DIRECTORS' REPORT

The Directors submit their annual report and the audited financial statements for the year ended 31 December 2005.

PRINCIPAL ACTIVITIES

The principal activity of the Group is to provide investment in and management of social housing and wider regeneration partnerships between the public and private sectors. It is expected that the Company's activities will remain the same in the foreseeable future.

REVIEW OF THE YEAR

Through this financial year Regenter has moved from being a bidding orientated business to an operational Business. We reached Financial Close on two projects, Bentilee Hub and Canning Town, in which we have committed £3.4m of equity. These projects are now in operation and we are progressing well.

Bentilee Hub is the design, build and operation of the country's pathfinder Joint Service Centre PFI project in Stoke on Trent. The project reached financial close and commenced construction in February 2005.

This is the first joint service centre to be delivered through PFI and brings together a broad range of local authority, primary health, retail and community facilities. The centre encompasses a large GP Practice, dentist, walk in centre, housing office, library, computer suite, community centre and youth services as well as a number of shops including a pharmacy and a cafe. It will be a true one-stop shop for local residents.

The Bentilee Estate was at one time the largest housing estate in Europe. It consists of around 5,000 homes and has lacked a modern, cohesive and vibrant centre. The joint service centre provides the cornerstone of a much needed injection of investment so that further regeneration can be harnessed. The centre is due to open January 2007.

Canning Town, Regenter's first housing PFI project, reached financial close and started operations in June 2005. The project encompasses the refurbishment, lifecycle, maintenance and management of over 1,000 local authority and 200 leasehold homes in the London Borough of Newham.

The Canning Town and Custom House area in the East End of London is now one of the most vibrant regenerated areas in London and the PFI project ensures that the existing homes receive much needed investment for improvement.

The refurbishment work will take 3 years to complete and includes the installation of new boilers, kitchens and bathrooms, rewiring, windows and external door replacement and roofing work. Our housing management, grounds maintenance, call centre and repairs service commenced on day one and will continue for the 30 year duration of the contract.

Through the year we have continued to develop our market leading position and have been selected as Provisional Preferred bidder for the Brockley PFI project in the London Borough of Lewisham for the refurbishment of 1,600 housing units with a capital works value in the order of £70 million.

Regenter is short-listed for the Forest Gate project in the London Borough of Newham for the refurbishment of over 1,200 homes and in the last year has been long-listed for the Kirklees "Excellent Homes for Life" project which intends to provide 550 new build units including general need, special needs and extra-care housing.

Regenter has now developed a clearly identifiable pipeline of future bidding activity and a strong market position from which to secure a high rate of success and first-rate prospects of generating good investment and operational returns on project.

The social housing market has moved up the Government's agenda, with Treasury funding to the sector increasing year on year. Although Large Scale Stock Transfers and Arms length Management Organisations provide the bulk of housing stock refurbishment, PFI remains one of only 3 promoted delivery methods for Local Authorities to solve their housing issues and the number of Local Authorities turning to PFI is on the increase.

Projects are increasing in size and broadening to include both refurbishment and new build projects. Against the background, Regenter has secured a strong reputation in its market over the last 12 months and a firm base for the future.

DIRECTORS' REPORT (continued)

RESULTS AND DIVIDENDS

The Group's loss for the year before and after taxation amounted to £538,000 (2004 - £1,296,000).

The Directors do not recommend the payment of a dividend (2004 - £nil).

DIRECTORS

The Directors who served throughout the year, except as noted, are shown on page 1.

DIRECTORS' INTERESTS

No Director held any interests in the shares of the Company, or had any personal interest in any significant or material contract with the Company, during the year ended 31 December 2005.

FINANCIAL RISK MANAGEMENT

The Group's exposure to interest rate risk is managed through the use of interest rate swaps, details of which are set out in note 12 to the financial statements.

AUDITORS

The Directors appointed Deloitte & Touche LLP as auditors of the Company during the year. A resolution to re-appoint them will be proposed at the forthcoming Annual General Meeting in accordance with Section 385 of the Companies Act 1985.

On behalf of the Board

Clabell

A Charlesworth Director

13 Jul 2006

STATEMENT OF DIRECTORS' RESPONSIBILITIES

The Directors are responsible for preparing the Annual Report and the financial statements. The Directors have chosen to prepare accounts for the Company and the group in accordance with United Kingdom Generally Accepted Accounting Practice (UK GAAP). Company law requires the Directors to prepare such financial statements for each financial year which give a true and fair view of the state of affairs of the Company and the Group and of the profit or loss of the Company and the Group for that period and comply with UK GAAP and the Companies Act 1985.

In preparing these financial statements, the Directors are required to:

- select suitable accounting policies and then apply them consistently;
- · make judgments and estimates that are reasonable and prudent;
- · state whether applicable accounting standards have been followed, and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Company and the group will continue in business.

The Directors are responsible for keeping proper accounting records which disclose with reasonable accuracy at any time the financial position of the Company and the group, for safeguarding the assets, for taking reasonable steps for the prevention and detection of fraud and other irregularities and for the preparation of a Directors' report, which comply with the requirements of the Companies Act 1985.

INDEPENDENT AUDITORS' REPORT TO THE MEMBERS OF REGENTER LIMITED

We have audited the financial statements of Regenter Limited for the year ended 31 December 2005 which comprise the Group profit and loss account, the balance sheets, group cash flow statement, the related notes 1 to 20 and the list of principal subsidiaries. These financial statements have been prepared under the accounting policies set out therein.

This report is made solely to the Company's members, as a body, in accordance with section 235 of the Companies Act 1985. Our audit work has been undertaken so that we might state to the Company's members those matters we are required to state to them in an auditors' report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Company and the Company's members as a body, for our audit work, for this report, or for the opinions we have formed.

Respective responsibilities of Directors and auditors

The Directors' responsibilities for preparing the annual report and the financial statements in accordance with applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice) are set out in the statement of Directors' responsibilities

Our responsibility is to audit the financial statements in accordance with relevant United Kingdom legal and regulatory requirements and International Standards on Auditing (UK and Ireland).

We report to you our opinion as to whether the financial statements give a true and fair view in accordance with the relevant financial reporting framework, and are properly prepared in accordance with the Companies Act 1985. We also report to you if, in our opinion, the Directors' report is not consistent with the financial statements, if the Company has not kept proper accounting records, if we have not received all the information and explanations we require for our audit, or if information specified by law regarding Directors' remuneration and other transactions is not disclosed.

We read the directors' report and the other information contained in the annual report for the above year as described in the contents section and consider the implications for our report if we become aware of any apparent misstatements or material inconsistencies with the financial statements.

Basis of audit opinion

We conducted our audit in accordance with International Standards on Auditing (UK and Ireland) issued by the Auditing Practices Board. An audit includes examination, on a test basis, of evidence relevant to the amounts and disclosures in the financial statements. It also includes an assessment of the significant estimates and judgements made by the Directors in the preparation of the financial statements, and of whether the accounting policies are appropriate to the Company's circumstances, consistently applied and adequately disclosed.

We planned and performed our audit so as to obtain all the information and explanations which we considered necessary in order to provide us with sufficient evidence to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or other irregularity or error. In forming our opinion, we also evaluated the overall adequacy of the presentation of information in the financial statements.

Opinion

In our opinion:

- the financial statements give a true and fair view, in accordance with United Kingdom Generally Accepted
 Accounting Practice, of the state of the individual Company's and the group's affairs as at 31 December 2005 and of
 the group's loss for the year then ended;
- the financial statements have been properly prepared in accordance with the Companies Act 1985;

Notes to the financial statements for the year ended 31 December 2005

4 ACCOUNTING POLICIES

a) Basis of preparation of accounts

The financial statements have been prepared under the historical cost convention and in accordance with applicable United Kingdom accounting standards.

In accordance with Section 230 of the Companies Act 1985 no separate profit and loss account has been presented for the company. The company's retained loss for the year ended 31 December 2005 was £15,484 (2004 - £6,500).

b) Basis of consolidation

The group profit and loss account and balance sheet include the financial statements of Regenter Limited and its subsidiary undertakings made up to 31 December. Where subsidiaries are acquired or sold during the period the group profit and loss account includes the results for the part of the period for which they were subsidiaries. On acquisition of subsidiaries goodwill is capitalised and amortised over its useful economic life.

c) Turnover

Turnover represents win fees on PFI operational projects, fees for management services and rental income.

Two subsidiary companies are operators under PFI contracts, London City East Partnership Limited and Bentilee Hub (Project Company) Limited.

Turnover is net of VAT and is entirely derived in the United Kingdom.

d) Investments

Except as stated below, fixed asset investments are shown at cost less provision for impairment.

e) Finance debtor

Two wholly owned subsidiary companies are operators under PFI contracts. Under the terms of the contract, substantially all the risks and rewards of ownership of the property asset remain with the Purchaser. The underlying asset is therefore not a fixed asset of the subsidiary company under FRS 5 Application Note F and SSAP 21.

f) Finance debtor and income recognition

During the construction / refurbishment phase of the project, all attributable expenditure including finance costs are included in amounts recoverable on contracts and turnover. Upon the asset becoming operational, the costs are transferred to the finance debtor. During the operational phase, income is allocated between interest receivable and turnover using a constant operating margin on costs. The remainder of the PFI income is allocated to the finance debtor.

g) Construction period interest

Interest costs on borrowings used to fund the construction of the joint service centre are added to amounts recoverable on contracts during the construction period. This treatment ceases on commissioning.

h) Operating costs

Operating costs are added to amounts recoverable on contract during the construction period. Following commissioning, regular operating and maintenance costs and central costs are expensed to the profit and loss account as incurred.

i) Interest payable

Interest costs on borrowings are added to amounts recoverable on contracts during the construction phase of the contract, and then written off to the profit and loss account over the period of concession as incurred.

i) Taxation

Current tax, including United Kingdom Corporation tax and foreign tax, is provided at amounts expected to be paid (or recovered) using the tax rates and laws that have been enacted or substantially enacted by the balance sheet date.

In accordance with FRS 19 'Deferred Tax', deferred taxation is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date where transactions or events that result in an obligation to pay more tax in the future or a right to pay less tax in the future have occurred at the balance sheet date. Timing differences are differences between the group's taxable profits and its results as stated in the financial statements that arise from the inclusion of gains and losses in tax assessments in periods different from those in which they are recognised in the financial statements.

A net deferred tax asset is regarded as recoverable and therefore recognised only when, on the basis of all available evidence, it can be regarded as more likely than not that there will be suitable taxable profits from which the future reversal of the underlying timing differences can be deducted. Deferred tax is measured at the average tax rates that are expected to apply in the period in which the timing differences are expected to reverse, based on the tax rates and laws that have been enacted or substantially enacted by the balance sheet date. Deferred tax assets are not discounted.

7 TAX ON LOSS ON ORDINARY ACTIVITIES

The Group does not anticipate surrendering tax losses and is not recognising a deferred tax asset, and consequently there is no current or deferred tax charge in the year (2004 - £nil).
