Amshold Group Limited

Strategic report

The directors present their Strategic report of Amshold Group Limited (the Group and Company) for the year ended 30 June 2017.

This strategic report has been prepared for the Group as a whole and therefore gives greater emphasis to those matters which are significant to Amshold Group Limited and its subsidiary undertakings when viewed as a whole.

Principal activities

The principal activity of the Group is property trading and investment together with the provision of management services.

Business review

In the year to 30 June 2017 the Group continued to look for property investment opportunities. During the year the Group completed the purchase of 1 Chancery Lane, London for £17.25m and exchanged contracts for the purchase of 19 Great Winchester Street, London for £7.075m with the latter completing after the year end. The market for quality London freehold investment property remains extremely competitive with a general lack of sensibly priced opportunities.

During the year the Group completed its re-development of The Crosspoint, a strategically located corner freehold at Liverpool Street and Bishopgate, in the heart of the City of London. This is the largest construction project undertaken to date by the Group. On 1 June 2017 Metro Bank plc commenced a 30 year lease for the ground floor and basement of this property adding significant revenue streams to those already being generated by the Group's strong property portfolio. When the remaining office space is let this will further boost the future revenue streams of the Group.

On 16 June 2017, the Group exchanged contracts for the sale of 10/10A New Bond Street, London for £48m. In addition to this sale, which the Group recognises in the current financial year, the Group sold a former Hotel Complex and Land in Mijas Spain for £8.5m and a developed residential property in Boca Raton, Florida USA for £6.8m.

With a strong and stable management team and with its internal cash resources the Group is extremely well positioned to continue to actively acquire viable real estate propositions that it feels will further enhance its portfolio.

The Group considers its key performance indicator of the business to be its net assets. The Group had a very strong performance in this year growing its net assets by £49.1m, representing a growth of 9.5%. This growth is due to a continued uplift in property valuations on the previous year. The net assets of the Group are now £567.9m (2016: £518.8m)

At 30 June 2017 the Group had no debt. Due to the strength of the Group's property portfolio and balance sheet, the management team considers the Group to be in a healthy position should it need to raise any further funds.

Strategic report (continued)

Principal risks and uncertainties

Financial risks

The directors considered the risks attached to the Group's and Company's financial instruments and have taken a prudent approach in their consideration of the various risks attached to the financial instruments of the Group and Company. The Group's and Company's exposure to price risk, credit risk, liquidity risk and cash flow risk is not material for the assessment of assets, liabilities and the financial statements, as a whole.

The Group's property valuations give consideration to both current rental levels and expected yields. These are susceptible to market forces and therefore liable to affect the net asset value of the Group. The Group mitigates its liquidity and cash flow risk by spreading its cash deposits amongst several financial institutions and balancing the terms of its deposits according to its requirements.

The director's policy on hedging is to hedge all financial risks where it is feasible and cost effective to do so.

Uncertainties

The property market has shown great strength in recent years. This has provided opportunities for growth especially whilst interest rates remain at historic lows. Any increases in interest rates in the future will generate pressure on this growth. Despite the uncertainty over the vote by the UK to leave the EU in the prior year, the London property market, in which the Group largely operates remains strong.

Future developments and subsequent events

The Group remains committed to enhancing its current portfolio of real estate assets by means of diligent active management of stock whilst at the same time aggressively endeavouring to acquire new quality real estate asset opportunities that would complement our existing Real Estate portfolio strategy. We remain extremely well placed to do this but continue to be mindful of the current extremely buoyant market conditions.

Amshold Group Limited

Directors' report

The directors present their annual report on the affairs of the Group and the audited financial statements for the year ended 30 June 2017.

Future developments together with both financial risk exposure and financial management are included within the Strategic report.

Dividends

The Company paid nil dividends in the year 2017 (2016: £181,000,000). The directors do not propose to pay any dividends in respect of the 2017 financial year end.

Going concern

As disclosed in the accounting policies, the directors have reviewed the current and projected financial position of both the Group and the Company, making reasonable assumptions about future trading prospects.

On the basis of this review, and after making due enquiries, the directors have a reasonable expectation that both the Group and the Company has adequate resources to continue in operational existence for the foreseeable future. Accordingly, they continue to adopt the going concern basis in preparing the annual report and financial statements.

Post balance sheet events

Since 30 June 2017 the Group has been active in the property market. This activity is detailed in note 28 to the financial statements.

Employees

Details of the number of employees and related costs can be found in note 3 to the financial statements.

It is the Group's policy to promote equal opportunities in employment for both existing employees and applicants for employment. Every effort is made to ensure that applications for employment from disabled persons are fully and fairly considered having regard to their particular aptitudes and abilities and that disabled employees have equal opportunities in career development. In the event of an existing employee becoming disabled, every effort is made to ensure that their employment by the Group continues and that appropriate adjustments are made to their work environment.

The Group has continued its practice of keeping employees informed of matters affecting them as employees and the financial and economic factors affecting the performance of the Group.

Directors

The directors who held office for the Company since the date of incorporation to the end of the financial year are listed on page 1.

Political donations

During the year the Group made no political donations (2016: nil).

Amshold Group Limited

Directors' report (continued)

Disclosure of information to the auditor

Each of the persons who is a director at the date of approval of this report confirms that:

- so far as the director is aware, there is no relevant audit information of which the Company's auditor is unaware; and
- the director has taken all the steps that he ought to have taken as a director in order to make himself aware of any relevant audit information and to establish that the Company's auditor is aware of that information.

This confirmation is given and should be interpreted in accordance with the provisions of S418 of the Companies Act 2006.

Auditor

A resolution to re-appoint Deloitte LLP as the Company's auditor will be proposed at the forthcoming Annual General Meeting.

Amshold Group Limited

Directors' responsibilities statement

The directors are responsible for preparing the Annual Report and the financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law) including FRS102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland". Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the Company and of the profit or loss of the Company for that period. In preparing these financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgments and accounting estimates that are reasonable and prudent;
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Company will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the Company's transactions and disclose with reasonable accuracy at any time the financial position of the Company to enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the Company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

Amshold Group Limited

Independent auditor's report to the members of Amshold Group Limited

Report on the audit of the financial statements

Opinion

In our opinion the financial statements:

- give a true and fair view of the state of the group's and of the parent company's affairs as at 30 June 2017 and of the group's profit for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice including Financial Reporting Standard 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland"; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

We have audited the financial statements of Amshold Group Limited (the 'parent company') and its subsidiaries (the 'group') which comprise:

- the consolidated statement of comprehensive income;
- the consolidated and parent company balance sheets;
- the consolidated and parent company statements of changes in equity;
- the consolidated cash flow statement; and
- the related notes 1 to 28.

The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards, including Financial Reporting Standard 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" (United Kingdom Generally Accepted Accounting Practice).

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the auditor's responsibilities for the audit of the financial statements section of our report.

We are independent of the group and the parent company in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Conclusions relating to going concern

We are required by ISAs (UK) to report in respect of the following matters where:

- the directors' use of the going concern basis of accounting in preparation of the financial statements is not appropriate; or
- the directors have not disclosed in the financial statements any identified material uncertainties that may cast significant doubt about the group's or the parent company's ability to continue to adopt the going concern basis of accounting for a period of at least twelve months from the date when the financial statements are authorised for issue.

We have nothing to report in respect of these matters.

Amshold Group Limited

Independent auditor's report to the members of Amshold Group Limited (continued)

Other information

The directors are responsible for the other information. The other information comprises the information included in the annual report, other than the financial statements and our auditor's report thereon. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether there is a material misstatement in the financial statements or a material misstatement of the other information. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in respect of these matters.

Responsibilities of directors

As explained more fully in the directors' responsibilities statement, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the directors are responsible for assessing the group's and the parent company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the group or the parent company or to cease operations, or have no realistic alternative but to do so.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

A further description of our responsibilities for the audit of the financial statements is located on the Financial Reporting Council's website at: www.frc.org.uk/auditorsresponsibilities. This description forms part of our auditor's report.

Use of our report

This report is made solely to the company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company's members as a body, for our audit work, for this report, or for the opinions we have formed.

Amshold Group Limited

Independent auditor's report to the members of Amshold Group Limited (continued)

Report on other legal and regulatory requirements

Opinions on other matters prescribed by the Companies Act 2006

In our opinion, based on the work undertaken in the course of the audit:

- the information given in the strategic report and the directors' report for the financial year for which the financial statements are prepared is consistent with the financial statements; and
- the strategic report and the directors' report have been prepared in accordance with applicable legal requirement

Matters on which we are required to report by exception

Under the Companies Act 2006 we are required to report in respect of the following matters if, in our opinion:

- adequate accounting records have not been kept by the parent company, or returns adequate for our audit have not been received from branches not visited by us; or
- the parent company financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of directors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit.

We have nothing to report in respect of these matters.

Amshold Group Limited

Notes to the financial statements For the year ended 30 June 2017

1. Accounting policies

The particular accounting policies adopted by the directors are described below, and have been applied consistently in the current and preceding years.

General information and basis of accounting

Amshold Group Limited (the Company) is a company incorporated in the United Kingdom under the Companies Act. The Company is a private company limited by shares and is registered in England and Wales. The address of the Company's registered office is shown on page 1.

The principal activities of the Company and its subsidiaries (the Group) and the nature of the Group's operations are set out on the Strategic report on pages 2 to 3.

The financial statements are prepared under the historical cost convention, modified to include certain items at fair value, and in accordance with Financial Reporting Standard 102 (FRS 102) issued by the Financial Reporting Council.

The functional currency of the Company is considered to be pounds sterling because that is the currency of the primary economic environment in which the Company operates. The consolidated financial statements are also presented in pounds sterling. Foreign operations are included in accordance with the policies set out below.

Amshold Group Limited meets the definition of a qualifying entity under FRS 102 and has therefore taken advantage of the disclosure exemptions available to it in respect of its separate financial statements, which are presented alongside these consolidated financial statements. Exemptions have been taken in relation to the parent company cash flow statement.

For the year ending 30 June 2017, under Section 479A or Section 480 of the Companies Act 2006, all subsidiaries of the Group were entitled to exemption from audit. This is fully disclosed in note 15.

Going concern

The Group's business activities, together with the factors likely to affect its future development, performance and financial position are set out in the Strategic report and Director's report. This describes the financial position of the Group; its cash flows, liquidity position and borrowing facilities; and its exposure to credit risk and liquidity risk.

The Group's forecasts and projections, taking account of reasonably possible changes in trading performance, show that the Group should be able to operate within the level of its current facility.

After making enquiries, the directors have a reasonable expectation that the Company and the Group have adequate resources to continue in operational existence for the foreseeable future. Accordingly, they continue to adopt the going concern basis in preparing the annual report and financial statements.

Consolidation

The Group financial statements consolidate those of the parent company and all its subsidiary undertakings drawn up to 30 June each year.

Negative goodwill

Negative goodwill arising on acquisition is credited to the balance sheet and released through the profit and loss account as the underlying assets are realised. The underlying assets are investment properties and properties held for resale. The Group considers it more appropriate to release the negative goodwill when these properties are sold and in proportion to their values at the time the negative goodwill arose.

Turnover

Turnover comprises the invoiced value of goods and services supplied by the Group, rental income and of properties held for resale, dilapidation receipts, insurance recoveries, media activities and management charges, all excluding sales taxes, value added tax and trade discounts.

Amshold Group Limited

Notes to the financial statements (continued) For the year ended 30 June 2017

1. Accounting policies (continued)

Turnover (continued)

Income is recognised as it accrues and sales of properties held for resale are recognised on completion. Rent increases arising from rent reviews are taken into account when such reviews have been agreed with tenants. Incentives on leases are similarly spread on a straight-line basis over the lease term up to the earliest possible break. In accordance with the transitional provisions of FRS 102, incentives on leases which were in existence prior to the date of transition on 1 July 2013 have been spread over the shorter of the lease term and the period to the first break clause.

Investment properties

Investment properties for which fair value can be measured reliably without undue cost of effort on an ongoing basis are measured at fair value annually with any change recognised in the profit and loss account.

When contracts to purchase or sell investment properties are exchanged before the balance sheet date, the whole transaction will be reflected in the financial statements if the Directors believe that there are no significant obstacles in preventing the contract from completing and as a result of exchange, significant risk has passed to the buyer

Investment property under development

Investment properties under development are revalued annually with any change recognised in the profit and loss account.

Other tangible fixed assets

Other tangible fixed assets are stated at cost, net of depreciation and any provision for impairment. Depreciation is calculated to write off the cost, less estimated residual values, of tangible fixed assets over their estimated useful lives. The annual depreciation rates generally applicable are as follows:

Freehold Land and Buildings	Not depreciated
Motor Vehicles	25% on a reducing balance basis
Leasehold improvements	Over the shorter of the life of the lease and the useful life
Aircraft	Straight-line basis over 10 years
Office equipment	20% - 33% on a straight line basis
Fixtures & Fittings	20% - 25% on a straight line basis

Residual value represents the estimated amount which would currently be obtained from disposal of an asset, after deducting estimated costs of disposal, if the asset were already of the age and in the condition expected at the end of its useful life.

Financial instruments

Financial assets and financial liabilities are recognised when the Group becomes a party to the contractual provisions of the instrument.

i. Investments

Investments held as fixed assets by the Company, which entirely represent investments in group companies are stated at cost, less any provision for impairment in value.

ii. Financing costs

Finance costs of financial liabilities are recognised in the profit and loss account over the term of such instruments at a constant rate on the carrying amount.

iii. Financial liabilities

Financial liabilities are classified according to the substance of the contractual arrangements entered into.

Amshold Group Limited

Notes to the financial statements (continued) For the year ended 30 June 2017

1. Accounting policies (continued)

Properties held for resale

Properties held as dealing stocks and other stocks and work in progress are included in the balance sheet at the lower of cost and net realisable value. Cost includes appropriate property purchase expenses.

Operating leases

Rental income from operating leases are charged to the profit and loss account on a straight-line basis over the lease term.

Taxation

Current tax, including UK corporation and foreign tax, is provided at amounts expected to be paid (or recovered) using the tax rates and laws that have been enacted or substantively enacted by the balance sheet date.

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date where transactions or events that result in an obligation to pay more tax in the future or a right to pay less tax in the future have occurred at the balance sheet date. Timing differences are differences between the Group's taxable profits and its results as stated in the financial statements that arise from the inclusion of gains and losses in tax assessments in periods different from those in which they are recognised in the financial statements.

Unrelieved tax losses and other deferred tax assets are recognised only to the extent that, on the basis of all available evidence, it can be regarded as more likely than not that there will be suitable taxable profits from which the future reversal of the underlying timing differences can be deducted.

Deferred tax is measured using the tax rates and laws that have been enacted or substantively enacted by the balance sheet date that are expected to apply to the reversal of the timing difference. Deferred tax relating to investment property is measured using the tax rates and allowances that apply to the sale of the asset.

The tax expense or income is presented in the same component of comprehensive income or equity as the transaction or other event that resulted in the tax expense or income.

Foreign currencies

Transactions in foreign currencies are translated at the exchange rates ruling at the dates of the transactions. All monetary assets and liabilities are translated at the rates of exchange ruling at the balance sheet date. Properties held for resale are valued at cost and translated at the rate whenever the transaction prevailed. All other non-monetary assets and liabilities are translated at the rates of exchange ruling at the balance sheet date. All exchange differences are dealt with through the profit and loss account.

Critical accounting judgements and key sources of estimation uncertainty

In the application of the Group's accounting policies, which are described in note 1, the directors are required to make judgements, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

Critical judgements in applying the Group's accounting policies

The Group frequently enters into transactions for the purchase and sale of investment property. These transactions can be complex. Accounting for the transactions requires judgements to be made such as calculating any gain or loss and deciding upon the presentation in the financial statements.

Amshold Group Limited

Notes to the financial statements (continued) For the year ended 30 June 2017

1. Accounting policies (continued)

Critical accounting judgements and key sources of estimation uncertainty (continued)

Key sources of estimation uncertainty

The most significant judgements and estimations taken by directors are the valuations of investment properties and properties held for resale. Note 12 to the financial statements details the valuation methods for investment properties. Properties held for resale are similarly valued but then included in the balance sheet at the lower of cost and net realisable value.

2. Turnover and segmental analysis

The turnover, operating profit and net assets of the Group are solely attributable to Property Trading and Investment and no other class of business.

An analysis of Group Turnover is as follows:

	2017 £'000	2016 £'000
Turnover		
Rent	16,288	15,280
Sale of property	15,295	3,065
Other income	862	750
	<u>32,445</u>	<u>19,095</u>

Other than in the current year where the Group sold properties in Spain and USA for £8,493,000 and £6,802,000 respectively, all turnover arose predominantly in the United Kingdom.

(ii) Factors affecting tax charge for the current year

The standard rate of tax for the year, based on the UK standard rate of corporation tax is 19.75% (2016: 20%). The actual tax charge for the current and the previous year differs from the standard rate for the reasons set out in the following reconciliation:

	2017 £'000	2016 £'000
Profit before taxation	54,474	80,246
Tax charge at 19.75% (2016: 20%):	10,759	16,049
Factors affecting charge:		
Expenses not deductible for tax purposes	64	118
Adjustment in respect of prior years	(64)	(879)
Income not taxable	(94)	(878)
Effect of other tax rates / credits	5	(249)
Effects of indexation	(2,108)	(1,058)
Permanent differences	(189)	(49)
Effects of changes in tax rates	(2,815)	(5,243)
Utilisation of tax losses not previously recognised	(186)	(121)
Total tax charge for year	5,372	7,690

The Finance Bill 2016 reduced the main rate of UK corporation tax to 17% with effect from 1 April 2020. This was enacted at the balance sheet date and therefore the deferred tax balance has been calculated at 17% (2016: 18%). Existing temporary differences on which deferred tax has been provided may therefore unwind in periods subject to these reduced rates.

9. Profit attributable to the Company

As permitted by Section 408 of the Companies Act 2006, the profit or loss of the parent company is not presented as part of these financial statements. The profit before tax for the year accounted for in the books of the parent company was £59,890,000 (2016: £18,680,000).

10. Dividends on equity shares

The Company declared nil dividends during the year (2016: £181,000,000).

Since the EU Referendum held on 23 June 2016, there has been no significant market evidence of any adverse affect to property valuations in London, where the Group largely holds its investment property. The volume of lettings in the market remains less than prior to the referendum vote. We continue to monitor the market to see how both Brexit and other market forces affect future valuations. This is the primary evidence used in determining valuations and as such provides some uncertainty.

During the year the Group completed the purchase of 1 Chancey Lane and exchanged contracts for the purchase of 19 Great Winchester Street. The Group completed on the purchase of Great Winchester Street on 15 August 2017

During the year the Group sold investment properties for a total consideration of £48,000,000 (2016: £130,166,671). After deducting the valuation brought forward totalling £47,437,000 (2016: £122,774,588), selling costs of £258,779 (2016: £162,809) and adding deferred lease premium income of £3,266,667, it derived a profit of £3,570,888 (2016: £7,229,274).

The majority of the investment properties were valued by the directors at 30 June 2017 on a valuation prepared internally by a qualified chartered surveyor, on a fair value basis. The remaining properties were valued externally at 30 June 2017. All valuations are at fair value and conform to RICS Valuation Professional Standards and were arrived at by reference to market evidence of the transaction prices for similar properties, yields and discount rates and are based on their professional judgement and market observation. The external valuers were qualified, independent and held a recognised and relevant professional qualification together with recent experience in the relevant location and type of property being valued.

The investment properties were valued at £511,154,126 as at 30 June 2017 (2016: £484,620,520). The revaluation surplus at 30 June 2017 was £231,320,612 (2016: £238,651,502).

22. Reserves

The merger reserve of £59,134,356 at 30 June 2016 was subsumed during a Group reorganisation in June 2013. The reserve was originally created in 1999 as a result of a merger in that year when the then group absorbed the share premium of a company acquired. On 12 June 2017, the Directors of Amshold International Limited, a wholly owned subsidiary of the Group, passed a special resolution reducing this reserve from £59,134,356 to £nil.

The profit and loss reserve represents cumulative profits or losses, including unrealised profit on the remeasurement of investment properties, net of dividends paid and other adjustments.
