Notes to the Abbreviated Accounts for the year ended 31st March 2013

1. Accounting policies

1.1. Accounting convention

The accounts are prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008)

1.2. Turnover

Turnover represents the total receivable value, excluding value added tax, of sales made during the year and derives from the provision of services falling within the company's ordinary activities

In respect of long-term contracts and contracts for on-going services, turnover represents the value of work done in the year, including estimates of amounts not invoiced. Turnover in respect of long-term contracts and contracts for on-going services is recognised by reference to the stage of completion

1.3. Tangible fixed assets and depreciation

Depreciation is provided at rates calculated to write off the cost less estimated residual value of each asset over its expected useful economic life, as follows

Fixtures, fittings and equipment	- 20% reducing balance
-------------------------------------	------------------------

1.4. Deferred taxation

Provision is made in full for all taxation deferred in respect of timing differences that have originated but not reversed by the balance sheet date, except for timing differences arising on revaluations of fixed assets which are not intended to be sold, gains on disposals of fixed assets which will be rolled over into replacement assets and earnings of overseas subsidiaries that are not intended to be remitted to the UK. No provision is made for taxation on permanent differences. Deferred tax assets are recognised to the extent that it is more likely than not that they will be recovered

1.5. Going concern

These financial statements have been prepared on the basis that the company will continue to be a going concern. If this assumption is not considered valid, adjustments would need to be made to reduce the value of assets to their recoverable amount and to provide for any further liabilities that might arise
