The directors are satisfied that the company is entitled to exemption from the requirement to obtain an audit under section 477 of the Companies Act 2006.

The members have not required the company to obtain an audit in accordance with section 476 of the Act.

The directors acknowledge their responsibilities for complying with the requirements of the Companies Act 2006 with respect to accounting records and the preparation of accounts.

The accounts have been prepared and delivered in accordance with the special provisions applicable to companies subject to the small companies regime. The profit and loss account has not been delivered to the Registrar of Companies.

M. A. Cranham

Director

Approved by the board on 24 August 2021

Glynwood House Limited
Notes to the Accounts
for the year ended 31 December 2020

1 Accounting policies

Basis of preparation

The accounts have been prepared under the historical cost convention and in accordance with FRS 102, The Financial Reporting Standard applicable in the UK and Republic of Ireland (as applied to small entities by section 1A of the standard).

Turnover

Turnover is measured at the fair value of the ground rent received by the company, which is not registered for Value Added Tax purposes.

Service charges

The accounts have been prepared in accordance with Technical Release 03/11 published by the ICAEW. The company has no beneficial interest in service charge income or expenditure, all such transactions in the year being related to the maintenance of the common parts in accordance with the lease. Service charges collected and held on trust for the purpose of meeting the relevant cost in relation to the property in accordance with the provisions of section 42 of the Landlord and Tenant Act 1987.

Tangible fixed assets

The directors consider that the difference between the carry value and the residual value of the investment property as at the 31st December 2020 is immaterial. Therefore no revaluation adjustment has been included the financial period.

Investments

The financial statements present information about the company as an individual undertaking and not about its group, using the exception given to small groups in The Companies Act s398.

Debtors

Short term debtors are measured at transaction price (which is usually the invoice price), less any impairment losses for bad and doubtful debts. Loans and other financial assets are initially recognised at transaction price including any transaction costs and subsequently measured at amortised cost determined using the effective interest method, less any impairment losses for bad and doubtful debts.

Creditors

Short term creditors are measured at transaction price (which is usually the invoice price). Loans and other financial liabilities are initially recognised at transaction price net of any transaction costs and subsequently measured at amortised cost determined using the effective interest method.

Taxation

A current tax liability is recognised for the tax payable on the taxable profit of the current and past periods. A current tax asset is recognised in respect of a tax loss that can be carried back to recover tax paid in a previous period.
