Strategic Report

The Directors submit their Strategic Report for Alterra Corporate Capital 6 Limited ("the Company") for the year ended 31 December 2020.

Principal activity

The Company provided capital to support the underwriting of Syndicate 994 at Lloyd's. The 2003 year of account was the final year of account supported by the Company.

Results and dividends

Principal risks and uncertainties

Given the Company no longer participates on any open years of account, the Directors consider that no material exposures to credit risk, market risk, liquidity risk or interest risk exist.

The Company remains potentially exposed to claims from underwriting insurance business written in past years of account on which it participated. The Directors consider the likelihood of such claims to be remote.

Business environment and future prospects

The Company was formed to provide capacity to Syndicate 994 at Lloyd's. This arrangement was not renewed, so no new business is being transacted in respect of the Company's participation in Syndicate 994.

Going concern

The Company's business activities, together with the factors likely to affect its future development, performance and position are set out above.

No material uncertainties have been identified by the Directors that cast significant doubt about the ability of the Company to continue as a going concern.

The Directors have a reasonable expectation that the Company has adequate resources to continue in operational existence for the foreseeable future. Thus they continue to adopt the going concern basis of accounting on preparing the Financial Statements.

Statement of Directors' Responsibilities

in respect of the Strategic Report, the Directors' Report and the Financial Statements

The Directors are responsible for preparing the Strategic Report, Directors' Report and the Financial Statements in accordance with applicable law and regulations.

Company law requires the Directors to prepare Financial Statements for each financial year. Under that law they have elected to prepare the Financial Statements in accordance with UK Accounting Standards and applicable law (UK Generally Accepted Accounting Practice), including FRS 102 The Financial Reporting Standard applicable in the UK and Republic of Ireland.

Under company law the Directors must not approve the Financial Statements unless they are satisfied that they give a true and fair view of the state of affairs of the Company and of the profit or loss of the Company for that period. In preparing these Financial Statements, the Directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and estimates that are reasonable and prudent;
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the Financial Statements.
- assess the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern; and
- use the going concern basis of accounting unless they either intend to liquidate the Company or to cease operations, or have no realistic alternative but to do so.

The Directors are responsible for keeping adequate accounting records that are sufficient to show and explain the Company's transactions and disclose with reasonable accuracy at any time the financial position of the Company and enable them to ensure that the Financial Statements comply with the Companies Act 2006. They are responsible for such internal control as they determine is necessary to enable the preparation of Financial Statements that are free from material misstatement, whether due to fraud or error, and have general responsibility for taking such steps as are reasonably open to them to safeguard the assets of the Company and to prevent and detect fraud and other irregularities.

In these Financial Statements, the Company is considered to be a qualifying entity (for the purposes of this FRS) and has applied the exemptions available under FRS 102 in respect of the following disclosures:

- Cash Flow Statement and related notes;
- Reconciliation of the number of shares outstanding from the beginning to the end of the period;
- Key Management and Personnel compensation;
- The disclosures required by FRS 102.11 Basic Financial Instruments and FRS 102.12 Other Financial Instrument Issues in respect of financial instruments not falling within the fair value accounting rules.
