Directors' responsibilities

Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice. Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period.

In preparing these financial statements, the directors are required to

- select suitable accounting policies and then apply them consistently,
- make judgements and accounting estimates that are reasonable and prudent,
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements, and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the company's transactions and disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

The directors are not aware of any relevant audit information of which the auditors are unaware.

The auditors, BDO LLP have expressed their willingness to continue in office and a resolution to re-appoint them will be proposed at the annual general meeting, in accordance with section 485 of the Companies Act 2006.

Islandview Properties Limited

Notes forming part of the financial statements for the year ended 28 February 2013

1 Accounting policies

The financial statements have been prepared under the historical cost convention as modified by the revaluation of land and buildings. The following principal accounting policies have been applied.

Cash flow statement

The company has taken advantage of the exemption conferred by Financial Reporting Standard 1 'Cash Flow Statements (Revised 1996)' not to prepare a cash flow statement on the grounds that it is 'small' company under the Companies Act 2006.

Turnover

Turnover represents the rental income receivable, service charges and other recoveries from investment properties in the United Kingdom.

In circumstances where a tenant has been given an incentive into a lease by way of a payment, the incentive is treated as a reduction in rental income. The incentive is amortised on a straight-line basis over the period from term commencement to the date of the first rent review, in accordance with UITF 28. Where an incentive is given to a tenant by way of a rent free period, the total rental income receivable for the period to the first rent review is recognised on a straight line basis from term commencement to the date of the first rent review, in accordance with UITF 28.

Dividends

Equity dividends are recognised when they become legally payable. All dividends are approved by the shareholders at the AGM.

Deferred taxation

Deferred tax balances are recognised in respect of all timing differences that have originated but not reversed by the balance sheet date except that

- deferred tax is not recognised on timing differences arising on revalued properties unless the company has entered into a binding sale agreement and is not proposing to take advantage of rollover relief, and
- the recognition of deferred tax assets is limited to the extent that the company anticipates to make sufficient taxable profits in the future to absorb the reversal of the underlying timing differences.

Deferred tax balances are not discounted.

2 Turnover

Turnover is wholly attributable to the principal activity of the company and arises solely within the United Kingdom.
