FOR THE YEAR ENDED 31ST JANUARY 2014

1. ACCOUNTING POLICIES

(a) Basis of Accounting

The financial statements have been prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008). The accounting policies follow UK generally accepted accounting practice (UK GAAP) and any significant departures therefrom are disclosed in the notes to the financial statements.

(b) Cash flow

The financial statements do not include a cash flow statement because the company, as a small reporting entity, is exempt from the requirement to prepare such a statement under Financial Reporting Standard 1 Cash Flow Statements/Financial Reporting Standard for Smaller Entities (effective April 2008).

(c) Turnover

Turnover comprises the invoiced value of goods and services supplied by the Company.

(d) Depreciation

Depreciation has been provided at a rate of 25% on plant & machinery, 20% on motor vehicles and 10% on leasehold property.

(e) Leases

Assets held under finance leases, which confer rights and obligations similar to those attached to owned assets, are capitalised as tangible fixed assets and are depreciated over the shorter of the lease term and their useful lives.

(f) Deferred taxation

Deferred tax arises as a result of including items of income and expenditure in taxation computations in periods different from those in which they are included in the company's financial statements. Deferred tax is provided in full on timing differences which result in an obligation to pay more (or less) tax at a future date, at the average tax rates that are expected to apply when timing differences reverse, based on current tax rates and laws.
