AUTISTIC SOCIETY GREATER MANCHESTER AREA

Report of the trustees for the year ended 31st March 2023

The trustees present their annual directors' report and financial statements of the charity for the year ended 31st March 2023 which are also prepared to meet the requirements for a directors' report and accounts for Companies Act purposes.

The financial statements comply with the Charities Act 2011, the Companies Act 2006, the Memorandum and Articles of Association, and the Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (effective 1 January 2019).

Objectives and activities

The purposes of the charity are to provide direct support for people with autistic spectrum conditions, and also support for their parents and carers.

The main activities of the organisation are the provision of:

- Social and leisure group activities ranging from short sessions to residential holidays.
- An Information and Education Service
- One-to-One / Life Skills Coaching

The trustees confirm that they have referred to the Charity Commission's guidance on public benefit when reviewing the Charity's aims and objectives, in planning future activities, and setting the policies for the year.

The charity furthers its charitable purposes for the public benefit through working with and supporting families and individuals who without us often would have nowhere else to turn. We provide direct support to families who may be having difficulties with statutory services or who, despite being directly affected by a disability, would otherwise receive no support.

ASGMA's key activities, projects and services during the year are detailed below:

Social and leisure activities include:

- i) A Resource Centre with arts and craft room, gaming room and computer rooms
- ii) Youth clubs
- iii) Computer Gaming groups
- iv) Activity social groups and excursions across Greater Manchester and beyond for both 10-18 year olds and adults

Providing information and support via our Information Service including:

- i) A telephone and email service
- ii) Information on ASC diagnosis
- iii) Information on benefits and housing advice
- iv) A range of family support services
- v) Employment Support

AUTISTIC SOCIETY GREATER MANCHESTER AREA

One-to-One / Life Skills Coaching sessions personalised to meet the individual's needs and covering areas such as:

- i) Independent Living
- ii) Travel
- iii) Health

Ensuring our work delivers our aims

Each year, we review our aims, looking at what is happening in our marketplace, as well as reviewing our achievements and outcomes over the past 12 months.

Our aims are set out on our website and in our newsletters.

We remain a targeted charity for people affected by autism. Our trustee board is made up of people from a number of backgrounds with a variety of skills but who mostly have direct or indirect experience of people with autism; this ensures that we retain a focus on the needs of people with autism and continue to develop appropriate aims. The achievements of our various projects are regularly reviewed against their aims.

A review of our achievements and performance

This year has seen the charity grow and extend our reach and impact. Changes in the wider landscape such as the cost-of-living crisis and the challenges of long waiting times for a diagnosis of autism from statutory services has created both threats and opportunities. Throughout this period, we have worked hard to closely manage our running costs in order that we can maintain our services at an affordable level.

Innovations such as webinars for parents have raised our profile and extended our reach within the local area and more widely. These provide a convenient and accessible way for parents and individuals to access high quality support and advice. We hope to continue to grow this offer over the next year.

Over the last 12 months we have developed and delivered new services for employers through the provision of Workplace Needs Assessments and consultancy. Through this service we are able to support individuals who are autistic to empower them to reach their potential in work by having the necessary reasonable adjustments in place. Additionally, this service supports employers in the development of their understanding of autism and enabling them to identify the unique strengths and talents that autistic people bring to the workplace.

Our core services have seen an increase in the numbers of individuals participating in them and some new activities, such as a regular gym group has been added to our offer. We are seeing a steady flow of referrals to our services although some of these are for individuals with more complex needs. This is likely linked to the challenges experienced by individuals and families with accessing a diagnosis. As ever the staff team have risen to these challenges and welcomed new members whilst ensuring that their individual support needs are being met. There is without doubt more that we would like to do but recruiting new support staff continues to be a challenge as a result of the highly competitive recruitment environment in the health and social care sector.

AUTISTIC SOCIETY GREATER MANCHESTER AREA

The main achievements during the year include the following:

- Record attendances at many group activities.
- 4,321 attendances at group activities.
- 1,265 hours on one-to-one support delivered.
- Significant fundraising success.
- Approx. 4,000 enquiries to our Help and Advice service.

Financial Review

We continue to operate within an evolving social care market whereby grants and block funding are reducing year on year, and we are increasingly reliant on contracts and individual budgets; the latter however are also being reduced and a number of our members who have previously received direct funding have had it withdrawn.

Income as a whole rose by just over one third compared to the previous year. Grants and local authority funding increased by 22% compared to 2022. This was in part due to obtaining a one-year grant from the Gosling Foundation for £10k. Our income from group activities increased by two thirds as a result of extra activities put on in August and October for the 18+ age group. Earnings from providing individual support plateaued and membership fees declined by 23% in the period. This is consistent with the reduction in direct funding experienced by our members and reflected a shortage of staff to carry out the individual support. Donations, fundraising and gift aid income was 120% of the previous year due to three large one-off donations.

Although staffing costs were higher than last year, key and support worker costs represented 7% less income than in 2022 highlighting the staff shortages identified above. Energy costs increased by 42% compared to 2022 and was consistent with the surge in utility costs experienced by all as a result of a period of high inflation and the war in the Ukraine.

For the first time since the pandemic unspent funds from previous years have not been utilised and this is reflected in the small surplus that has been generated this year.

An increase in our total assets to £155,003 means that the trustees continue to believe in ASGMA's long term viability. Our priority continues to be to make the organisation more self-sufficient and sustainable by focusing on fundraising and developing new ways of supporting individuals with their own budgets, so as to provide a fuller range of services. For further information on this please see below under Plans for Future Periods. Given the progress made since the pandemic, our trustees are confident that we will remain a stable organisation and a good going concern.

Investment powers and policy

The trustees, having regard to the liquidity requirements of operating the charity, have kept available funds in interest-bearing deposit accounts.

Reserves policy and going concern

The balance held in unrestricted reserves at 31st March 2023 was £45,003 of which £42,922 are free reserves, after allowing for designated funds and funds tied up in tangible fixed assets.

AUTISTIC SOCIETY GREATER MANCHESTER AREA

The trustees aim to maintain designated reserves within unrestricted funds at a level which equates to a minimum of three months with a target of six months of unrestricted charitable expenditure. The trustees consider that this level will provide sufficient funds to respond to applications for grants and ensure that support and governance costs are covered.

The Charity's main source of income is grants and fees. The trustees consider that it is appropriate to prepare the accounts on a going concern basis and, consequently, the accounts do not include any adjustments that would be necessary if these sources of income should cease.

Risk management

The trustees periodically conduct reviews of the major risks to which the charity is exposed and ensure that systems are in place to mitigate those risks. Specific risk assessment protocols have been developed with staff to address the new risks associated with the pandemic.

Plans for Future Periods

Plans for the next three to five years developed in the previous financial year remain in place. Some of these include:

- Increasing referrals and take-up of services
- Increasing unrestricted funding, particularly through fund-raising activities and donations
- Aiming for a balanced budget
- Developing partnerships with other bodies with an interest and involvement in the provision of care for people with ASC.
- Working with employers, schools and public authorities to develop awareness of autistic conditions and promote our commercial services offer
- Continue to grow our social media presence and extend our reach

It has been gratifying to see our activities being full to capacity and moving forward we will now seek to explore further areas for development. In order to expand our services further there is now a need to recruit more staff. This is challenging within the current labour market, but it is hoped that once this is achieved we will be able to offer more services and support for people with ASC and their families/carers.

Structure, governance and management

ASGMA is a company limited by guarantee and governed by its Memorandum and Articles of Association dated 21st November 2001. It is registered as a charity with the Charity Commission and is constituted under a trust deed dated 28th November 2001. In the event of the company being wound up, members are required to contribute an amount not exceeding £1.

Appointment of trustees

As set out in the Articles of Association one-third of the trustees are subject to retirement each year, selected on the basis of their length of service since being elected or re-elected. Retiring Trustees or New Trustees may be elected annually by the members of the charitable company attending the Annual General meeting.

AUTISTIC SOCIETY GREATER MANCHESTER AREA

Trustee induction and training

Many of the current trustees are relatively new to the organisation. New trustees are invited and encouraged to meet with staff and spend some time in the ASGMA offices to familiarise themselves with the work of the charity and the context within which it operates, and further training is under consideration.

Organisation

The board of trustees administers the charity and normally meets monthly. A Senior Management Team is appointed by the trustees to manage the day-to-day operations of the charity.

Related parties and co-operation with other organisations

None of the trustees receive remuneration or other benefit from their work with the charity. Any connection between a trustee or senior manager with any service providers must be disclosed to the full board of trustees in the same way as any other contractual relationship with a related party. In the current year no such related party transactions were reported.

Reference and administrative information

Trustees responsibilities in relation to the financial statements

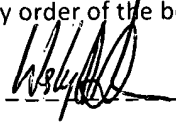

The charity trustees (who are also the directors of ASGMA for the purposes of company law) are responsible for preparing a trustees' annual report and financial statements in accordance with applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice).

Company law requires the charity trustees to prepare financial statements for each year which give a true and fair view of the state of affairs of the charitable company and of the incoming resources and application of resources, including the income and expenditure, of the charitable company for that period. In preparing the financial statements, the trustees are required to:

- Select suitable accounting principles and then apply them consistently;
- Observe the methods and principles in the applicable Charities SORP;
- Make judgments and estimates that are reasonable and prudent;
- State whether applicable accounting standards have been followed, subject to any material departures that must be disclosed and explained in the financial statements;
- Prepare the financial statements on a going concern basis unless it is appropriate to presume that the charity will continue in business.

The trustees are responsible for keeping proper accounting records that disclose with reasonable accuracy at any time the financial position of the charity and to enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the charity and taking reasonable steps for the prevention and detection of fraud and other irregularities.

By order of the board of trustees

Wesley Auden
Chair

Date: 31 October 2023

Independent examiner's report to the trustees of AUTISTIC SOCIETY GREATER MANCHESTER AREA

I report on the accounts of the company for the year ended 31st March 2023, which are set out on pages 9 to 20.

Respective responsibilities of trustees and examiner

The trustees (who are also the directors of the company for the purposes of company law) are responsible for the preparation of the accounts. The trustees consider that an audit is not required for this year under section 144(2) of the Charities Act 2011 (the 2011 Act) and that an independent examination is needed. The charity is required by company law to prepare accrued accounts and I am qualified to undertake the examination by being a qualified member of The Association of Chartered Certified Accountants.

Having satisfied myself that the charity is not subject to audit under company law and is eligible for independent examination, it is my responsibility to:

- examine the accounts under section 145 of the 2011 Act ;
- to follow the procedures laid down in the general Directions given by the Charity Commission under section 145(b) of the 2011 Act; and
- to state whether particular matters have come to my attention.

Basis of independent examiner's report

My examination was carried out in accordance with the general Directions given by the Charity Commission. An examination includes a review of the accounting records kept by the charity and a comparison of the accounts presented with those records. It also includes consideration of any unusual items or disclosures in the accounts, and seeking explanations from you as trustees concerning any such matters. The procedures undertaken do not provide all the evidence that would be required in an audit and consequently no opinion is given as to whether the accounts present a 'true and fair view' and the report is limited to those matters set out in the statement below.

Independent examiner's statement

In connection with my examination, no matter has come to my attention:

- (1) which gives me reasonable cause to believe that in any material respect the requirements
- to keep accounting records in accordance with section 386 of the Companies Act 2006; and
 - to prepare accounts which accord with the accounting records, comply with the accounting requirements of section 396 of the Companies Act 2006, ; and
 - with the methods and principles of the Statement of Recommended Practice: Accounting and Reporting by Charities have not been met; or
- (2) to which, in my opinion, attention should be drawn in order to enable a proper understanding of the accounts to be reached.

Notes to the accounts

1. Accounting policies**(a) Basis of preparation and assessment of going concern**

The accounts (financial statements) have been prepared under the historical cost convention with items recognised at cost or transaction value unless otherwise stated in the relevant notes to these accounts. The financial statements have been prepared in accordance with the Statement of Recommended Practice: Accounting and Reporting by Charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) issued on 1st January 2019 and the Financial Reporting Standard applicable in the United Kingdom and Republic of Ireland (FRS 102) and the Charities Act 2011.

The charity constitutes a public benefit entity as defined by FRS 102.

The trustees consider that there are no material uncertainties about the charity's ability to continue as a going concern.

(b) Funds structure

Restricted funds are funds which are to be used in accordance with specific restrictions imposed by the donor or trust deed. There are 11 restricted funds.

Unrestricted income funds comprise those funds which the trustees are free to use for any purpose in furtherance of the charitable objects. Unrestricted funds include designated funds where the trustees, at their discretion, have created a fund for a specific purpose.

Further details of each fund are disclosed in note 16.

(c) Income recognition

All income is recognised once the charity has entitlement to the income, it is probable that the income will be received and the amount of income receivable can be measured reliably.

Donations are recognised when the charity has been notified in writing of both the amount and settlement date. In the event that a donation is subject to conditions that require a level of performance before the charity is entitled to the funds, the income is deferred and not recognised until either those conditions are fully met, or the fulfilment of those conditions is wholly within the control of the charity and it is probable that those conditions will be fulfilled in the reporting period.

Interest on funds held on deposit is included when receivable and the amount can be measured reliably by the charity; this is normally upon notification of the interest paid or payable by the bank. Dividends are recognised once the dividend has been declared and notification has been received of the dividend due.

(d) Expenditure Recognition

Liabilities are recognised as expenditure as soon as there is a legal or constructive obligation committing the charity to that expenditure, it is probable that settlement will be required and the amount of the obligation can be measured reliably.

All expenditure is accounted for on an accruals basis. All expenses including support costs and governance costs are allocated or apportioned to the applicable expenditure headings. For more information on this attribution refer to note (f) below.

(e) Irrecoverable VAT

Irrecoverable VAT is charged against the expenditure heading for which it was incurred.

(f) Allocation of support and governance costs

Support costs have been allocated between governance costs and other support costs. Governance costs comprise all costs involving the public accountability of the charity and its compliance with regulation and good practice. These costs include costs related to independent examination and legal fees together with an apportionment of overhead and support costs.

Governance costs and support costs relating to charitable activities have been apportioned based on type of expense. The allocation of support and governance costs is analysed in note 9.

(g) Costs of raising funds

The costs of raising funds consists of fundraising activities, advertising and activities.

(h) Charitable Activities

Costs of charitable activities include governance costs and an apportionment of support costs as shown in note 7.

Notes to the accounts

(i) Tangible fixed assets and depreciation

All assets costing more than £500 are capitalised and valued at historical cost. Depreciation is charged on the following basis:

Motor Vehicles	25% of cost
Office Furniture	15% of cost
Office Equipment	20% of cost
Office Renovations	remaining term of lease or 15% of cost, whichever is the shorter period

(j) Realised gains and losses

All gains and losses are taken to the Statement of Financial Activities as they arise. Realised gains and losses on investments are calculated as the difference between sales proceeds and their opening carrying value or their purchase value if acquired subsequent to the first day of the financial year. Unrealised gains and losses are calculated as the difference between the fair value at the year end and their varying value. Realised and unrealised investment gains and losses are combined in the Statement of Financial Activities.

(k) Pensions

Under auto-enrolment legislation the company became liable to operate auto-enrolment from its staging date of 1st February 2017. After postponement in accordance with provisions of the legislation auto-enrolment became operational on 1st May 2017. A new pension scheme was opened with Aviva for this purpose. Staff pay the government minimum in force at the time and the company makes an employer contribution of 6%, following the contribution rate already in place for the existing stakeholder schemes.

Existing pension schemes met auto-enrolment criteria and staff already in the schemes were offered the option of remaining in them or transferring to the new scheme.

(l) Debtors

Trade and other debtors are recognised at the settlement amount due after any trade discount offered. Prepayments are valued at the amount prepaid net of any trade discounts due.

(m) Creditors and provisions

Creditors and provisions are recognised where the charity has a present obligation resulting from a past event that will probably result in the transfer of funds to a third party and the amount due to settle the obligation can be measured or estimated reliably. Creditors and provisions are normally recognised at their settlement amount after allowing for any trade discounts due.

2. Related party transactions and trustees' expenses and remuneration

The trustees all give freely their time and expertise without any form of remuneration or other benefit in cash or kind (2022: Enil). Expenses paid to the trustees in the year totalled Enil (2022: Enil).

3. Donations and Legacies
