QUESTER ACADEMIC GP LIMITED

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2013

1. ACCOUNTING POLICIES

The principal accounting policies are summarised below and have been applied consistently in the current and preceding year

1.1 Basis of preparation of financial statements

The financial statements are prepared under the historical cost convention and in accordance with applicable United Kingdom law and accounting standards

1.2 Turnover

Turnover represents the company's entitlement to priority profit share as general partner of the Funds. In the absence of profits within the Funds, a sum equivalent to the company's entitlement is advanced to the company as an interest-free limited recourse loan. Such advances are treated as income in the company's accounts in accordance with Financial Reporting Standard 5, "Reporting the substance of transactions"

1.3 Foreign exchange

Transactions in foreign currencies are reflected in the accounts using the exchange rates prevailing at the dates of the transactions. Monetary assets and liabilities denominated in foreign currencies are translated at the exchange rates ruling at the balance sheet date. Any exchange differences arising on translation are taken to the profit and loss account.

1.4 Deferred taxation

Deferred taxation is provided in full on timing differences that result in an obligation at the balance sheet date to pay more tax, or a right to pay less tax, at a future date, at rates expected to apply when they crystallise based on current tax rates and law. Timing differences arise from the inclusion of items of income and expenditure in taxation computations in periods different from those in which they are included in financial statements. Deferred tax assets are recognised to the extent that it is regarded as more likely than not that they will be recovered. Deferred tax assets and liabilities are not discounted.

1.5 Current taxation

Current tax is provided at amounts expected to be paid or recovered using the tax rates and laws that have been enacted or substantively enacted at the Balance Sheet date.

1.6 Limited Partnerships

The company acts as the general partner of the Funds, as defined in the directors' report, and by virtue of the role of the general partner, these Funds are deemed to be subsidiary undertakings of the company under the provisions of the Companies Act 2006. However, the directors consider that the accounts would not give a true and fair view if all of the assets or income of these limited partnerships were consolidated since the group company has no interest in these assets and its role is simply that of investment manager. Accordingly, the Group does not consolidate the assets and income of the limited partnerships. This departure from the Companies Act 2006 has no effect on the results for the year or on the net assets at 31 March 2013.

However, as Quester Academic GP Limited is itself a subsidiary undertaking of an immediate parent undertaking established under the law of a member state of the EU, it would be exempt from the requirement to prepare group accounts. The company is however, included in consolidated financial statements prepared by its ultimate parent undertaking Spark Venture Management Holdings Limited, which are drawn up to 31 March in the same financial year.
