Report of the Directors

The directors present their report together with the financial statements for the year ended 31 December 2009

Principal activity

The principal activity of the company is that of the provision of compliance consultancy services to the insurance industry

Review of the business and future developments

Now a member of the Broker Direct group, the company will benefit from this new parentage in terms of access to potential new clients and development aspirations

The company has over 200 professional clients, a number, which has been relatively stable during the period under review. The intention is to grow this client base as well as making a wider range of products and services available to them from other parts of the group

There was a profit for the financial year after taxation of £176,141 (2008 £70,481) The directors paid a dividend of £175,000 (2008 Nil)

Financial risk management objectives and policies

The company uses various financial instruments including cash and various items such as trade debtors and trade creditors that arise directly from its operations. The main purpose of these financial instruments is to raise finance for the company's operations.

The existence of these financial instruments exposes the company to a number of financial risks which are described in more detail below

The main risks arising from the company's financial instruments are

- Market risks
- Credit risk
- Liquidity risk

The directors review and agree policies for managing the financial risks and these are summarised below. These policies have remained unchanged from previous years

Market Risk

Market risk encompasses three types of risk being price risk, interest rate risk and currency risk

Price risk

In 2010, the company expects 65% of its income to be earned from long term contracts, settled monthly by direct debit or standing order, for the provision of compliance consultancy services to professional, FSA regulated insurance brokers. A further 20% of income is expected from providing insurance related consultancy and compliance services. These consultancy services are tailored to individual client requirements and priced accordingly.

Interest rate risk

The company finances its operations through retained profits. Hence, it is not exposed to interest rate fluctuations

Currency risk

The company does not transact foreign currency business

Credit Risk

The company's principal assets are cash deposits and trade debtors. The credit risk associated with cash deposits is limited as the accounts are held with major UK high street banks only. The principal credit risk arises therefore from trade debtors. The principal trade debtor credit risks are with insurance brokers and insurance companies, both of whom are regulated by the FSA. The company has a broad customer base in which no one client makes a substantial contribution to the financial performance of the business.

Liquidity risk

The company seeks to manage financial risk by ensuring sufficient liquidity is available to meet foreseeable needs and to invest cash assets safely and profitably

The company's policy throughout the year has been to hold cash balances in readily accessible treasury

Directors

The directors of the company are listed below All served on the Board throughout the period unless otherwise stated

T E Stanley I J Gray

R Woodward

The company is a wholly owned subsidiary and the interests of the directors in the shares of the parent company are disclosed in the financial statements of the ultimate parent company, Broker Direct Plc

Statement of directors' responsibilities

The directors are responsible for preparing the report of the directors and the financial statements in accordance with applicable law and regulations

Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have elected to prepare financial statements in accordance with United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice). The financial statements are required by law to give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period. In preparing these financial statements, the directors are required to

- select suitable accounting policies and then apply them consistently
- make judgments and estimates that are reasonable and prudent
- ensure UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business

The directors are responsible for keeping adequate accounting records that disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

Insurance Compliance Services Limited Financial statements for the year ended 31 December 2009

In so far as each of the directors is aware

- there is no relevant audit information of which the company's auditors are unaware, and
- the directors have taken all steps that they ought to have taken to make themselves aware of any relevant audit information and to establish that the auditors are aware of that information

The directors are responsible for the maintenance and integrity of the corporate and financial information included on the company's website Legislation in the United Kingdom governing the preparation and dissemination of financial statements may differ from legislation in other jurisdictions

Auditors

Grant Thornton UK LLP offer themselves for reappointment as auditors in accordance with Section 489 of the Companies Act 2006

ON BEHALF OF THE BOARD

T E Stanley Director

9th June 2010

Independent auditor's report to the members of Insurance Compliance Services Limited

We have audited the financial statements of Insurance Compliance Services Limited for the year ended 31 December 2009 which comprise the profit and loss account and the balance sheet, and the related notes. These financial statements have been prepared in accordance with the accounting policies set out therein

This report is made solely to the company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company's members as a body, for our audit work, for this report, or for the opinions we have formed

Respective responsibilities of directors and auditors

As explained more fully in the statement of directors' responsibilities as set out on pages 4 &5, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view. Our responsibility is to audit the financial statements in accordance with applicable law and International Standards on Auditing (UK and Ireland). Those standards require us to comply with the Auditing Practices Board's (APB's) Ethical Standards for Auditors.

Scope of the audit of the financial statements

A description of the scope of an audit of financial statements is provided on the APB's website at www frc org uk/apb/scope/UKNP

Opinion on financial statements

In our opinion the financial statements

- give a true and fair view of the state of the company's affairs as at 31 December 2009 and of its profit for the year then ended,
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice, and
- have been prepared in accordance with the requirements of the Companies Act 2006

Opinion on other matter prescribed by the Companies Act 2006

In our opinion the information given in the report of the directors' for the financial year for which the financial statements are prepared is consistent with the financial statements

Insurance Compliance Services Limited Financial statements for the year ended 31 December 2009

Matters on which we are required to report by exception

We have nothing to report in respect of the following matters where the Companies Act 2006 requires us to report to you if, in our opinion

- · adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us, or
- the financial statements are not in agreement with the accounting records and returns, or
- · certain disclosures of directors' remuneration specified by law are not made, or
- we have not received all the information and explanations we require for our audit

Kevin Engel Senior Statutory Auditor for and on behalf of Grant Thornton UK LLP Statutory Auditor **Chartered Accountants** Manchester

9th June 2010

Principal accounting policies

Basis of preparation

The financial statements have been prepared under the historical cost convention and in accordance with United Kingdom accounting standards

The directors have reviewed the accounting policies in accordance with Financial Reporting Standard 18 "Accounting Policies" and have concluded that no changes were required from the previous year

The principal accounting policies of the company are set out below

Going Concern

Financial Reporting Standards and UK Generally Accepted Accounting Practice require directors to satisfy themselves that it is reasonable for them to conclude whether it is appropriate to prepare financial statements on a going concern basis. These requirements are not intended to, and do not, guarantee that a company will remain a going concern until the next annual financial statements are issued.

After due consideration, the Directors conclude that there are no material uncertainties that may cast significant doubt about the Company's ability to continue as a going concern

Turnover

Turnover is the amount receivable for services provided less value added tax

Depreciation

Tangible fixed assets are stated at cost or valuation, net of depreciation and any provision for impairment

Depreciation is calculated to write down the cost less estimated residual value of all tangible fixed assets over their expected useful lives. The rates generally applicable are

Office & Computer equipment - 25 %

Goodwill

Goodwill arising on purchased goodwill represents the excess of the fair value of the consideration given over the fair value of the identifiable net assets acquired, is capitalised and is amortised on a straight line basis over its estimated economic life, being twenty years

Contributions to pension funds

Defined contribution schemes

The pension costs charged against profits represent the amount of the contributions payable to the schemes in respect of the accounting period

Cash flow statement

The company has taken advantage of the exemption conferred by Financial Report Standard 1 "Cash Flow Statements (Revised 1996)" not to prepare a cash flow statement on the grounds that at least 90% of the voting rights in the company are controlled within the group headed by Broker Direct Plc and the company is included in the consolidated financial statements of that company

Leased assets

Leases where substantially all of the risks and rewards of ownership are not transferred to the company are treated as operating leases. Currently, all leases are regarded as operating leases and the payments made under them are charged to the profit and loss account on a straight line basis over the term of the lease

Profit and loss account

Turnover	Note 1	Year ended 31 December 2009 £ 1,045,281	Period ended 31 December 2008 £. 807,295
