The company is entitled to exemption from audit under Section 477 of the Companies Act 2006 for the year ended 31 March 2010

The members have not required the company to obtain an audit of its financial statements for the year ended 31 March 2010 in accordance with Section 476 of the Companies Act 2006

The director acknowledges his responsibilities for

- ensuring that the company keeps accounting records which comply with Sections 386 and 387 of the Companies Act 2006 and
- preparing financial statements which give a true and fair view of the state of affairs of the company as at the end of each financial year and of its profit or loss for each financial year in accordance with the requirements of Sections 394 and 395 and which otherwise comply with the requirements of the Companies Act 2006 relating to financial statements, so far as applicable to the company

The notes form part of these abbreviated accounts

I-COMPLY LTD

ABBREVIATED BALANCE SHEET - continued
31 MARCH 2010

The abbreviated accounts have been prepared in accordance with the special provisions of Part 15 of the Companies Act 2006 relating to small companies

The financial statements were approved by the director on 16/12/2010 and were signed by

H Barker - Director

The notes form part of these abbreviated accounts

I-COMPLY LTD

NOTES TO THE ABBREVIATED ACCOUNTS **FOR THE YEAR ENDED 31 MARCH 2010**

I ACCOUNTING POLICIES

Accounting convention

The financial statements have been prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008)

Turnover

Turnover comprises the invoiced value of goods and services supplied and licence income for access to software and hosted hardware, exclusive of Value Added Tax. Licence income is recognised over the contractual period access and help desk support is provided.

Revenue on the sale of hardware and third party software, where no significant vendor obligations exist, is recognised on despatch. Revenue on non-standard software or where significant vendor obligations exist is recognised on customer acceptance.

Revenue from the sale of software is recognised at the time the software licence is granted, in accordance with agreed contract milestones such as installation at customer location. Revenues for support and maintenance services are recognised proportionately over the period that the services are provided. Payments received in advance of services are recorded in the balance sheet as deferred income.

Revenue from professional services (project management, consultancy and training) is recognised as the service is provided.

Tangible fixed assets

Depreciation is provided at the following annual rates in order to write off each asset over its estimated useful life or, if held under a finance lease, over the lease term, whichever is the shorter.

Fixtures and fittings	- 33% on cost
Office equipment	- 33% on cost

All fixed assets are originally recorded at cost.

Stocks

Stocks are valued at the lower of cost and net realisable value, after making due allowance for obsolete and slow moving items.

Deferred tax

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date where transactions or events have occurred at that date that will result in the right to pay less or to receive more tax.

Deferred tax is measured on an undiscounted basis as the tax rates that are expected to apply in the periods in which timing differences reverse, based on tax rates and laws enacted or substantively enacted at the balance sheet date.

Research and development

Expenditure on research and development is written off in the year in which it is incurred.

Hire purchase and leasing commitments

Assets obtained under hire purchase contracts or finance leases are capitalised in the balance sheet. Those held under hire purchase contracts are depreciated over their estimated useful lives. Those held under finance leases are depreciated over their estimated useful lives or the lease term, whichever is the shorter.

The interest element of these obligations is charged to the profit and loss account over the relevant period. The capital element of the future payments is treated as a liability.

Rentals paid under operating leases are charged to the profit and loss account on a straight line basis over the period of the lease.
