Directors' Report for the Year Ended 31 December 2015

The directors present their report and the unaudited financial statements for the year ended 31 December 2015.

Principal activity

The principal activity of the company was that of development of land and property for a mix of residential and commercial developments. The company ceased trading from 1 August 2008.

Business review

The company leased premises from the Ministry of Defence at Caerwent, Calicot, from which it provided storage facilities to its customers. The lease was not renewed in April 2008 as planned and therefore the company was unable to continue trading and development of this site. The company effectively ceased trading from 1 August 2008.

However, the directors continue to prepare accounts as a going concern as the company may recommence trade in the future.

Directors of the company

The directors who held office during the year were as follows:

Andrew Woods David Waugh Dennis Woods Jon Kenny

Small company provisions

This report has been prepared in accordance with the small companies regime under the Companies Act 2006.

Approved by the Board on 29 12016 and signed on its behalf by:

Notes to the Financial Statements for the Year Ended 31 December 2015

1 Accounting policies

Basis of preparation

The financial statements have been prepared in accordance with FRS 102, "The Financial Reporting Standard applicable in the United Kingdom and the Republic of Ireland" ("FRS102") and the requirements of the Companies Act 2006.

These financial statements for the year ended 31 December 2015 are the first financial statements of Caerwent Storage Limited prepared in accordance with FRS 102. The date of transition to FRS102 was 1 January 2014. No material adjustments or restatements were required as a result of the adoption of FRS 102.

The preparation of financial statements in compliance with FRS 102 requires the use of certain critical accounting estimates. It also requires the Company's management to exercise judgement in applying the Company's accounting policies.

The financial statements have been prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008).

Cash flow statement

The company is exempt from preparing a cash flow statement as 90% or more of the voting rights are held within the group headed by Dooba Holdings Limited which prepares consolidated financial statements in which the company is included.

Interest receivable

Interest receivable is recognised in the financial statements on an accruals basis.

Deferred taxation

The tax expense for the period comprises current and deferred tax. Tax is recognised in profit or loss, except that a change attributable to an item of income or expense recognised as other comprehensive income or to an item recognised directly in equity is also recognised in other comprehensive income or directly in equity respectively.

The current income tax charge is calculated on the basis of tax rates and laws that have been enacted or substantively enacted by the reporting date in the countries where the company's subsidiaries operate and generate taxable income.

Deferred taxation is provided in full in respect of taxation deferred by timing differences between the treatment of certain items for taxation and accounting purposes, except that the recognition of deferred tax assets is limited to the extent that the group anticipates making sufficient taxable profits in the future to absorb the reversal of the underlying timing differences. Deferred tax balances are not discounted.

Judgements in applying accounting policies and key sources of estimation uncertainty

In the application of the company's accounting policies, the Directors are required to make judgements, estimates and assumptions about the carrying amount of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised, if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future period.
