TRUSTEES' REPORT 31 AUGUST 2012

OUR AIMS

St George's School Windsor Castle has an almost unbroken history going back to the duty, established by statute in 1352, to educate the choristers who assist with the worship in the Queen's Free Chapel of Our Lady, St Edward the Confessor and St George in Windsor Castle

The School's purpose has expanded over the centuries to provide an education for boys of preparatory school age, whether Chapel choristers or non-choristers, both boarders and day pupils. In September 1996 the School expanded to admit girls and take the age range down to pre-prep beginning at 3 years.

On 1 September 2005 the entire undertaking of St George's School – Windsor Castle (Unincorporated Charity) was transferred, at fair value, to this charitable company, St George's School Windsor Castle

The objects of the school are to promote and provide for the advancement of education of children in the United Kingdom

In meeting these objects, St George's School's public benefit aim is to provide a first class education for boys and girls aged 3 to 13. We seek to provide an educational centre of excellence and to develop to the full in each child his or her intellectual, spiritual, physical, cultural and social potential, thereby preparing that child to take his or her place and flourish in an appropriate secondary school, and to develop in each child a balanced self-esteem and sensitivity to, and generous regard for, the welfare of others

ETHOS a happy and caring community

St George's School is a charitable trust which seeks to benefit the public through its aims. The School Council sets the fees to ensure the School meets its aims of providing a first class education to boys and girls and remains financially viable.

We follow the School Council's admission policy which does not permit gender, race, colour or disability to be used as criteria for or against admission. To admit a pupil we need to be satisfied that St George's School will be able to educate and develop a prospective pupil to the best of his or her potential.

Our School is an equal opportunities employer and committed to safeguarding and promoting the welfare of our pupils and staff

Parents receive regular information about the academic and social progress of their children through parents evenings and end of term reports. We have regular contact with parents through curriculum evenings and via regular newsletters. Children who board have regular access to their parents.

ACCESS POLICY

It is important to the School that access is not restricted to those who can afford our fees. In fulfilling our objective of providing choristers to St George's Chapel, the School seeks out the most appropriate pupils. To enable this a 53% non means tested bursary is offered to all choristers, further means tested bursaries are available to all pupils. During the current year £230,583 (2011 £237,553) was provided as bursaries to choristers.

Bursary Policy

The School Council views means tested bursaries as being important in enabling pupils from families that would not otherwise be able to afford the fees to be able to access the education offered by St George's School

Family discounts policy

We offer a discount of 7 5%, fees only, where the parents have more than two children at the school

Assistance to our teaching staff

As part of our emphasis on attracting and retaining high calibre staff, we offer a discount scheme where staff members choose to educate their children at St George's

TRUSTEES' REPORT 31 AUGUST 2012

OUR OBJECTIVES

Our objectives are set to reflect our educational aims and ethos of the School

The objectives of the School are met by regular meetings of the School Council, senior officials and advisors who decide on the strategy and development of the School

The School's main objectives for the current year were

- (a) To maintain the academic, musical and pastoral excellence of the School, in accordance with our development plan
- (b) To maintain the pupil numbers against the current financial trends
- (c) To designate reserves to provide resources to allow greater access to families on low incomes
- (d) To continue the review and development of our assessment methods, and to incorporate newly acquired technology with regard to timetabling and report writing
- (e) To develop the continuous profiling of all our pupils, from 3 to 13
- To review the structure of the school day and timetable

ACHIEVEMENTS AND PERFORMANCE

Pupils numbers & fees

Average pupil numbers fell during the year from 393 to 386. In the final term, pupil numbers totalled 386, of whom 29 were part-time. (objective (b))

The pupil numbers during the final term of the year under review of 386 pupils (2011 406 pupils) were categorised as follows

	2012	2011
	No	No
Choristers	24	23
Full boarders	0	0
Weekly boarders	3	6
Day pupils	206	217
Pre-prep pupils	153	160
	386	406

The School has seen continued high demand for places over the past year, with waiting lists in all age-groups aged 4 to 10. Registrations for places in the forthcoming three years are also buoyant, so the School continues to educate its full complement of children, despite a difficult economic climate. The number of pupils at the start of the Michaelmas 2012 term was 347, including 30 part-time pupils.

There was no fee increase for the year 2011/12

The School Council strives to provide pupils with a place of educational excellence and through the headmaster and delegated bodies, is continually considering improvements to, the curriculum, accommodation and educational standards. The School Council also considers improvements to and the maintenance requirements of the School

TRUSTEES' REPORT 31 AUGUST 2012

ACHIEVEMENTS AND PERFORMANCE (continued)

There have been no major building projects this year, but the School has continued to carry out a substantial refurbishment of the School facilities. Safeguarding and Pastoral Care policies have been kept constantly under review and regular committee meetings are held to monitor individual pupils' needs and difficulties. Chorister recruitment has also been given considerable attention, and there have been many positive developments to promote the Chapel Choir, resulting in increased internal, and external interest.

Academic

Senior pupils achieved excellent results at the end of the academic year, with a total of 7 scholarships gained to senior independent schools. Of the 41 senior leavers, 34 gained places at senior independent schools, with the other 7 moving on to schools in the maintained sector. Standards attained by pupils in music and the performing arts continue to be extremely high (objective (a)). We continue to review and develop our assessment methods, and we have incorporated newly acquired technology with regard to timetabling and report writing. (objective (d)). The review of the structure of the school day and timetable has been carned out and will be implemented in September 2012 (objective (f)).

Sport

Each term all pupils in the Prep School have the opportunity to represent the School Sporting excellence was again apparent, and several fine achievements at national level were attained in boys' and girls' swimming and netball

Extra curriculum activities

The extra-curriculum activities programme continues to cater for many varying interests, which include, chess, ballet, sailing, golf, tennis, etc. The take -up rate by Middle and Senior school pupils is very high

FINANCIAL REVIEW

Total incoming resources for the year were £4,243,758 (2011 £4,419,875), of which gross school fees totalled £4,316,551 (2011 £4,466,579) including bursaries and scholarships provided to pupils of £463,213 (2011 £443,235)

Capital expenditure totalled £99,358 (2011 £118,423) and repair costs incurred totalling £211,045 (2011 £192,985). The School Council are confident about the financial future of the School and of its ability to meet its objectives in full, cognisant of the challenges of the current economic climate

TRUSTEES' REPORT 31 AUGUST 2012

FUTURE PLANS

During the coming year our objectives are

- To maintain the academic, musical and pastoral excellence of the School
- To designate reserves to provide resources to allow greater access to families on low incomes
- . To implement the new structure of the school day and timetable, including the co-curriculmn
- To review the physical contraints to see if there is a way of improving the facilities at the school
- To recruit a new Head Master for September 2013
- Prepare a school strategic plan
- Review School governance

RISKS AND RESERVES

This matter of reserves has been considered by the School Council It considers that, given the level of current funds, the Charity is now in a position to hold a moderate level of reserves to meet unforeseen costs and assist in providing bursaries. The level of reserves set aside for these purposes will be determined in the course of the financial year to 31 August 2013.

The School Council has assessed the major risks to which the Charitable Company is exposed, in particular those related to its operations and finances, and are satisfied that systems are in place to mitigate the exposure to the major risks

The major risks that have been identified and which need to be taken into account in any future development plan include

- The continuing and steady fall in the national birth rate
- The likelihood of teaching costs mounting, and the need to keep pace with significant salary increases in the maintained sector
- Changes in legislation concerning the retirement age may mean we will have to employ a greater proportion of senior teachers on higher salaries
- Our affordability to a section of our parent body as fee increases are likely to continue at a rate significantly above
 the rate of inflation. We will need to ensure that we meet the criteria laid down in the new Charities Act regarding
 the admission of pupils from less fortunate backgrounds by making appropriate allowances for bursaries.

5 Pension schemes

The School participates in the Teachers' Pension Scheme (England and Wales) ("the TPS"), for its teaching staff. This is a multi-employer defined benefits pension scheme and it is not possible or appropriate to consistently identify the liabilities of the TPS which are attributable to the School. As required by FRS17 "Retirement Benefits", the School accounts for this scheme as if it were a defined contribution scheme.

On 4 July 2012 the Chief Secretary to the Treasury confirmed that the Government will be taking forward legislation based on the reformed scheme design for the Teachers' Pension Scheme to be introduced in 2015 as set out in the Teachers' Pension Scheme - Proposed Final Agreement ("the TPS Agreement") The TPS Agreement sets out the main parameters for both the provision of future pension benefits and the structuring of the future contributions to the TPS including the basis for increasing average employee contribution rates up to 2015

Under the TPS Agreement, employer contribution rates from 1 April 2012 are continuing at 14 1% with employee rates varying between 6 4% and 8 8%. For subsequent years data and information is being collated to inform a Government review of the tiering structures in advance of the Department for Education consulting on contribution increases for 2013/14 onwards.

The government have set a gross cost ceiling for the main public service pension schemes of 21.7% with a net cost ceiling of 12.1% and an average employee contribution of 9.6%. The Government Actuary's Department has in a report dated 9 March 2012 concluded that the TPS Agreement scheme design is within this required cost ceiling. This conclusion is dependent on and sensitive to the data, methodology and assumptions adopted and further details on these are available in the full Government Actuary's report which is available on the Department for Education website.

The School, in addition to the above, contributes on a money purchase basis to two other schemes. The assets of the schemes are held separately from those of the School in independently administered funds.

Contributions totalling £210,648 (2011 £219,906) were payable to the funds noted above by the School during the year. At the year end pension contributions of £217 were unpaid (2011 £25,032) and are included in other creditors.

11 Capital and reserves

St George's School Windsor Castle is a company limited by guarantee without a share capital. Instead of a share capital, each member guarantees to pay £1 in the event of the company's liquidation. The amount of the members' guarantee represents a contingent asset to the company, which will crystallise only if the company goes into liquidation. As the company is a going concern, the members have no obligation to pay the sum guaranteed.

In the circumstances noted above, it is considered that the distinction between equity and non equity interests required by Financial Reporting Standard No 4 "Capital Instruments" is not applicable

If, on a winding up of the company, there remain any assets, after satisfaction of or provision of all due debts and liabilities, such assets are required by the Company's Memorandum and Articles of Association to be transferred to a chanty with similar objects
