Directors' report

The directors present the audited financial statements of the Company, PaperlinX (Europe) Limited and the Group, which includes subsidiary undertakings, for the period ended 30 June 2003.

Principal activities

The principal activity of the Group is paper merchanting.

PaperlinX (Europe) Limited, the Company, was incorporated on 29th April 2002 and did not engage in any trading activities in the period to 30 June 2003.

On 1 July 2002 the Group acquired the whole of the share capital of The Paper Company Limited (formerly Bunzl Fine Paper Limited.) a company whose principal activity is paper merchanting.

Business review, results and dividends

The Group faced difficult trading conditions throughout the period. The Group's profit for the period is £5,364,000.

No interim dividend was paid and the directors do not recommend the payment of a final dividend in respect of the period.

Research and development

For the period under review, the Group's expenditure on research and development was £nil. The Group will look to take advantage of technological developments as they arise but currently, pure research is not a core element of the Group's business.

Policy and practice on payment of creditors

It is the Group's policy to settle the terms of payment with suppliers when agreeing the terms of business with those suppliers and to abide by them. At the year end the amount owed to trade creditors by the company was equivalent to 48 days of purchase from suppliers.

Directors' report *(continued)*

Directors and directors' interests

The directors who held office during the period and after the balance sheet date were as follows:

Joint Corporate Services Ltd.	(appointed 29 th April 2002 – resigned 25 th June 2002)
Daryl Gregor Abotomey	(appointed 1 st May 2002)
William Colin Horman	(appointed 12 th June – resigned 23 rd June 2003)
Mark Jonathan Smitheram	(appointed 23 rd June 2003)

None of the directors who held office at the end of the period had any interest in the share capital of the company.
 No Director had any beneficial interest in the shares of the Company at any time during the period.

Mr. Abotomey was also a Director of the Company's ultimate parent company PaperlinX Limited. Details of his beneficial interests in the share capital of that company are fully disclosed the accounts of that company which are available from the address in note 25.

According to the register of directors' interests, no right to subscribe for shares in any group company were granted to the other directors or their immediate families, or exercised by them, during the financial period except as indicated below:

Directors' report *(continued)*

Employees

It is the Group's policy to ensure that equal opportunity is given for the employment, training and career development of disabled persons, including persons who become disabled whilst in the company's employment.

The motivation and commitment of its employees are a major contribution to the Group's success. The Group seeks the ongoing involvement of staff through its elected Information and Consultation Forum: this covers both commercial and operational performance, major policy issues and local factors that affect employees on a day to day basis.

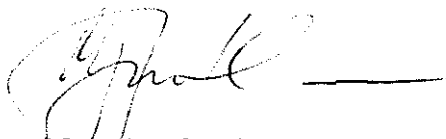

Political and charitable contributions

The Group made no political contributions during the year. Donations to UK charities amounted to £10,800.

Auditors

During the period KPMG LLP signified their willingness to accept appointment as auditors of the Company and accordingly were appointed by the Directors. A resolution is to be proposed at the forthcoming Annual General Meeting to reappoint KPMG LLP as auditors of the Company.

By order of the board

Statement of directors' responsibilities

Company law requires the directors to prepare financial statements for each financial year, which give a true and fair view of the state of affairs of the company and group and of the profit or loss for that period. In preparing those financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and estimates that are reasonable and prudent;
- state whether applicable accounting standards have been followed, subject to any material departures disclosed and explained in the financial statements;
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for keeping proper accounting records which disclose with reasonable accuracy at any time the financial position of the company and to enable them to ensure that the financial statements comply with the Companies Act 1985. They have general responsibility for taking such steps as are reasonably open to them to safeguard the assets of the group and to prevent and detect fraud and other irregularities.

Independent Auditor's report to the members of PaperlinX (Europe) Limited

We have audited the financial statements on pages 6 to 22.

This report is made solely to the Company's members, as a body, in accordance with section 235 of the Companies Act 1985. Our audit work has been undertaken so that we might state to the Company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Company and the Company's members as a body, for our audit work, for this report, or for the opinions we have formed.

Respective responsibilities of directors and auditors

The directors are responsible for preparing the directors' report and, as described on page 4, the financial statements in accordance with applicable United Kingdom law and accounting standards. Our responsibilities, as independent auditors, are established in the United Kingdom by statute, the Auditing Practices Board and by our profession's ethical guidance.

We report to you our opinion as to whether the financial statements give a true and fair view and are properly prepared in accordance with the Companies Act 1985. We also report to you if, in our opinion, the directors' report is not consistent with the financial statements, if the company has not kept proper accounting records, if we have not received all the information and explanations we require for our audit, or if information specified by law regarding directors' remuneration and transactions with the company is not disclosed.

Basis of audit opinion

We conducted our audit in accordance with Auditing Standards issued by the Auditing Practices Board. An audit includes examination, on a test basis, of evidence relevant to the amounts and disclosures in the financial statements. It also includes an assessment of the significant estimates and judgements made by the directors in the preparation of the financial statements, and of whether the accounting policies are appropriate to the company's circumstances, consistently applied and adequately disclosed.

We planned and performed our audit so as to obtain all the information and explanations which we considered necessary in order to provide us with sufficient evidence to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or other irregularity or error. In forming our opinion we also evaluated the overall adequacy of the presentation of information in the financial statements.

Opinion

In our opinion the financial statements give a true and fair view of the state of affairs of the Company and of the Group as at 30 June 2003 and of the profit of the Group for the period then ended and have been properly prepared in accordance with the Companies Act 1985.

Notes to the financial statements *(forming part of the financial statements)*

1 Accounting policies

The following accounting policies have been applied consistently in dealing with items which are considered material in relation to the Group's financial statements.

Basis of preparation

The financial statements have been prepared on a going concern basis, in accordance with applicable accounting standards and under the historical cost accounting rules.

The consolidated financial statements include the financial statements of the company and its subsidiary undertakings made up to 30 June unless otherwise stated. The acquisition method of accounting has been adopted. Under this method, the results of subsidiary undertakings acquired or disposed of in the year are included in the consolidated profit and loss account from the date of acquisition or up to the date of disposal.

Under section 230(4) of the Companies Act 1985 the company is exempt from the requirement to present its own profit and loss account.

Under Financial Reporting Standard 1 (revised 1996) the Group is exempt from the requirement to prepare a cash flow statement on the grounds that a parent undertaking includes the group in its own published consolidated financial statements.

As the Group is a wholly owned subsidiary of PaperlinX Limited, a company registered and incorporated in Australia, the Group has taken advantage of the exemption contained in FRS 8 and has therefore not disclosed transactions or balances with entities which form part of the group. The consolidated financial statements of PaperlinX Limited, within which the results of this group are included, can be obtained from the address given in note 24.

Investments

In the company's financial statements, investments in subsidiary undertakings are stated at cost less any provision for any diminution in value.

Goodwill and negative goodwill

Purchased goodwill (representing the excess of the fair value of the consideration given over the fair value of the separable net assets acquired) arising on consolidation in respect of acquisitions since 1 January 1998 is capitalised. Positive goodwill is amortised to nil by equal annual instalments over its estimated useful life.

Negative goodwill arising on consolidation in respect of acquisitions since 1 January 1998 is included within fixed assets and released to the profit and loss account in the periods in which the fair values of the non-monetary assets purchased on the same acquisition are recovered, whether through depreciation or sale.

On the subsequent disposal or termination of a business acquired since 1 January 1998, the profit or loss on disposal or termination is calculated after charging (crediting) the unamortised amount of any related goodwill (negative goodwill).

Notes (continued)

1 Accounting policies (continued)

Intangible fixed assets and amortisation

Intangible fixed assets purchased separately from a business are capitalised at their cost.

Intangible assets acquired as part of an acquisition are capitalised at their fair value where this can be measured reliably.

Patents purchased by the company are amortised to nil by equal annual instalments over their useful economic lives.

Fixed assets and depreciation

Depreciation is provided on the cost of tangible fixed assets by equal annual instalments over the estimated remaining useful lives of assets. Depreciation is not provided on the cost of land. Asset lives are reviewed regularly. In general, the estimated useful lives are as follows:

Freehold and long leasehold properties excluding land	- 50 years
Short leasehold property	- period to first rent review
Plant and fittings	- 4 to 20 years
Motor vehicles	- 4 to 5 years
Computer equipment	- 3 to 7 years

Leases

Assets acquired under finance leases are capitalised and the outstanding future lease obligations are shown in creditors. Operating lease rentals are charged to the profit and loss account on a straight line basis over the period of the lease.

Post-retirement benefits

Until 31 December 2002, contributions were paid by the group for the benefit of employees to pension schemes operated by Bunzl plc and were based upon recommendations of independent actuaries. These were charged against profits on a systematic basis over the expected remaining service lives of participating employees. The assets of the schemes are held separately from those of the group.

Following the change of ownership and with effect from 1 January 2003 the group has set up a defined contribution scheme. The group's contributions to this scheme are charged to the profit and loss account as they fall due.

Stocks

Stocks are stated at the lower of cost and net realisable value.

Notes (continued)

1 Accounting policies (continued)

Taxation

Current tax is provided on the company's profits, at amounts expected to be paid (or recovered) using the tax rates and laws that have been enacted or substantially enacted by the balance sheet date.

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date. Provision is made at the rates expected to apply when the timing differences reverse. Timing differences are differences between the company's taxable profits and its results as stated in the financial statements that arise from the inclusion of gains and losses in taxable profits in periods different from those in which they are recognised in the financial statements.

A net deferred tax asset is regarded as recoverable and therefore recognised only when, on the basis of all available evidence, it can be regarded as more likely than not that there will be suitable taxable profits from which the future reversal of the underlying timing differences can be deducted.

Turnover

Turnover represents net sales, excluding value added tax, invoiced to third parties.

2 Group segmental analysis

No analysis of turnover by class of business is given, as it is the opinion of the Directors that all turnover arose from the sole line of business, namely the sale of paper to third parties.

Substantially all turnover arose in the UK.

3 Profit on ordinary activities before taxation

Patents are amortised over 10 years, being the period until expiry of the legal rights.

The directors consider each acquisition separately for the purpose of determining the amortisation period of any goodwill that arises. During the period, the goodwill arose on the acquisition by the company of The Paper Company Limited. The directors estimate that the useful economic life of this goodwill is at least 20 years and is amortised over 20 years in accordance with FRS 10.

22 Pension scheme

Certain employees of the Group were members of the Bunzl Pension Plan and the Bunzl Senior Pension Scheme ('the Group Schemes') until 31 December 2002. The Group schemes are both defined benefit schemes, providing benefits based on final pensionable pay, and defined contribution schemes, providing benefits based on monthly contributions. The assets of the Group schemes are held separately from those of Bunzl plc and its subsidiaries and contributions are determined by a qualified actuary every three years using the projected unit method.

The schemes are multi-employer schemes in which the company is unable to identify its share of the underlying assets and liabilities in the schemes on a consistent and reasonable basis and therefore, as required by FRS 17, accounts for the schemes as if they were defined contribution schemes. Details of the Group schemes and particulars of the actuarial valuations of these are set out in the financial statements of Bunzl plc for the year ended 31 December 2002.

There was a pension charge for 2002 of £1,970,000 (2001: £2,070,000) in respect of these schemes.

Following the change of ownership from Bunzl plc to PaperlinX Limited the company set up a new defined contribution pension scheme for its employees. There was a pension charge of £741,000 in 2003 relating to this scheme and there were no outstanding or prepaid contributions at 30 June 2003.

23 Post balance sheet events

On 1 November 2003, the Group completed the acquisition of the Paper Merchanting division of Buhrmann NV.
