4. PROGRESS DURING THE PERIOD

This is our Final Report and account of the liquidation and should be read in conjunction with our earlier Progress Reports to members dated 9 April 2021, 8 April 2022, and 6 April 2023

Receipts and Payments

Attached (at Appendix 1) is our abstract of receipts and payments for the period 11 February 2020 to 8 April 2024

What work has been done in the period of the report, why was that work necessary and what has been the financial benefit (if any) to members?

Details of the types of work that generally fall into the headings mentioned below are available on our firm's website - http://www.begbies-traynorgroup.com/work-details

Under the following headings we have explained the specific work that has been undertaken on this case. Not every piece of work has been described, but we have sought to give a proportionate overview which provides sufficient detail to allow members to understand what has been done, why it was necessary and what financial benefit (if any) the work has provided to members.

The costs incurred in relation to each heading are set out in the Time Costs Analysis which is attached. There is an analysis for the period since our last Progress Report and also an analysis of time spent on the case since the date of our appointment.

The details below only relate to the work undertaken in the period since our last Progress Report which, together with our earlier Progress Reports, contains the costs of the work undertaken since our appointment.

General case administration and planning

It is necessary to maintain records to demonstrate how the case was administered, and to document the reasons for any decisions that materially affect the case.

Members of our staff have therefore undertaken general administrative, banking and cashiering duties.

Whilst this work has not financially benefitted members, it was still a necessary part of the general control of the case.

Compliance with the Insolvency Act, Rules and best practice

The Insolvency Act and Rules require Liquidators to produce a Progress Report within two months after each anniversary of their appointment, which is filed at Companies House and made available to all members.

They are also required to ensure that the case is adequately bonded (an insurance to protect the interests of members in the asset realisations on a case).

As all matters have now been concluded, we have prepared this Final Report and account of the liquidation, which has been made available to all members, to be filed with the Registrar of Companies (in due course).

Although the work has not benefitted members financially, it was still necessary in accordance with insolvency legislation.

Dealing with all creditors' claims (including employees), correspondence and distributions

Time has been posted to this section in relation to dealing with the distributions to the shareholders, and in obtaining clearance from HM Revenue & Customs (to allow this matter to be concluded).

This work has financially benefitted members as it has allowed for distributions to be made to them.

Other matters which includes meetings, tax, litigation, pensions and travel

Time posted to this category relates to time spent dealing with post-appointment tax matters.

Whilst this work has not financially benefitted members, it has still been necessary in order to comply with our statutory requirements in respect of reporting to HM Revenue & Customs.

OUTCOME FOR CREDITORS

In a members' voluntary liquidation, creditors are required to prove their claims and the Liquidators must examine the proofs and the particulars of the claims and admit them, in whole or in part, or reject them.

The Liquidators must then settle the priorities of the creditors (as between secured, preferential, secondary preferential and unsecured) before paying them in full with statutory interest.

We have paid, with statutory interest, all of the known creditors. Based on the information available to us at the time of closing the liquidation, we are satisfied that there are no further liabilities owed to HM Revenue & Customs in respect of PAYE and National Insurance, Corporation Tax or VAT.

6. DISTRIBUTIONS TO MEMBERS

A first distribution was made to members on 7 February 2024 in the sum of £9,703 (i.e. £97.03 per ordinary £1 share).

A second distribution (in specie) was made to members on 8 February 2024 in the sum of £10,568 (i.e. £105.68 per ordinary £1 share).

A third and final distribution was made to members on 8 February 2024 in the sum of £758 (i.e. £7.58 per ordinary £1 share).

7. REMUNERATION & EXPENSES

Liquidators' Remuneration

Details of the "Category Two" expenses (and expenses that should be treated as "Category Two" expenses) that have been taken in accordance with the approval obtained, are provided in the narrative summary of time costs incurred which is attached (at Appendix 3).

BEGBIES TRAYNOR CHARGING POLICY

INTRODUCTION

This policy applies where a licensed insolvency practitioner in the firm is acting as an office holder of an insolvent estate and seeks creditor approval to draw remuneration on the basis of the time properly spent in dealing with the case. It also applies where further information is to be provided to creditors regarding the office holder's fees following the creditors' decision being made for the office holder to be remunerated on a time cost basis. Best practice guidance requires that such information should be disclosed to those who are responsible for approving the basis of an office holder's remuneration. Within our fee estimate creditors can see how we propose to be remunerated.

In addition, this policy applies where creditor approval is sought to make a separate charge by way of expenses or disbursements to recover the cost of facilities provided by the firm: It also applies where payments are to be made to parties other than the firm, but in relation to which the office holder, the firm or any associate has an interest. Best practice guidance* indicates that such charges should be disclosed to those who are responsible for approving the basis of the office holder's remuneration, together with an explanation of how those charges are calculated.

OFFICE HOLDER'S FEES IN RESPECT OF THE ADMINISTRATION OF INSOLVENT ESTATES

The office holder has overall responsibility for the administration of the estate. He/she will delegate tasks to members of their staff. Such delegation assists the office holder as it allows him/her to deal with the more complex aspects of the case and ensures that work is being carried out at the appropriate level. There are various levels of staff that are employed by the office holder and these appear below.

The firm operates a time recording system which allows staff working on the case along with the office holder to allocate their time to the case. The time is recorded in 6 minute units at the individual's hourly rate in force at that time which is detailed below.

EXPENSES INCURRED BY OFFICE HOLDERS IN RESPECT OF THE ADMINISTRATION OF INSOLVENT ESTATES

Expenses are payments from the estate which are neither an office holder's remuneration nor a distribution to a creditor or a member. Expenses also include disbursements, which are expenses that are initially paid by the office holder's own firm, but which are subsequently reimbursed from the estate when funds are available.

Best practice guidance classifies expenses into two broad categories:

- Category 1 expenses (approval not required) Specific expenditure that is directly related to the case and referable to an independent external supplier's invoice. All such items are charged to the case as they are incurred.
- Category 2 expenses (approval required) Items of expenditure that are directly related to the case and either:
 - (i) include an element of shared or allocated cost and are based on a reasonable method of calculation, but which are not payable to an independent third party; or
 - (ii) are items of expenditure which are payable to an associate of the office holder and/or their firm.

Shared or allocated costs (pursuant to (i) above)

The following expenses include an element of shared or allocated cost and are charged to the case (subject to approval).

- □ Internal meeting room usage for the purpose of physical meetings of creditors is charged at the rate of £100 (London £150) per meeting;
- □ Car mileage which is charged at the rate of 45 pence per mile

General Office Overheads.

The following items of expenditure will normally be treated as general office overheads and will not be charged to the case although a charge may be made where the precise cost to the case can be determined because the item satisfies the test of a *Category 1 expense*:

- Telephone and facsimile
- Printing and photocopying
- Stationery
