators. The Joint Administrators act as agents of the Companies and contract without personal liability. All licensed Insolvency Practitioners of Deloitte LLP ("Deloitte") are licensed in the UK to act as Insolvency Practitioners by the Institute of Chartered Accountants in England and Wales.

For the purposes of paragraph 100(2) of Schedule B1 of the Act, the Joint Administrators confirm that they are authorised to carry out all functions, duties and powers by either of them jointly and severally.

25 January 2021

Outfit Retail Limited
Wallis Retail Limited
Evans Retail Limited (now EV OpCo Realisations Limited)
Dorothy Perkins Trading Limited
Burton Trading Limited
Miss Selfridge Retail Limited
all in administration (together "the Companies")

This Statement of Joint Administrators' Proposals ("the Proposals" or "our Proposals") has been prepared pursuant to paragraph 49 of Schedule B1 of the Act, which requires that we, as the Joint Administrators, provide creditors with details of our Proposals to achieve the purpose of the administrations.

It appears that **Wallis Retail Limited, Evans Retail Limited, Dorothy Perkins Trading Limited, Burton Trading Limited and Miss Selfridge Retail Limited** may have sufficient property to enable a distribution to be made to unsecured creditors. Whilst it is unlikely that there will be sufficient property to enable a distribution to unsecured creditors of **Outfit Retail Limited**, there are no secured or preferential creditors in this company.

As such we are required in accordance with paragraph 51 of Schedule B1 of the Insolvency Act 1986 to seek creditors' approval of our Proposals. In this instance, we propose to seek approval of our Proposals by deemed consent, Notice of which has been posted to the websites on Form ADM_F03. The proposed decision to approve our Proposals will be treated as having been made by creditors unless objected to, using the appropriate procedure as set out in the Notice, by 10% or more in value of creditors. Should that happen, the decision on approval will not be made and a further decision procedure will be held. Unless you object to our Proposals, no action is required from you. Please refer to the websites for further details including forms and guidance.

Please refer to the Frequently Asked Questions section on the case websites for more information about decision procedures in insolvency proceedings.

Please also note that hard copies of any of these documents will be provided free of charge on request.

We have also included the following information in this report:

- background of the Group;
- the circumstances giving rise to the appointments of the Joint Administrators;
- the progress of the administrations to date; and,
- the Joint Administrators' Proposals for achieving the objectives of the administrations (Appendix D).

Yours faithfully
For and on behalf of the Companies

	Commentary
Purpose of the administrations	<ul style="list-style-type: none"> The purpose of the administrations is to achieve a better result for the Companies' creditors as a whole than liquidations.
Joint Administrators' strategy	<ul style="list-style-type: none"> The Companies will continue to operate in their current form, to the extent possible in light of lockdown measures arising from the COVID-19 pandemic, while purchasers of the businesses are sought. Please refer to page 21 for further details.
Approval of the Proposals	<ul style="list-style-type: none"> WR, ER, DP Trading, Burton Trading and MSR - As we anticipate that sufficient funds will be available for distribution to unsecured creditors we are required to seek a decision from unsecured creditors on approval of our Proposals. We intend to take the decision by deemed consent, notice of which has been posted to the case websites together with guidance on what action if any is required. OR - Whilst we currently anticipate that a return to unsecured creditors is unlikely, as there are no secured or preferential creditors, we are also required to seek a decision from unsecured creditors on approval of our Proposals. This will be taken via deemed consent in the same manner as for the other companies as referred to above.
Estimated Timescale	<ul style="list-style-type: none"> OR - On current information the duration of the administration is not likely to exceed 12 months following which it is anticipated that the company will move to dissolution. WR, ER, DP Trading, Burton Trading and MSR - On current information the duration of the administrations are not likely to exceed 12 months following which it is anticipated that the Companies will move to creditors' voluntary liquidations.
Estimated Costs	<ul style="list-style-type: none"> We propose to seek approval to charge our fees for each company by reference to our time costs. We have provided Fees Estimates for each of the Companies showing a breakdown of our anticipated time costs and actual costs to date at Appendix C. We anticipate that disbursements of approximately £35k will be incurred over the duration of the appointments as split out per entity on pages 50 and 51. Details of third party costs we anticipate will be incurred in relation to legal fees and agents fees are provided at pages 31-32. There are a number of future third party costs which we have been unable to estimate at this time owing to the uncertainty over the timing and structure of any sales.
Estimated Outcomes	<p>On current information, we anticipate the following outcome for each category of creditor:</p> <ul style="list-style-type: none"> Secured creditors - There are no secured creditors in the Companies. Preferential creditors - There are no employees in the Companies therefore we do not anticipate any preferential claims. All staff for these brands are employed by Arcadia Group Limited ("AGL"). Unsecured creditors - It is unlikely that there will be a distribution for unsecured creditors of OR. It is likely that there will be a distribution for unsecured creditors of WR, ER, DP Trading, Burton Trading and MSR.
Proposals	<ul style="list-style-type: none"> Our Proposals for managing the business and affairs of the Companies can be found on page 25.

Background

The Companies / Group

Group background

Arcadia Group Limited and its subsidiaries ("the Group") is a London based group operating as a 'fast fashion' retailer across eight well established brands (Topshop, Topman, Burton, Dorothy Perkins, Evans (since sold), Wallis, Miss Selfridge and Outfit).

The Group has retail operations in the UK, Ireland, the Channel Islands, Isle of Man, the Netherlands and Germany. It also operates through concessions in France.

In addition to retail sales from stores and concessions, a number of the Group's brands sell to retail customers through digital platforms and certain brands also sell to wholesale and franchise customers, both in the UK and internationally.

At the date of our appointment, the Group operated from 459 leased sites in the UK, 14 in Ireland, nine in the Channel Islands, seven in Germany and one in the Netherlands. There are approximately 463 overseas franchise outlets across 27 countries. The majority of the Group's leasehold interests are held in a number of UK property holding subsidiary companies (also subject to insolvency proceedings, see group structure on page 8).

The Group structure is complex. This is largely due to the long history of the Group, parts of which have been trading for over one hundred years, and historical acquisitions of various brands and joint ventures.

The Group has been owned by Taveta Investments Limited (ultimately owned by Lady Cristina Green) since 2002.

AGL acts primarily as the holding company for the Group, providing essential shared services for operation of the wider Group, including finance, HR, treasury, accounting, payroll, insurance, merchant services, procurement and logistics. In addition, it contracts on behalf of a number of the operating subsidiaries, employs most of the staff (other than in relation to the Topshop and Topman brands) and has provided guarantees for a number of lenders, other liabilities and services.

It also operated a treasury cash pool for the UK Group companies (excluding the Topshop and Topman entities) to allow for efficient pooling of receipts and payments to common suppliers across brands.

Company background

The Companies are the main trading companies that are associated with their respective brands, Outfit, Wallis, Evans, Dorothy Perkins, Burton and Miss Selfridge.

Employees

As at 30 November 2020 the Companies had no employees. All staff connected with these brands are employed by AGL.

Background

The Companies / Group

Summarised Group Structure Chart

On 30 November 2020 28 Group companies were placed into administration, as detailed in the summarised Group structure chart on the following page, which reflects the position as at the date of our appointment. As noted on pages 8 and 18, partners from Deloitte were appointed over 27 of these companies and partners from KPMG LLP were appointed over one. In addition, four Irish entities entered into Irish liquidation at the same time, over which partners from Deloitte Ireland were appointed as liquidators.

As indicated, the Group structure is complex and we have therefore not included a number of now dormant, inactive Group companies or Group companies not subject to insolvency proceedings on the Group structure chart.

AGL and Top Shop/Top Man Limited ("TSTM OpCo") are the key operating companies within the Group. As noted earlier, the Group is highly interconnected and the majority of Group companies are dependent on AGL for shared services and head office functions.

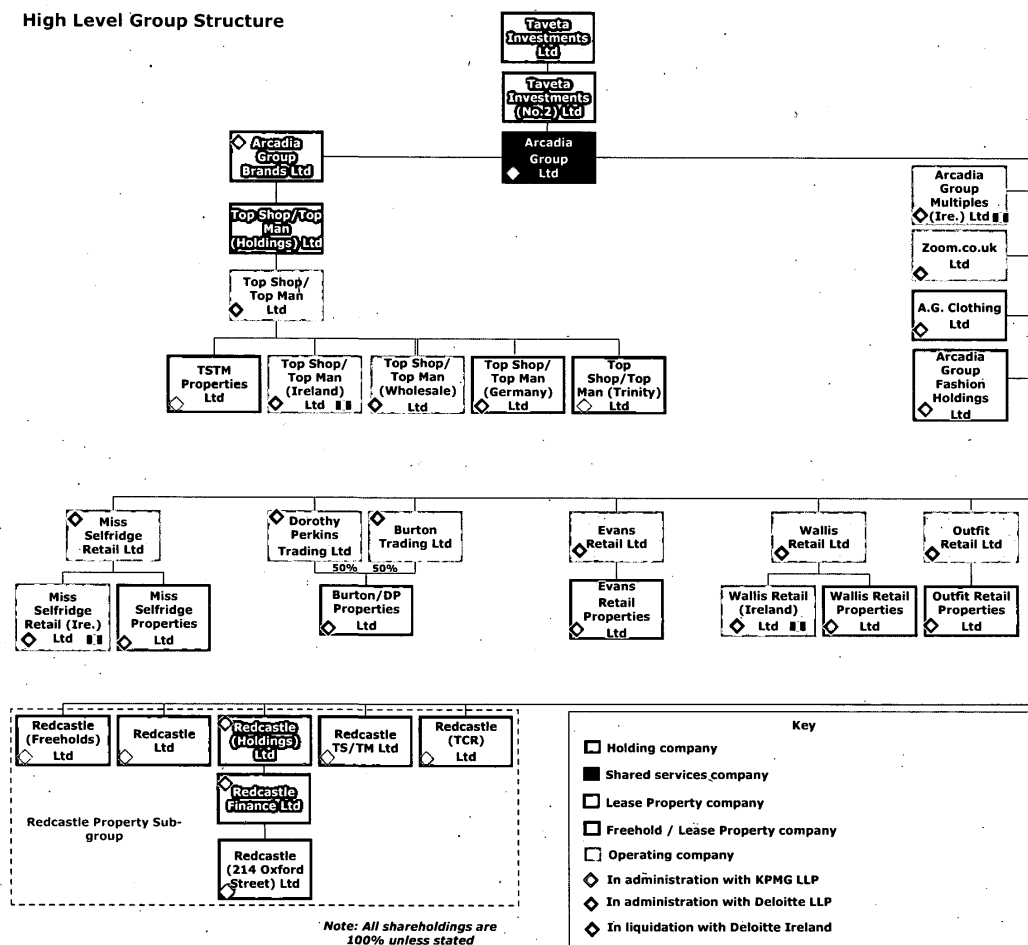

Background

The Companies / Group

Partners from Deloitte were appointed as administrators over 27 UK companies, partners from KPMG LLP were appointed administrators over Redcastle (214 Oxford Street) Limited and four Irish entities entered Irish liquidation.

Overview of financial information - OR

Extracts from the audited OR accounts for the 12 months to 26 August 2017, 53 weeks to 1 September 2018 ("FY18") and 12 months to 31 August 2019 ("FY19") are shown opposite.

Please note that this information has not been verified by the Joint Administrators or by Deloitte LLP ("Deloitte").

Profit and loss commentary

Despite a decline in turnover from FY18 to FY19, earnings before interest and tax ("EBIT") for FY19 was c£46m higher than the prior year. This was primarily owing to FY19 exceptional costs being £40.4m lower than FY18 mainly following provisions for onerous leases being released after approval of the CVAs in June 2019 which resulted in a significant reduction in rent and rates obligations and earlier lease exit options.

Balance sheet commentary

OR has historically had net liabilities owing to amounts due to group companies, with net liabilities of £76.4m as at 31 August 2019.

Tangible assets principally comprise fixtures and fittings relating to their stores.

The current assets of the company comprise of stock, debtors and cash and cash equivalents. Stock relates to goods that are held for resale, after the deduction of an impairment provision, albeit the vast majority of stock in OR stores remains owned by the relevant brand and is held on a 'consignment' type basis until sold. OR acts as an 'outlet' for the Group's other brands and does not have its own branded products. The debtors balance is predominately made up of trade debtors, with a small amount of prepayments and accrued income.

Please note that this information has not been verified by the Joint Administrators or by Deloitte LLP ("Deloitte").

Profit and loss commentary

Despite a decline in turnover from FY18 to FY19, earnings before interest and tax ("EBIT") for FY19 was c£4m higher than the prior year owing to FY19 exceptional costs being £7.9m lower than FY18 mainly following provisions for onerous leases being released after approval of the CVAs in June 2019 which resulted in a significant reduction in rent and rates obligations and earlier lease exit options.

There was a significant decline in EBIT from FY17 to FY18 owing to exceptional costs relating to asset impairments and provisions for onerous leases.

Balance sheet commentary

Tangible assets principally comprise fixtures and fittings relating to their stores. Intangible assets relate to goodwill and investments relate to shares in subsidiaries.

The current assets of the company comprise stock, debtors and cash and cash equivalents. Stock relates to goods that are held for resale, after the deduction of an impairment provision. Please note that this information has not been verified by the Joint Administrators or by Deloitte LLP ("Deloitte").

Profit and loss commentary

Due to a decline in turnover from FY18 to FY19, earnings before interest and tax ("EBIT") for FY19 was c£4m lower than the prior year despite a lower combined cost of sales and other expense items in the year FY19. The cost of sales balance for FY19 includes having £8m of lower exceptional costs relating predominantly to a decrease in the provision for onerous leases on loss-making stores.

Balance sheet commentary

Tangible assets relate to fixtures, fittings and equipment and investments relate to shares in subsidiaries.

The current assets of the company comprise stock, debtors and cash and cash equivalents. Stock relates to goods that are held for resale, after the deduction of an impairment provision. Overview of financial information – Burton Trading

Extracts from the audited Burton Trading accounts for the 12 months to 26 August 2017, 53 weeks to 1 September 2018 ("FY18") and 12 months to 31 August 2019 ("FY19") are shown opposite.

Please note that this information has not been verified by the Joint Administrators or by Deloitte LLP ("Deloitte").

Profit and loss commentary

Due to an increase in turnover from FY18 to FY19, earnings before interest and tax ("EBIT") for FY19 was c£4m higher than the prior year despite an increase in cost of sales and other expense items in the year FY19. The cost of sales balance for FY19 includes having £0.8m of lower exceptional costs relating predominantly to a decrease in the provision for onerous leases on loss-making stores.

Balance sheet commentary

Tangible assets comprise fixtures, fittings and equipment.

The current assets of the company comprise of stock, debtors and cash and cash equivalents. Stock relates to goods that are held for resale, after the deduction of an impairment provision. The debtors balance is predominately made up of amounts due from the Group, with the remainder of the balance consisting of trade debtors, deferred tax, prepayments and accrued income and other debtors.

Profit and loss commentary

Despite a £25m decline in turnover from FY18 to FY19, earnings before interest and tax ("EBIT") for FY19 was c£18m higher than the prior year. This was primarily owing to FY19 exceptional costs being £20.5m lower than FY18 mainly following provisions for onerous leases being released after approval of the CVAs in June 2019 which resulted in a significant reduction in rent and rates obligations and earlier lease exit options.

Background

Joint Administrators' appointment

Circumstances giving rise to the appointment of the Joint Administrators

Reasons for failure & financial distress

Along with many other UK retailers, the Group had, even prior to the impact of the COVID-19 pandemic, been faced with highly challenging market conditions on the UK high street, which were well publicised. These included the increasing switch from in-store to online shopping and an aggressive discounting environment as retailers competed for customers.

All of these factors put significant pressure on the Group and led to successive years of like-for-like decline in retail sales, including approximately 11% in the financial year 2018/2019 (the last full financial year prior to the COVID-19 pandemic).

In light of the challenging trading environment, the Group took a number of steps to seek to restructure its financial position. The principal such step was to propose CVAs of certain Group property companies with a view to reducing the Group's overall rent bill of £145 million. The CVAs were approved on 12 June 2019 and included the following companies:

- AGL;
- Burton / Dorothy Perkins Properties Limited;
- Outfit Retail Properties Limited;
- Redcastle Limited;
- TSTM OpCo;
- TSTM Properties Limited; and
- Wallis Retail Properties Limited (together "the CVA Companies").

Consequently the Group was able to reduce its rental obligations by c£35m and to exit c40 unprofitable stores earlier than would otherwise have been possible.

The CVAs provided a stable platform from which the Group could seek to implement its business plan and improve its financial performance. This included a change in retail focus for Topshop and Topman towards stock at more competitive prices and in a wider range of sizes, as well as the development of the Group's business on third party wholesale platforms, such as ASOS and Zalando.

Another key step in the Group's attempts to restructure was reaching an agreement with the Pension Schemes, the Pensions Regulator, The Pension Protection Fund and the majority ultimate shareholder on a deal offering appropriate protections for the Pension Schemes in return for reduced deficit repair contributions.

Accordingly, in June 2019 the Group agreed the following with the Pension Schemes:

- The Pension Schemes would be granted security capped in aggregate at £210m over assets owned by certain Group companies (including AGL);
- In return for the grant of security, AGL's deficit repair contributions to the Pension Schemes were reduced from an aggregate of c£50m a year to an aggregate of £25m per annum for three years; and
- The majority ultimate shareholder agreed with the Pensions Regulator to make cash payments totalling £100m into the Pension Schemes.

In 2020, as a result of national lockdown measures arising from the COVID-19 pandemic, the Group was required by the UK Government to close all of its retail outlets in the UK in March 2020 ("the March Lockdown"). In the period since March 2020, there have been various well publicised changes to local lockdown restrictions resulting in reduced consumer confidence, reduced demand for fast fashion, and significantly declining footfall in stores, which have further significantly impacted the financial performance of the Group.

Background

Joint Administrators' appointment

Circumstances giving rise to the appointment of the Joint Administrators (continued)

Steps taken to remedy / turnaround

Following the March Lockdown, the Group took a number of steps to mitigate the impact, including (but not limited to):

- Making use of the Government support available, such as the UK's job retention scheme;
- Seeking revised terms with the Group's trade suppliers;
- Seeking to cancel orders for stock where it was evident that there was no prospect of selling the stock;
- Agreeing deferral and Time to Pay arrangements with HM Revenue & Customs ("HMRC") with respect to VAT, duty, PAYE and National Insurance Contributions; and
- Agreeing a deferral of deficit repair contributions relating to the Pension Schemes for the six months from March to August 2020.

These actions assisted in mitigating the impact of lockdowns and preserving the Group's liquidity. However, the impact could not be fully mitigated and the Group's financial position had therefore materially deteriorated by the end of October 2020.

Following the Government lockdown in England announced on 5 November 2020, the Group identified a potential near-term cash requirement of c£30m and therefore entered into extensive discussions with its largest creditor, the Pension Schemes, to request further deferral of deficit repair contributions, and support for any further funding, and also entered into negotiations with a number of possible third party finance providers to provide liquidity into the first quarter of 2021.

An agreement could not be reached with the Pension Schemes with respect to a further deferral of deficit repair contributions. Whilst the Group had progressed discussions with third party finance providers, there was material uncertainty as to whether the terms offered would be acceptable to the Group and would be consistent with the security granted to the Group's existing creditors within the required time period.

When decision to appoint was made

Despite these efforts, the directors concluded that the Group's continued trading in the long term was not viable, with a potential cash shortfall forecast in early 2021, and concerns around the ability to sufficiently turn around the Group's trading profitability. The directors' key concern in reaching this conclusion related to no longer having confidence in medium-term trading prospects rather than simply a funding issue.

This conclusion also took into account:

- Continuing COVID-19 related restrictions across the UK;
- Uncertainty over the timing and extent of potential further lockdown measures being necessary, and the impact on subsequent consumer spending;
- The implications of the UK Government's economic forecasts as set out in the Chancellor of the Exchequer's Spending Review on 25 November 2020; and
- Competition from better funded retailers in online sales.

Consequently, the directors held a board meeting on 27 November 2020 and concluded that the Administration Companies did not have a reasonable prospect of avoiding insolvency. They therefore resolved to place the Companies (and other entities in the Group as shown in the Group structure chart) into administration. These appointments were then effected as soon as was practicable.

Involvement of Deloitte pre-appointment

The directors of AGL first approached Deloitte Restructuring Services in September 2018 to advise them in relation to the Group's financial position and options available to them, including the feasibility of CVAs for a number of Group entities.

Following this introduction, there have subsequently been a number of further engagements by AGL to provide, variously, implementation of the CVA, contingency planning advice, undertake options reviews and separation feasibility work as detailed below:

- 22 May 2019 - Daniel Butters and Ian Wormleighton were appointed as Joint Nominees of the CVA Companies and were subsequently appointed as Joint Supervisors on 12 June 2019;
- 22 May 2019 - Daniel Francis Butters and Ian Colin Wormleighton of Deloitte were appointed as Joint Administrators of Arcadia Group (USA) Limited;
- January 2020 - Deloitte LLP's restructuring team (led by Daniel Butters) was engaged by Taveta Investments Limited, AGL and TSTM Opco to review and identify separation issues which the Group may face due to its legal and operational structure; and
- March 2020 - Deloitte LLP's restructuring team (led by Daniel Butters, Gavin Maher and Matthew Smith) was engaged by Taveta Investments Limited (AGL's ultimate parent company), AGL and TSTM Opco to provide financial restructuring options and contingency planning advice (including updating estimated outcome statements for insolvency scenarios) in light of the Group's liquidity position following the COVID-19 pandemic.

Matthew David Smith, Daniel Francis Butters, Robert Scott Fishman, Daniel James Mark Smith and Gavin Maher of Deloitte were asked to take the pending appointments as Joint Administrators by the directors of the respective entities, as set out on the next page (together "the Administration Companies").

AGL has also previously engaged with other parts of Deloitte to provide the services detailed below:

- August 2016 to February 2017 - Deloitte Tax provided advice on the corporation tax implications of its pension strategy and options in relation to BHS Group Ltd;
- May 2018 - Deloitte Consulting provided advice on improving the shopping experience within the Group's retail operations;
- September 2015 to May 2018 - Deloitte Tax prepared and submitted the Group's research & development tax relief claims and elections;
- June 2016 to May 2019 - Deloitte Pensions Advisory provided multiple phases of work relating to liability management exercises, feasibility, valuations advice and negotiations with the Pension Schemes, The Pensions Regulator and the Pension Protection Fund;
- November 2018 to December 2019 - Deloitte Tax prepared and submitted the Group's international tax returns to the US and Kuwait tax authorities; and
- June 2019 to February 2020 - Deloitte Pensions Advisory was engaged by AGL to provide advice on the valuations of the Pension Schemes for which AGL is the sponsoring employer.

Post-appointment Purpose

Appointment of the Joint Administrators

Matthew David Smith, Daniel Francis Butters and Gavin Maher of Deloitte were appointed Joint Administrators of the Companies by the High Court of Justice, Business and Property Courts of England and Wales, on 30 November 2020, following submission of a court application by the Companies' directors.

Purpose of the administrations

As mentioned previously, the Group is highly interconnected. The majority of Group companies are dependent on AGL for shared services and head office functions, and the Companies are reliant on AGL for collection of sales receipts.

The Administration Companies have significant levels of unsecured debt and contingent liabilities which would need to be restructured in order to rescue the business as a going concern. However, having regard to the overall level of liabilities across the Group and the need for significant operational restructuring of the Group's businesses to reduce their retail footprint and improve their online offerings, there is unlikely to be any interest from third parties in a debt restructuring.

Accordingly, the purpose of the administrations is to achieve a better result for creditors as a whole than would be obtained through an immediate liquidation of the Companies.

The purpose of the administrations will be achieved through the ongoing trading of the Companies in order to achieve a sale (or sales) of their businesses and therefore generate greater realisations than if the Companies were to be placed into liquidation.

How the affairs and business of the Companies have been managed and financed since appointment, and the Joint Administrators' intended strategy if their Proposals are approved

Trading across the Administration Companies

Immediately following our appointments, we concluded it would be in the best interests of creditors to continue to trade the Group's operating businesses whilst seeking a sale (or sales) as going concerns.

The Administration Companies operate the Topshop, Topman, Dorothy Perkins, Burton, Wallis, Evans, Miss Selfridge and Outfit brands along with associated centralised functions (many of which are undertaken by AGL). The Group operates from over 400 stores, plus concessions, across the eight brands and employs c13,000 employees.

Following the end of the second lockdown in England on 2 December 2020, the Joint Administrators reopened all stores in England where possible, to capitalise on pre-Christmas trading and realise significant levels of stock within the Group, whilst also maintaining the operational integrity of the Group and protecting the brands' value.

There were no immediate redundancies and the Joint Administrators continued to operate the Group in its current form, negotiating with critical suppliers (eg IT and logistics providers) to agree suitable commercial terms for continuity of service for the period of trading.

During the initial trading period, negotiations were undertaken with landlords on an individual site by site basis to agree suitable ongoing terms of occupancy with each landlord. Site openings and profitability levels have been continuously reviewed throughout the trading period.

Significant work has also been undertaken negotiating with key trade suppliers, shipping companies, freight forwarders, etc to preserve the integrity of the Group's supply chain, unblock inbound product and enable the Group to source new stock lines.

145 of the Group's stores were impacted by Tier 4 restrictions that came into force on 20 December 2020. Each of these stores was considered for possible closure with regards to: (i) reducing the ongoing occupational costs which were continuing to accrue whilst the stores could not trade, particularly where landlords did not agree to cost free occupation during this period; and (ii) protecting leases identified as likely to be required as part of any business sales process. As at 22 January 2021, 80 stores have been permanently closed and a further 14 stores are due to be closed by 31 January 2021.

All stores are now closed following announcement of a third lockdown across the UK Governments in late December 2020.

The e-commerce platforms have remained operational, fulfilling online orders for all brands through the three Distribution Centres.

In addition, the Group has continued to work with its Wholesale, Franchise, and External Business partners to continue fulfilling its order commitments to these Partners, including the sourcing of new stock, in order to preserve value in the businesses of the brands.

The Companies

The Proposals relate to the Companies only, which are the main trading companies in the Group for their respective brands.

Sale of business

Following our appointment, the brands were marketed for sale (as a whole, as sub-groups or as individual brands) through a wide-reaching accelerated M&A process.

We completed a sale of the digital and wholesale trading operations of the ER business to City Chic Collective UK Limited ("City Chic") on 23 December 2020. City Chic is a subsidiary of an Australian listed multi-channel women's fashion retailer, and was in discussions with the Group about a potential acquisition of the Evans business prior to our appointment.

Under the terms of the sale, EV OpCo retained a right to continue to sell retail stock through the Evans stores for a period of up to three months. Due to lockdown restrictions, trading this stock through the stores may not now be possible, and we are exploring alternative sales channels to realise the remainder of the stock on hand.

Total consideration for the sale was c£23.1m, comprising £20.9m for the business, brands, goodwill and intellectual property, and c£2.3m for stock on hand (subject to a final reconciliation). The bulk of this consideration was received by ER, comprising £15.7m of the value received for brands and other intangible assets, plus the value of the stock. The remaining £5.2m of the consideration was attributed to brands and other intangible assets sold by AGL and Arcadia Group Brands Limited.

The sale process for the other brands is ongoing, and negotiations are continuing with a small number of key interested parties following two rounds of bidding. The Joint Administrators will be seeking to conclude sales of the various brands' businesses and assets over the coming weeks.

Receipts and Payment accounts

Receipts and payments accounts, detailing asset realisations achieved and costs paid up to 8 January 2021 for each of the Companies are provided on pages 40-42.

As mentioned previously, AGL operates the treasury, shared services and cash pool functions across the Group (excluding cash for TSTM). These operations have continued during the administrations, with the majority of trading transactions and cash flowing through AGL. A regular reconciliation exercise will be undertaken in conjunction with AGL staff to determine the appropriate allocation of these shared costs to each of the Administration Companies.

At the date of this report, the first post appointment reconciliation exercise remains ongoing and will be concluded in the period after this report. Consequently, our receipts and payments accounts on pages 40-42 do not reflect the allocation of sales income, nor the recharge of many of the costs to the operating companies. Detailed trading and receipts and payments accounts, including the allocation of income and recharge of AGL's costs, will be provided in our first progress report.

Post-appointment Joint Administrators' strategy

Asset realisations

Stock

As discussed, the Companies continue to operate in their current form in the short term with a view to selling the businesses and assets of the Companies as going concerns where possible, with the exception of Evans which has been sold as discussed above. We believe that this will achieve a better result for creditors than an immediate winding up of the Companies.

Hilco Valuation Services ("Hilco Val") have been instructed to provide valuations of both stock and chattels of the Group, as noted on page 32.

As at 28 November 2020, the Companies had stock of:

Entity	Book value (£'000)
WR	10,114
ER	6,148
Burton Trading	24,976
DP Trading	47,479
MSR	11,802

OR stock relates to goods that are held for resale, after the deduction of an impairment provision, albeit the vast majority of stock in OR stores remains owned by the relevant brand and is held on a 'consignment' type basis until sold. OR acts as an 'outlet' for the Group's other brands and does not have its own branded products.

WR, ER, DP Trading, Burton Trading and MSR have collectively received £1.5m of retention of title ("ROT") claims to date. We continue to review and settle ROT claims where valid.

The split of the ROT claims received and settlement payments to date is shown opposite:

Entity	ROT claims (£'000)	Settlement payments to date (£'000)
WR	109	-
ER	254	11
Burton Trading	99	-
DP Trading	947	120
MSR	93	-

Trade debtors

As at the date of our appointment, the Companies' records showed combined trade debtors of £26.2m. Trade debtors are being reconciled and collected as part of the ongoing trading of the Companies. The value of collected debtors will be confirmed in our next progress report to creditors.

The split of the balance that was owing is shown below:

Entity	Book value (£'000)
OR	1,357
WR	2,875
ER	1,880
Burton Trading	11,112
DP Trading	5,166
MSR	3,774

Intellectual Property

We understand that the Companies own the majority of the intellectual property ("IP") for their respective brands. The sale of IP is being run in conjunction with the sale of business process.

A total of £20.9m was realised by ER for its brands and other intellectual property on the sale of the business to City Chic, of which £15.7m related to intellectual property owned by the ER entity and £5.2m is payable to other Group companies.

Post-appointment Joint Administrators' strategy

Asset realisations (continued)

Chattel assets

As at the date of appointment the Companies owned certain tangible fixed assets including plant and machinery, fixtures and fittings and other items across their trading premises, with a combined book value of £831k. The sale of these assets is being sought in conjunction with the sale of business process. An independent valuer, Hilco Val, has been instructed to value these assets. This process is ongoing.

Entity	Book value (£'000)
OR	104
WR	213
ER	129
DP Trading	586
Burton Trading	307
MSR	34

Intercompany receivables

There are material intercompany balances across the Group, which we are in the process of reconciling. Realisations into some of the Companies are anticipated by way of distributions from certain of the Administration Companies, the timing and quantum of which will be confirmed following completion of sales of businesses and asset realisations in the wider Group.

Post-appointment Joint Administrators' Proposals

The Joint Administrators' Proposals

Our Proposals for the administrations include:

- continuing to manage the affairs and any remaining assets of the Companies and the settlement of all administration expenses;
- assessing the affairs of the Companies and reviewing and reporting on the conduct of their directors and, where required, providing assistance to any regulatory authorities with any investigation into the affairs of the Companies or their management;
- agreement of the claims of any secured, preferential and unsecured creditors against the Companies unless we conclude, in our reasonable opinion, that the Companies will have no assets available for distribution;
- distributing funds to any secured and preferential creditors and, where applicable, to unsecured creditors under the Prescribed Part as and when their claims are agreed and funds permit, and to make distributions to unsecured creditors, other than out of the Prescribed Part if the court gives permission following an appropriate application;
- that, following the realisation of assets and resolution of all matters in the administrations, and as quickly and efficiently as is reasonably practicable, we will implement the most appropriate exit route to formally conclude the administrations; and
- that, if the Companies are to be placed into Creditors' Voluntary Liquidation ("CVL"), we (or any person appointed as a replacement office holder) propose to be appointed Joint Liquidators and for the purposes of section 231 of the Act the Joint Liquidators will each be authorised to carry out all functions, duties and powers either jointly or severally.

We will seek specific approval from the unsecured creditors, or the creditors' committee(s) should any be formed, to fix the basis of and the ability to draw our remuneration and expenses, including pre administration costs and expenses.

Please refer to Appendix D for further details.

Post-appointment Outcome for creditors

Estimated outcome for creditors

Secured creditors

At the date of our appointment there were no secured creditors in the Companies.

Preferential creditors

Preferential claims consist of amounts owed to employees for arrears of wages / salaries, holiday pay, and pension contributions. As there were no employees in the Companies we do not anticipate any preferential claims will be received.

Prescribed Part

The Prescribed Part is an amount set aside for unsecured creditors from asset realisations that would otherwise be paid to secured creditors under their floating charge, (referred to as the net property), as set out under section 176A of the Act. It applies only where the charge was created on or after 15 September 2003.

The Prescribed Part is calculated as a % of the net property and is subject to a statutory maximum of £600,000 per company.

Where the value of the Prescribed Part is so small as to make the costs of distributing it disproportionate, the court may, on our application, disapply it.

As there are no floating charges in the Companies the Prescribed Part provisions will not apply to these cases.

Unsecured creditors

The Companies' records as at 30 November 2020 list creditors with balances totalling £33.1m across the Companies.

The balances are broken down as follows:

- OR - 43 creditors totalling £252k
- WR - 93 creditors totalling £7.4m
- ER - 90 creditors totalling £3.8m
- DP Trading - 211 creditors totalling £9.8m
- Burton Trading - 149 creditors totalling £7.8m
- MSR - 120 creditors totalling £4.0m

This listing does not capture a number of other unsecured creditor claims which are expected in the administrations, including a number of intercompany creditors, amounts due under potential guarantees, amounts due to HMRC in respect of VAT or other contingent liabilities. The total value of unsecured creditors is expected to be materially higher than the totals given above once these other liabilities have been quantified and included.

As previously advised we anticipate realising sufficient funds to enable a distribution to be made to unsecured creditors in each of the Companies (ie WR, ER, DP Trading, Burton Trading and MSR), other than in OR.

Post-appointment Outcome for creditors

Claims process

OR

As there is unlikely to be any prospect of a distribution for unsecured creditors, we do not intend to undertake any work to agree any creditor claims received at this stage.

WR, ER, DP Trading, Burton Trading and MSR

As we anticipate that a dividend is likely to be made to unsecured creditors in the above companies, we therefore invite creditors to claim, following the guidance in the paragraphs below.

Creditors with debts of £1,000 or less

You do not need to prove your debt for dividend purposes if the amount you are owed, according to the Companies' books and records, is £1,000 or less. Instead, we will notify you if funds become available for dividend purposes and provide you with details of the amount at which your claim has been admitted. If you disagree with that amount, you will be provided with an opportunity to notify us of the correct amount.

Please note that should you wish to vote in a decision procedure, you will then need to submit a proof of claim to us.

Creditors with debts of more than £1,000

Unsecured creditors with claims of more than £1,000 are invited to submit their claims to us either directly via the case websites at www.ips-docs.com or by downloading and completing a proof of debt form from the case websites and which should be sent to the address on page 4. Alternatively, a hard copy proof of debt form will be provided free of charge on request.

Post-appointment Extensions & exit routes

Exit routes

In accordance with the provisions of the Act, all administrations automatically come to an end after one year, unless an extension is granted by the court or with consent of the creditors.

There are several possible exit routes from administration. Based on current information, we consider the following exit routes may be appropriate:

- **Dissolution** – If there is no further property which might permit a distribution to the Companies' creditors, we may file notice to that effect with the Registrar of Companies and the Companies will be dissolved three months later.
- **Compulsory Liquidation ("WUC")** – where there is a possibility, but no certainty, of recoveries being made or matters such as property to disclaim or further enquiry, it may be appropriate to ask the court to end the administrations and to make an order to wind up the Companies.
- **Creditors' Voluntary Liquidation ("CVL")** – Where a distribution to unsecured creditors will be made, other than by virtue of the Prescribed Part, we may file a notice to that effect with the Registrar of Companies. The administrations will cease on the date that notices are registered and the Companies will be wound up.
 - Please note that if the Companies are placed into CVL, the Joint Administrators (or any person appointed as a replacement office holder) propose to be appointed as Joint Liquidators. The creditors may nominate a different person to be liquidator(s) provided the nomination is made before the Proposals are deemed approved by 8 February 2021.

- Any creditors' committee appointed in the administrations will become a liquidation committee.
- For the purposes of section 231 of the Act the liquidators will each be authorised to carry out all functions, duties and powers either jointly or severally.

Discharge of Joint Administrators' liability

Pursuant to paragraph 98 of Schedule B1 of the Act, the Joint Administrators' discharge of liability in respect of their actions as administrators takes effect at the specific time appointed by either the court, the creditors (either via the creditors' committee or by decision of the creditors) or, in specific circumstances, by the secured (and preferential) creditors.

In this case, we will request approval from the Court for us to be discharged from liability as at the date the Registrar of Companies registers the Joint Administrators' final progress reports.

Pursuant to Rule 18.16 of the Insolvency Rules 2016 ("the Rules"), the basis of the Joint Administrators' remuneration may be fixed:

- as a percentage of the value of the property with which the Joint Administrators have to deal;
- by reference to time properly given by the insolvency practitioners and their staff in attending to matters arising in the administration;
- as a set amount;
- or, any combination of the above.

We intend to invite the creditors, or the creditors' committee should one be formed, to formally approve that the basis of our remuneration be fixed by reference to our time costs incurred in attending to matters arising in each of the administrations. In advance of seeking that approval we have set out in more detail what our anticipated time costs will be in our Fee Estimates at Appendix C.

We will seek these approvals through further decision procedures once the outcome of the decisions on approval of our proposals is known.

These further decision procedures will be held by correspondence. We will give formal Notice of these together with the resolutions being requested in respect of our remuneration and expenses, voting forms and general guidance via the websites at www.ips-docs.com and which we anticipate doing within two months of our Proposals being approved. We will also provide hard copies of any of these documents to you on request to arcadiacreditors@deloitte.co.uk.

Please note that in the event that a creditors' committee is formed, the resolutions tabled in any decision procedure will be determined by that committee.

Fees Estimate

Fees Estimates are provided at Appendix C in which we have tried to provide you with as accurate an estimate as we can of our likely time costs for the duration of each of the appointments. We have based these estimates on experience in other similar matters and the cost of work done to date and estimate that our time costs will be £6.5m across the Companies, split as follows:

- OR - £606k;
- WR - £918k;
- ER - £947k;
- DP Trading - £1.4m;
- Burton Trading - £1.5m; and
- MSR - £1.0m

Joint Administrators' Expenses

We will incur a number of disbursements during the appointments, which are detailed on pages 50 and 51 and estimated to total £35k.

Expenses - Professional costs - Legal

We have instructed a number of lawyers to advise on specific matters in relation to the Companies and across the Group, based on their level of appropriate expertise and experience in dealing with these types of administrations and related matters. These instructions are summarised below:

Freshfields Bruckhaus Deringer LLP ("Freshfields")

- Freshfields are the principal legal advisors for the Administration Companies and the Joint Administrators. Their work to date includes but is not limited to procedural appointment preparation and formalities covering general insolvency, sale of business, properties, stock, contracts and litigation.

- Their discounted costs incurred for the period 1 December 2020 to 25 December attributable to each of the Companies are approximately:

- OR - £0.4k;
- WR - minimal (£45 only);
- ER - £403k;
- DP Trading - £1k;
- Burton Trading - £2k; and
- MSR - £1k

- Other than for ER, Freshfields' future costs will relate to sale of business matters, however given that any sale of business timing and structure is currently unconfirmed, it is not possible to provide an estimate of further fees at this stage.

Brown Rudnick LLP ("Brown Rudnick")

- Brown Rudnick have been instructed to specifically provide advice to the Joint Administrators on appointment matters, director investigations and other matters where would otherwise be conflicted.
- Brown Rudnick have not incurred any costs to date in the Companies.
- Brown Rudnick's future costs will largely relate to investigations, however as we are in the early stages of our investigations work, it is not possible to provide an estimate of further fees at this stage.

Appleby (Guernsey) Limited ("Appleby G")

- Appleby G were instructed to advise on local jurisdictional matters such as recognition of the administrations in Guernsey, ongoing trading, properties and employment matters in relation to the certain of the Companies.
- Appleby G billed £35.5k (exclusive of VAT) across AGL, Redcastle Limited, Burton Trading, DP Trading and Burton/Dorothy Perkins Properties Limited and which costs will be apportioned equally across the relevant estates (£7.1k exclusive of VAT, per company).

Joint Administrators' Expenses (continued)

Expenses - Professional costs - Legal (continued)

Appleby (Guernsey) Limited ("Appleby G") (continued)

- Appleby G's future costs will largely relate to sale of business, however given that any sale of business timing and structure is currently unconfirmed, it is not possible to provide an estimate of further fees at this stage.

Appleby (Jersey) LLP ("Appleby J")

- Appleby J have been instructed to advise on local jurisdictional matters such as recognition of the administrations in Jersey, ongoing trading, properties and employment.
- Appleby J's fees to date are £22.5k plus £795 disbursements (exclusive of VAT) across AGL, Redcastle Limited, Top Shop / Top Man Limited, Top Shop / Topman Properties Limited, Burton Trading, DP Trading and Burton/Dorothy Perkins Properties Limited, and which costs will be apportioned equally across the relevant estates (£3.3k exclusive of VAT, per company).
- Appleby J's future costs are anticipated to be in relation to Court sanction for any sale of business affecting Jersey assets, however given that any sale of business timing and structure is currently unconfirmed, it is not possible to provide an estimate of further fees at this stage.

Appleby (Isle of Man) LLC ("Appleby IOM")

- Appleby IOM have been instructed to advise on local jurisdictional matters such as recognition of the administrations in Isle of Man, ongoing trading, properties and employment.
- Appleby IOM's fees to date are £30k plus £900 disbursements (exclusive of VAT) across AGL, Redcastle Limited, Top Shop/ Top Man Limited, Top Shop/Topman Properties Limited, Burton Trading, DP Trading, Burton/Dorothy Perkins Properties Limited, Wallis Retail and Wallis Retail Properties Limited, and which costs will be apportioned equally across the relevant estates (£3.4k exclusive of VAT, per company).

Appleby IOM's future costs are anticipated to be in relation to sale of business, however given that any sale of business timing and structure is currently unconfirmed, it is not possible to provide an estimate of further fees at this stage.

Expenses - Professional costs - Agents

Hilco Valuation Services ("Hilco Val")

- Hilco Val have been instructed to provide valuations of both stock and chattels of the Group, and potential assistance with store clearances.
- Hilco Val's fees in relation to valuation of the non-stock assets is estimated to be £45k - £60k (exclusive of VAT) across the Group, primarily in relation to AGL.
- We are in the process of agreeing their fee proposals in relation to stock and store clearances.

We are regularly in correspondence with professional advisors regarding anticipated costs. All professional costs are reviewed by us and analysed in detail before payment is approved or made.

Remuneration and expenses

Pre-administration costs

Statement of pre-administration costs

We set out below an explanation of the work carried out by us in the period prior to the administrations and which was carried out with the intention of achieving the objective of the administrations, ie to achieve a better result for the Companies' creditors as a whole than liquidations, which included but was not limited to:

- Planning for the administrations and administration strategies;
- Gathering information regarding the Companies in preparation for trading on day one;
- Planning and arranging staffing;
- Identifying key suppliers;
- Gathering information in preparation for immediate post appointment statutory notifications; and
- Liaison with key stakeholders.

This work was performed before the Companies went into administration in order to ensure continuity of trading post appointment, to protect the value in the Group's businesses.

In relation to this work our time costs are detailed below, all of which remain unpaid:

- OR - £33,673.75
- WR - £40,018.88
- ER - £48,602.38
- DP Trading - £59,654.38
- Burton Trading - £67,952.63
- MSR - £54,168.88

Pre-administration legal costs

Freshfields were instructed to assist in planning for the administrations and to undertake formalities of the administration appointments in relation to the Companies and the wider Group, including but not limited to: drafting and preparation of Court documents and notices; Court attendance; and advice on timings and procedural aspects of appointments.

In respect of this work, Freshfields incurred £24,925 in each of the Administration Companies).

The Court ordered that these costs be paid as an expense of the administrations.

Freshfields were also instructed to advise on operational matters in order to facilitate continuity of trading post appointment including but not limited to:

- Retention of title ("ROT");
- Review of letters of credit / financing arrangements;
- Transitional services agreements and non disclosure agreements;
- Ransom suppliers; and
- Advice in relation to the Pension Schemes and UK pensions stakeholders.

In respect of this work, Freshfields incurred £4,061.14.

Burness were instructed to assist with planning for the administrations, in relation to Scottish property and trading matters. In respect of this work, Burness incurred £855 plus VAT in each of the Companies.

Approval of unpaid pre-administration costs

Payment of unpaid pre-administration Deloitte time costs in each of the Companies, as set out opposite, and Freshfields time costs of £4,061.14 in each of the Companies, is subject to approval under Rule 3.52. In this regard we will invite creditors to decide whether and to what extent the unpaid pre-administration costs should be approved for payment in each of the Companies.

Investigations

EU Regulations

As stated in the administration appointment documents, Council Regulation (EU) No 2015/848 applies and these are the main proceedings as defined in Article 3(1) of that regulation.

Third party assets

Should you believe that you own or have a claim regarding items that may have been present at the Companies' premises at the date of our appointment please contact us as soon as possible.

Investigations

As part of our duties, we are obliged shortly after our appointment to review all of the information available to us and conduct an initial assessment of whether there are any matters that might lead to a recovery for the benefit of creditors. This initial assessment includes enquiries into any potential claims that may be brought against parties either connected to or who have had past dealings with the Companies.

In addition, we are required to consider the conduct of the directors and any person we consider to have acted as a shadow or de facto director in relation to their management of the affairs of the Companies and the causes of failure and we will submit a confidential report to the Insolvency Service, a division of the Department for Business, Energy and Industrial Strategy. Creditors who wish to draw any matters to our attention should contact us using the contact details given on page 4 as soon as possible.

Appendix B

Receipts and payments accounts

Receipts and payments accounts are provided on the following pages for the Companies, detailing the transactions since our appointment on 30 November 2020 to 8 January 2021.

As referred to on page 6, AGL operates the treasury, shared services and cash pool functions across the Group (excluding cash for TSTM). These operations have continued during the administrations, with the majority of trading transactions and cash flowing through AGL. A regular reconciliation exercise will be undertaken in conjunction with AGL staff to determine the appropriate allocation of these shared costs to each of the Administration Companies.

At the date of this report, the first post appointment reconciliation exercise remains ongoing and will be concluded in the period after this report.

Please note that this means that the receipts and payments accounts as presented on the following pages do not reflect the allocation of sales income nor recharge of many of the costs to the operating companies (trading company sales and debtor receipts, as well as certain payments). We will however provide detailed trading and receipts and payments accounts, including the recharge of AGL's costs, in our first progress reports.

Notes to the receipts and payments accounts

1 Statement of Affairs

We have granted an extension to the directors for provision of the statements of affairs, to 29 January 2021. Accordingly the estimated to realise values are based on amounts stated in the Companies' last management accounts available.

2 Intercompany Funding

TSTM Opco has loaned monies to the Companies to cover initial trading costs, which have been onward loaned to AGL, ie all monies were passed onto AGL. These monies will be repaid to TSTM Opco by the Companies from trading receipts and asset realisations in due course.

3 Bank interest

All funds were held in an interest bearing account. The associated corporation tax on interest received has been/will be accounted for to HM Revenue & Customs ("HMRC").

4 VAT

All sums are shown net of VAT, which is recoverable and will be accounted for to HMRC in due course.

5 Rounding note

In preparing this report, figures have been rounded (for presentational purposes only). There may therefore appear to be rounding errors.

Fees Estimate

For purposes of the Fees Estimate, the average rate per hour shown for each work activity is based on a blended rate calculated as a factor of the estimated time that each grade of staff will spend on that activity and their specific charge - out rate.

Time Costs to date

These are shown as the average rate per hour for each activity based on the actual time spent by each grade of staff at their specific charge - out rate.

Joint Administrators' Fees Estimate

Our Fees Estimates detailing the work that we anticipate will need to be undertaken on these cases for the duration of each appointment together with estimates of the likely cost and amount of time that each part of that work will take to complete, are provided on the following pages.

The work anticipated to be undertaken has been categorised by activity which we hope is self explanatory.

We have also separately identified and grouped those work activities that are primarily administrative in nature (including tasks required for statutory, regulatory or compliance purposes) from activities which can be seen to directly add value to the case, such as asset realisation or dealing with claims.

Time costs incurred to date

As indicated at page 30 above, we intend to invite creditors, or the creditors committees should one be formed, to fix our fees in relation to work done during the administrations on a time costs basis. An analysis showing our time costs for this work to 8 January 2021 and the average hourly charge for each category of work undertaken to 8 January 2021 is also provided in the Fees Estimates on the following pages.

Please note that all partners and technical staff (including cashiers) assigned to the case record their time spent working on the case on a computerised time recording system. Time spent by secretarial staff working on the assignment is not recorded or recovered. The appropriate staff will be assigned to work on each aspect of the case based upon their seniority and experience, and having regard to the complexity of the relevant work, the financial value of the assets being realised and/or claims agreed. Time is recorded in six minute units.

Mileage is calculated by reference to the mileage properly incurred by the Joint Administrators and their staff, at the prevailing standard mileage rate used by Deloitte at the time when the mileage is incurred (currently up to 45p per mile). The mileage estimates above and opposite are a provision for mileage expenses which may be incurred by staff engaged on the administrations. The duration and nature of lockdown measures in response to the COVID-19 pandemic will impact actual mileage expenses incurred.

Deloitte call centre

Deloitte call centre costs relate to the costs of the Deloitte call centre services team, which is an in house special services team engaged to facilitate handling of stakeholder communications on cases such as this where high call volumes are anticipated. Their work is being charged on a time costs basis, the charge out rates for which are provided below:

Deloitte call centre rates

Role	Rate (£ / hour)	Daily rate (£)
Senior Manager	255.63	2,045.00
Operations Manager	93.75	750.00
Agent	34.38	275.00

We anticipate that specialist VAT advice will be sought from Deloitte Netherlands, Germany, France and Ireland in relation to VAT matters in those territories. At this stage none of this work has been instructed therefore an estimate of costs is not available at this time.

Joint Administrators' Proposals

We are required in accordance with paragraph 51 of Schedule B1 of the Insolvency Act 1986 to seek a decision from creditors on the following matters in relation to each of the Companies:

1. Approval of our Proposals;
2. Whether a creditors' committee should be established.

Deemed Consent – Approval of the Joint Administrators' Proposals

We intend to seek approval of our Proposals for all companies using the deemed consent procedure. This means that unless you wish to object to our Proposals you do not need to take any action. If you do wish to object, you must notify us of your objection before 23.59 hours on 8 February 2021. For further details, please refer to the Notice of Decision to be held by Deemed Consent which has been uploaded to the case website at www.ips-docs.com for viewing and download.

Creditors' Decision Procedure – to be held by correspondence – fixing the basis of our remuneration and other matters

As indicated on page 30 we will also be inviting creditors or a creditors committee if appointed to decide on other matters, including to fix the way in which our fees will be paid, and as set out below:

1. Approval that the basis of the Joint Administrators' remuneration shall be fixed by reference to the time properly given by the Joint Administrators and their staff in attending to matters arising in the administrations, plus VAT.
2. Approval that the Joint Administrators' category 1 disbursements and expenses and category 2 disbursements in respect of mileage and Deloitte call centre services (as detailed on pages 50 and 51) be approved and the Joint Administrators be authorised to draw both category 1 and category 2 expenses, (plus VAT where applicable) from the administration estates.

2. Approval that the Joint Administrators' pre administration fees and expenses, including legal fees, of £4,061.14 in each of the Companies as detailed on page 33 of the Joint Administrators' Proposals be approved and that the Joint Administrators be authorised to draw their pre-administration fees and expenses plus VAT, from the administration estates.

We are required to take these decisions using a creditors' decision procedure, that is, a procedure which enables creditors to vote for or against the matters under consideration. We propose to do this by correspondence further details of which will be uploaded to the websites within two months of our Proposals being approved.

As we will be asking creditors to fix the basis on which our fees and expenses are to be paid, Fees Estimates for each of the Companies together with details of the expenses that have been or are likely to be incurred have been included within our Proposals for your information. A copy of "A Creditors' Guide to Administrator's Fees" has also been placed on the websites together with Frequently Asked Questions about decision procedures in insolvency proceedings.

Please note that in the event that a creditors' committee is formed, specific approval for resolutions 1, 2 and 3 above will be requested from the creditors' committee.

Statement of Affairs

The directors were notified on 7 December 2020 that she is required to make out and deliver statements of the Companies' affairs to us by 29 December 2020 which included an initial ten days extension to the statutory 11 day statutory deadline.

At her request, this deadline has been extended until 29 January 2021.

Pending receipt of completed statements of affairs a schedule of the Companies' creditors can be found on the following pages and on the Companies' websites at www.ips-docs.com. These listings do not capture a number of other unsecured creditor claims which are expected in the administrations, including a number of intercompany creditors, amounts due under potential guarantees, amounts due to HMRC in respect of VAT or other contingent liabilities. The total value of unsecured creditors is expected to be materially higher than the totals given above once these other liabilities have been quantified and included.

We expect to receive fully updated creditor schedules with the statements of affairs and these will be uploaded to the websites upon receipt.
