Healthcare Providers (Gloucester) Limited

Directors' Report

Year ended 31 December 2018

The directors present their report and the audited financial statements of the group for the year ended 31 December 2018.

Principal activities and business review

The principal activity of the company is that of a holding company with a single subsidiary, Gloucester Healthcare Partnership Limited.

The principal activity of the group is the provision of operational and maintenance services for the Gloucestershire Royal Hospital, in accordance with a Project Agreement entered into with Gloucestershire Hospitals National Health Service Trust.

The hospital became fully operational in 2004. The group is currently running the operation and maintenance services for the period to 22 February 2034, providing a full range of facilities management services under a contractual agreement that provides a regular income stream which is subject to deductions for service shortfalls and the unavailability of the facility.

The United Kingdom is due to leave the European Union by 31 October 2019. The terms on which the United Kingdom may withdraw from the European Union are not clear, and it is difficult to evaluate all of the potential implications on the group's trade, customers, suppliers and the wider economy. However, the group is not affected by the continued uncertainty surrounding the United Kingdom's membership of the European Union, as the cash flows generated from the PFI concession asset are secured under contract with Gloucestershire Hospitals National Health Service Trust, a government body.

The result for the group for the year is shown in the Consolidated Profit and Loss Account and Statement of Comprehensive Income on page 7.

Directors

The directors who served the company during the year and up to the date of this report are shown below:

A Naafs
I Tayler
N Rae
R Little
F Schramm (Resigned 17 January 2019)

Dividends

The directors approved and paid dividends of £545,000 (2017: £213,000) during the year.

Future developments

The updated forecast for the project confirms that it is performing satisfactorily and management of the scheme both logistically and financially remains under control. The directors remain confident that the group will maintain the current level of performance and keep meeting the obligations under the contract.

Donations

Neither the company nor its subsidiary undertaking made any political donations during the year (2017: £nil).

Directors' Report *(continued)*

Year ended 31 December 2018

Small company exemption

This report has been prepared in accordance with the special provisions relating to small companies within Part 15 of the Companies Act 2006. The directors have taken advantage of the small companies exemptions provided by Sections 415A and 415B of the Companies Act 2006, which includes those in relation to the exemption from certain requirements of the Directors' report and the available exemption to not prepare a Strategic report.

Disclosure of information to the auditors

In the case of each director in office at the date the Directors' Report is approved:

- so far as the director is aware, there is no relevant audit information of which the group's auditors are unaware; and
- they have taken all the steps that they ought to have taken as a director in order to make themselves aware of any relevant audit information and to establish that the group's auditors are aware of that information.

Independent auditors

Pursuant to Section 487 of the Companies Act 2006, the auditors will be deemed to be reappointed and PricewaterhouseCoopers LLP will therefore continue in office.

Going concern

The directors have reviewed the group's projected cash flows by reference to a financial model covering accounting periods up to 31 December 2034. The directors have also examined the current status of the group's principal contracts and likely developments in the foreseeable future. Having reviewed the available information, the directors consider that the group and company will be able to meet its financial obligations on the due dates for the foreseeable future. Accordingly, the directors consider that it is appropriate for the financial statements of the group and company to be prepared on a going concern basis.

Healthcare Providers (Gloucester) Limited

Directors' Responsibilities Statement

Year ended 31 December 2018

The directors are responsible for preparing the Annual Report and the financial statements in accordance with applicable law and regulation.

Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have prepared the group and company financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards, comprising FRS 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland", and applicable law). Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the group and company and of the profit or loss of the group and company for that period. In preparing the financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- state whether applicable United Kingdom Accounting Standards, comprising FRS 102, have been followed, subject to any material departures disclosed and explained in the financial statements;
- make judgements and accounting estimates that are reasonable and prudent; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the group and company will continue in business.

The directors are also responsible for safeguarding the assets of the group and company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the group and company's transactions and disclose with reasonable accuracy at any time the financial position of the group and company and enable them to ensure that the financial statements comply with the Companies Act 2006.

Healthcare Providers (Gloucester) Limited

Independent Auditors' Report to the Members of Healthcare Providers (Gloucester) Limited

Year ended 31 December 2018

Report on the audit of the financial statements

Opinion

In our opinion, Healthcare Providers (Gloucester) Limited's group financial statements and company financial statements (the "financial statements"):

- give a true and fair view of the state of the group's and of the company's affairs as at 31 December 2018 and of the group's profit and cash flows for the year then ended;
 - have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards, comprising FRS 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland", and applicable law); and
-
- have been prepared in accordance with the requirements of the Companies Act 2006.

We have audited the financial statements, included within the Financial Statements (the "Annual Report"), which comprise: the Consolidated and Company Balance Sheets as at 31 December 2018; the Consolidated Profit and Loss Account and Statement of Comprehensive Income, the Consolidated Cash Flow Statement and the Consolidated and Company Statements of Changes in Equity for the year then ended; and the notes to the financial statements, which include a description of the significant accounting policies.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) ("ISAs (UK)") and applicable law. Our responsibilities under ISAs (UK) are further described in the Auditors' responsibilities for the audit of the financial statements section of our report. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Independence

We remained independent of the group in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, which includes the FRC's Ethical Standard; and we have fulfilled our other ethical responsibilities in accordance with these requirements.

Conclusions relating to going concern

ISAs (UK) require us to report to you when:

- the directors' use of the going concern basis of accounting in the preparation of the financial statements is not appropriate; or
- the directors have not disclosed in the financial statements any identified material uncertainties that may cast significant doubt about the group's and company's ability to continue to adopt the going concern basis of accounting for a period of at least twelve months from the date when the financial statements are authorised for issue.

We have nothing to report in respect of the above matters.

However, because not all future events or conditions can be predicted, this statement is not a guarantee as to the group's and company's ability to continue as a going concern. For example, the terms on which the United Kingdom may withdraw from the European Union are not clear, and it is difficult to evaluate all of the potential implications on the group's trade, customers, suppliers and the wider economy.

Reporting on other information

The other information comprises all of the information in the Annual Report other than the financial statements and our auditors' report thereon. The directors are responsible for the other information. Our opinion on the financial statements does not cover the other information and, accordingly, we do not express an audit opinion or, except to the extent otherwise explicitly stated in this report, any form of assurance thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated. If we identify an apparent material inconsistency or material misstatement, we are required to perform procedures to conclude whether there is a material misstatement of the financial statements or a material misstatement of the other information. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report based on these responsibilities.

With respect to the Directors' Report, we also considered whether the disclosures required by the UK Companies Act 2006 have been included.

Based on the responsibilities described above and our work undertaken in the course of the audit, ISAs (UK) require us also to report certain opinions and matters as described below.

Directors' Report

In our opinion, based on the work undertaken in the course of the audit, the information given in the Directors' Report for the year ended 31 December 2018 is consistent with the financial statements and has been prepared in accordance with applicable legal requirements.

In light of the knowledge and understanding of the group and company and their environment obtained in the course of the audit, we did not identify any material misstatements in the Directors' Report.

Responsibilities for the financial statements and the audit

Responsibilities of the directors for the financial statements

As explained more fully in the Directors' Responsibilities Statement set out on page 3, the directors are responsible for the preparation of the financial statements in accordance with the applicable framework and for being satisfied that they give a true and fair view. The directors are also responsible for such internal control as they determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the directors are responsible for assessing the group's and the company's ability to continue as a going concern; disclosing as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the group or the company or to cease operations, or have no realistic alternative but to do so.

Healthcare Providers (Gloucester) Limited

Independent Auditors' Report to the Members of Healthcare Providers (Gloucester) Limited *(continued)*

Year ended 31 December 2018

Responsibilities for the financial statements and the audit *(continued)*

Auditors' responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

A further description of our responsibilities for the audit of the financial statements is located on the FRC's website at: www.frc.org.uk/auditorsresponsibilities. This description forms part of our auditors' report.

Use of this report

This report, including the opinions, has been prepared for and only for the company's members as a body in accordance with Chapter 3 of Part 16 of the Companies Act 2006 and for no other purpose. We do not, in giving these opinions, accept or assume responsibility for any other purpose or to any other person to whom this report is shown or into whose hands it may come save where expressly agreed by our prior consent in writing.

Other required reporting

Companies Act 2006 exception reporting

Under the Companies Act 2006 we are required to report to you if, in our opinion:

- we have not received all the information and explanations we require for our audit; or
- adequate accounting records have not been kept by the company, or returns adequate for our audit have not been received from branches not visited by us; or
- certain disclosures of directors' remuneration specified by law are not made; or
- the company financial statements are not in agreement with the accounting records and returns.

We have no exceptions to report arising from this responsibility.

Entitlement to exemptions

Under the Companies Act 2006 we are required to report to you if, in our opinion, the directors were not entitled to: take advantage of the small companies exemption in preparing the Directors' Report; and take advantage of the small companies exemption from preparing a strategic report. We have no exceptions to report arising from this responsibility.

Healthcare Providers (Gloucester) Limited

Notes to the Financial Statements

Year ended 31 December 2018

1. General information

Healthcare Providers (Gloucester) Limited is a private company limited by shares incorporated in the United Kingdom, which is registered and domiciled in the United Kingdom at Part First Floor, 1 Grenfell Road, Maidenhead, Berkshire, SL6 1HN. The principal activity of the company is that of a holding company with a single subsidiary, Gloucester Healthcare Partnership Limited.

2. Statement of compliance

These financial statements were prepared in accordance with Financial Reporting Standard 102 The Financial Reporting Standard applicable in the UK and Republic of Ireland ("FRS 102") and the Companies Act 2006. The presentation currency of these financial statements is sterling.

The consolidated financial statements of Healthcare Providers (Gloucester) Limited are prepared in accordance with FRS 102 and are available to the public and may be obtained from Companies House, Crown Way, Cardiff, CF14 3UZ.

The accounting policies set out below have, unless otherwise stated, been applied consistently to all periods presented in these financial statements.

A number of balance sheet reclassifications have been performed in relation to the year ended 31 December 2017. Please see note 23 for further information.

3. Summary of significant accounting policies

Measurement convention

The financial statements were prepared under the historical cost convention except that the following assets and liabilities are stated at their fair value: derivative financial instruments.

Going concern

The directors have reviewed the cash flow forecast and taking into account reasonable possible changes in operations, believe that the group and company will be able to settle liabilities as they fall due for payment for the foreseeable future and therefore consider that it is appropriate to prepare these financial statements on a going concern basis.

Exemptions for qualifying entities under FRS 102

The company is considered to be a qualifying entity (for the purposes of this FRS) and has applied the exemption available under FRS 102 in respect of the following disclosure:

- Cash Flow Statement and related notes.
- Basic Financial Instruments and Other Financial Instrument Issues.

Healthcare Providers (Gloucester) Limited

Notes to the Financial Statements *(continued)*

Year ended 31 December 2018

3. Summary of significant accounting policies *(continued)*

Critical accounting estimates and judgements

The preparation of financial statements in conformity with FRS 102 requires management to make judgements, estimates and assumptions that affect the application of policies and reported amounts of assets, liabilities, income and expenses. The estimates and associated assumptions are based upon historical experience and various other factors that are believed to be reasonable under the circumstances, the results of which form the basis of making judgements about carrying values of assets and liabilities that are not readily available from other sources. Actual results may differ from these estimates. The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period or in the period of revision and future periods if the revision affects both current and future periods. Certain critical accounting estimates in applying the group's accounting policies are described below:

Accounting for the service concession contract and finance debtor requires an estimation of service margins, finance debtor interest rates and associated amortisation profile which is based on forecasted results of the PFI contract. Quarterly management accounts are produced, which compare actual performance with a detailed financial model. Variances are investigated and consideration given to the impact of any major variances. The financial model is updated on a six monthly basis, to reflect actual performance to date and accommodate any changes in economic assumptions such as, RPI and the UK corporation tax rate. These processes ensure that the project remains robust and viable throughout the life of the contract.

Basis of consolidation

The group financial statements consolidate the financial statements of the company and its subsidiary undertaking, Gloucester Healthcare Partnership Limited. The acquisition method of accounting has been adopted. The company has taken advantage of section 408 of the Companies Act 2006 not to publish its own Profit and Loss Account.

Turnover

Turnover represents the value of services rendered, excluding sales related taxes, and is recognised to the extent that the group obtains the right to consideration in exchange for its performance. During the construction phase, which completed on 8 October 2004, revenues in excess of net operating and finance costs were deferred until completion of construction, are being released to the Profit and Loss Account over the remaining life of the concession. During the operational phase, turnover is recognised as contract activity progresses at a mark up on costs related to the provision of services. In line with FRS 102 23.22(a), the mark up is calculated based upon the forecast service revenues and costs over the concession period.

A lease premium income of £1,000,000 received from Gentian (GHP) Limited in December 2003, in respect of retail premises at the Gloucestershire Royal Hospital, is being released over the period of the lease, until February 2034, and in accordance with the underlease agreement of retail premises at the Gloucestershire Royal Hospital, the group receives an annual rental income from Gentian (GHP) Limited, for occupying a retail space within the hospital premises.

Taxation

Tax on the profit or loss for the year comprises current and deferred tax. Tax is recognised in the Profit and Loss Account except to the extent that it relates to items recognised directly in equity or other comprehensive income, in which case it is recognised directly in equity or other comprehensive income.

Healthcare Providers (Gloucester) Limited

Notes to the Financial Statements *(continued)*

Year ended 31 December 2018

3. Summary of significant accounting policies *(continued)*

Taxation *(continued)*

Current tax is the expected tax payable or receivable on the taxable income or loss for the year, using tax rates enacted or substantively enacted at the balance sheet date, and any adjustment to tax payable in respect of previous years.

Deferred tax is provided on timing differences which arise from the inclusion of income and expenses in tax assessments in periods different from those in which they are recognised in the financial statements. Deferred tax is not recognised on permanent differences arising because certain types of income or expense are non-taxable or are disallowable for tax or because certain tax charges or allowances are greater or smaller than the corresponding income or expense.

Deferred tax is recognised on trading losses carried forward and on the fair value movement of the swap derivative.

Deferred tax is measured at the tax rate that is expected to apply to the reversal of the related difference, using tax rates enacted or substantively enacted at the balance sheet date. Deferred tax balances are not discounted.

Deferred tax assets are recognised only to the extent that the directors consider that it is more likely than not that there will be suitable taxable profits from which the future reversal of the underlying timing differences can be deducted.

Investments

Investments in subsidiary undertakings are stated at cost, less an appropriate provision to reflect any impairment in the value of the investments.

Financial instruments

Trade and other debtors / creditors

Trade and other debtors are recognised initially at transaction price less attributable transaction costs. Trade and other creditors are recognised initially at transaction price plus attributable transaction costs. Subsequent to initial recognition they are measured at amortised cost using the effective interest rate method, less any impairment losses in the case of trade debtors.

Interest-bearing borrowings classified as basic financial instruments

Interest-bearing borrowings are recognised initially at the present value of future payments discounted at a market rate of interest. Subsequent to initial recognition, interest-bearing borrowings are stated at amortised cost using the effective interest rate method, less any impairment losses.

Cash and cash equivalents

Cash and cash equivalents comprise cash balances and treasury deposits.

Restricted cash balance

The group is obligated to keep a separate cash reserve in respect of future major maintenance costs. This restricted cash balance, which is shown on the balance sheet within the "cash at bank and in hand" balance, amounts to £4,130,000 at the year-end (2017: £4,136,000).

Healthcare Providers (Gloucester) Limited

Notes to the Financial Statements *(continued)*

Year ended 31 December 2018

3. Summary of significant accounting policies *(continued)*

Other financial instruments

Financial instruments not considered to be basic financial instruments (other financial instruments)

Other financial instruments not meeting the definition of Basic Financial Instruments are recognised initially at fair value. Subsequent to initial recognition other financial instruments are measured at fair value with changes recognised in profit or loss except as follows:

- hedging instruments in a designated hedging relationship shall be recognised as set out below.

Derivative financial instruments and hedging

Derivative financial instruments are recognised at fair value. The gain or loss on remeasurement to fair value is recognised immediately in profit or loss. However, where derivatives qualify for hedge accounting, recognition of any resultant gain or loss depends on the nature of the item being hedged (see below).

Cash flow hedges

The group has entered into an interest rate swap and designated these as hedges for highly probable forecast transaction. The effective part of any gain or loss on the derivative financial instrument is recognised directly in other comprehensive income. Any ineffective portion of the hedge is recognised immediately in profit or loss. When a hedging instrument expires or is sold; terminated or exercised, or the entity discontinues designation of the hedge relationship but the hedged forecast transaction is still expected to occur, the cumulative gain or loss at that point remains in equity and is recognised in accordance with the above policy when the transaction occurs. If the hedged transaction is no longer expected to take place, the cumulative unrealised gain or loss recognised in equity is recognised in the Profit and Loss Account immediately.

Finance debtor

The group is an operator of a PFI contract. The underlying asset is not deemed to be an asset of the group under FRS 102 section 34.12C, because the risks and rewards of ownership as set out in that Standard are deemed to lie principally with the Authority.

During the construction phase of the project, all attributable expenditure was included in amounts recoverable on contracts and turnover. Upon becoming operational, the costs were transferred to the finance debtor. During the operational phase, income is allocated between interest receivable and the finance debtor using an asset specific interest rate. The remainder of the PFI unitary charge income is included within turnover in accordance with FRS 102 section 23.22(a). The group recognises income in respect of the services provided as it fulfils its contractual obligations in respect of those services and in line with the fair value of the consideration receivable in respect of those services.
