1 Accounting policies

1.1 Accounting convention

The financial statements are prepared under the historical cost convention and in accordance with applicable financial reporting and accounting standards

The financial statements have been prepared on the going concern basis. This is considered appropriate as the ultimate beneficial shareholders will continue to provide financial support to the company for the foreseeable future.

The company has taken advantage of the exemption in Financial Reporting Standard No 1 from the requirement to produce a cash flow statement on the grounds that it is a small company.

1.2 Deferred taxation

Deferred taxation is provided at appropriate rates on all timing differences using the liability method only to the extent that, in the opinion of the director, there is a reasonable probability that a liability or asset will crystallise in the foreseeable future.

1.3 Foreign currency translation

The company's accounting records are maintained in Pounds sterling.

Transactions in other currencies are converted at the rate ruling at the date of the transaction. Current assets and liabilities are converted at the rate of exchange ruling at the balance sheet date.
