**NOTES TO THE ABBREVIATED ACCOUNTS**  
**YEAR ENDED 31st MARCH 2011**

**1. Accounting policies**

a) Convention

These accounts have been prepared in accordance with the historical cost convention and the Financial Reporting Standard for Smaller Entities (effective April 2008)

b) Revenue recognition

The company recognises revenue to the extent that it obtains the right to consideration in exchange for its performance under the contract. The right to consideration arises when some, but not necessarily all, of the contractual obligations have been fulfilled. All the turnover is to customers within the United Kingdom

c) Tangible fixed assets and depreciation

Tangible fixed assets are stated at cost less depreciation. Depreciation is provided at rates calculated to write off the cost of fixed assets, less their estimated residual value, over their expected useful lives on the following basis:

Plant and equipment	- 25% per annum reducing balance basis
Motor vehicles	- 25% per annum reducing balance basis
Leasehold improvements	- 20% straight line

d) Deferred tax

The charge for taxation takes into account taxation deferred as a result of timing differences between the treatment of certain items for taxation and accounting purposes. In general, deferred taxation is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date. However, deferred tax assets are recognised only to the extent that the director considers that it is more likely than not that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits. Deferred taxation is measured on a non-discounted basis at the average tax rates that would apply when the timing differences are expected to reverse, based on tax rates and laws that have been enacted by the balance sheet
