4. PROGRESS DURING THE PERIOD

Attached at Appendix 1 is our abstract of receipts and payments for the period from 1 February 2015 to 31 July 2015, including a cumulative receipts and payments account from commencement of the Administration on 4 March 2014

RECEIPTS

Bank Interest Gross

During the period of this report, bank interest totalling £0 18 has been accrued on the funds held in an interest-bearing bank account

PAYMENTS

There have been no payments during the period of this report

5. FSTIMATED OUTCOME FOR CREDITORS

Details of the sums owed to each class of the Company's creditors were provided in our statement of proposals. On the basis of realisations to date and estimated future realisations we estimate an outcome for each class of the Company's creditors as follows.

Secured creditor

Barclays Bank plc ("Barclays") holds a fixed and floating charge registered against the Company The Company was part of a wider group structure and operated within the group's loan and overdraft facility On appointment, the group debt totalled £7,118,357 (before interest and charges) There was also a further loan of £2,100,000 that was guaranteed across the group

There have been no distributions from the Company There have been other distributions to Barclays from other members of the Group

There may be further distributions to Barclays from the Company and across the Group albeit the quantum and timing of any further distribution is wholly dependent upon the realisations of land, property and profit share agreements held in other members of the group, together with any recovery of the intercompany debtors

Preferential creditors

As far as we are aware there are no known preferential creditors

Prescribed Part for unsecured creditors pursuant to Section 176A of the Act

Details of how the prescribed part for unsecured creditors is calculated were provided in our statement of proposals and subsequent progress reports

To the best of our knowledge and belief, there are no unsatisfied floating charges created or registered on or after 15 September 2003 and, consequently, there is no net property as defined in Section 176A(6) of the Act and, therefore, no prescribed part of net property is available for distribution to the unsecured creditors

Unsecured creditors

Any return to the unsecured creditors is wholly dependent upon the realisation of the remaining land, buildings and profit share agreements held in other members of the group, together with the recovery of inter-company debtors

Effect of administration on limitation periods under the Limitation Act 1980

As we have previously confirmed, the Limitation Act 1980 continues to apply to all debts due from the Company. Case law indicates that where a company is in administration, time does not stop running for limitation purposes pursuant to the Limitation Act 1980. If you have any concerns in relation to your claim against the Company becoming time-barred during the course of the administration, we strongly recommend that you seek independent legal advice on the options available to you to prevent this

6. PRE-ADMINISTRATION COSTS

As previously reported, we have decided not to seek approval of the pre-administration costs that were unpaid at the date of our appointment in the total sum of £307 50 (plus VAT)

7. REMUNERATION & DISBURSEMENTS

Our remuneration has been fixed by the secured creditor on 16 June 2014 in accordance with Rule 2 106(5A) of the Rules, by reference to the time properly given by us (as administrators) and the various grades of our staff calculated at the prevailing hourly charge out rates of Begbies Traynor (Central) LLP in attending to matters arising in the administration. We are also authorised to draw disbursements, including disbursements for services provided by our firm (defined as Category 2 disbursements in Statement of Insolvency Practice 9) in accordance with our firm's policy, details of which accompanied the Statement of Proposals for achieving the purpose of administration and which are attached at Appendix 2 of this report

Proposed exit route from administration

This may result in the full repayment of the secured creditor enabling a return to the unsecured creditors.

BEGBIES TRAYNOR CHARGING POLICY

INTRODUCTION

This note applies where a licensed insolvency practitioner in the firm is acting as an office holder of an insolvent estate and seeks creditor approval to draw remuneration on the basis of the time properly spent in dealing with the case. It also applies where further information is to be provided to creditors regarding the office holder's fees following the passing of a resolution for the office holder to be remunerated on a time cost basis. Best practice guidance¹ requires that such information should be disclosed to those who are responsible for approving remuneration.

In addition, this note applies where creditor approval is sought to make a separate charge by way of expenses or disbursements to recover the cost of facilities provided by the firm It also applies where payments are to be made to parties other than the firm, but in relation to which the office holder, the firm or any associate has an interest. Best practice guidance² indicates that such charges should be disclosed to those who are responsible for approving the office holder's remuneration, together with an explanation of how those charges are calculated

OFFICE HOLDER'S FEES IN RESPECT OF THE ADMINISTRATION OF INSOLVENT ESTATES

The office holder has overall responsibility for the administration of the estate. He/she will delegate tasks to members of staff. Such delegation assists the office holder as it allows him/her to deal with the more complex aspects of the case and ensures that work is being carried out at the appropriate level. There are various levels of staff that are employed by the office holder and these appear below.

The firm operates a time recording system which allows staff working on the case along with the office holder to allocate their time to the case. The time is recorded at the individual's hourly rate in force at that time which is detailed below.

EXPENSES INCURRED BY OFFICE HOLDERS IN RESPECT OF THE ADMINISTRATION OF INSOLVENT ESTATES

Best practice guidance classifies expenses into two broad categories

- Category 1 disbursements (approval not required) specific expenditure that is directly related to the case and referable to an independent external supplier's invoice. All such items are charged to the case as they are incurred.
- Category 2 disbursements (approval required) items of expenditure that are directly related to the case which include an element of shared or allocated cost and are based on a reasonable method of calculation, but which are not payable to an independent third party
 - (A) The following items of expenditure are charged to the case (subject to approval)
 - Internal meeting room usage for the purpose of statutory meetings of creditors is charged at the rate of £100 (London £150) per meeting,
 - Car mileage is charged at the rate of 45 pence per mile,
 - Storage of books and records (when not chargeable as a Category 1
 disbursement) is charged on the basis that the number of standard archive boxes

² lbid 1

Statement of Insolvency Practice 9 (SIP 9) - Remuneration of insolvency office holders in England & Wales

held in storage for a particular case bears to the total of all archive boxes for all cases in respect of the period for which the storage charge relates

- (B) The following items of expenditure will normally be treated as general office overheads and will not be charged to the case although a charge may be made where the precise cost to the case can be determined because the item satisfies the test of a Category 1 disbursement:
 - Telephone and facsimile
 - Printing and photocopying
 - Stationery
