# 1. Overview of the liquidation

## Introduction

Following my appointment as Liquidator of the Company on 29 March 2017, I notified creditors of my appointment and to set out a summary of the information I had regarding the Company's assets and liabilities and providing an indication of the anticipated costs of dealing with this liquidation and the likely anticipated outcome for creditors.

I set out herein my final account of the liquidation and confirm that the affairs of the Company are now fully wound up. This report provides an overview of the liquidation and details work done and expenses incurred during the period since my last progress report to date.

Details of work undertaken since my appointment have been set out in previous progress reports to creditors.

## Work undertaken by the Liquidator(s) during the Period

A schedule of work undertaken during the Period is attached at **Appendix C**.

My statutory duties included preparing the progress report for the previous period and filing these documents with the Registrar of Companies. In addition, I have liaised with the LBCFL and the director's advisor in respect of book debt collection, realised sundry assets, completed tax returns and corresponded with HMRC in order to obtain tax clearance together with carrying out general administration and case accounting.

## Receipts and payments account

Attached at **Appendix B** is a receipts and payments account detailing both transactions for the Period and also cumulatively since my appointment as Liquidator, together with the costs and expenses in dealing with this liquidation which are further discussed in section 3 below.

## Book debts

As previously reported, LBCFL held a charge over the Company's book debts. At the time of appointment it was anticipated that LBCFL would be paid in full under its fixed charge and LBCFL commenced collection of book debts in house.

LBCFL encountered difficulties with the collection of the remaining book debts of approximately, £14,000 against its indebtedness of approximately, £7,500. Therefore, LBCFL called upon the director's personal guarantee. Subsequently, LBCFL reassigned the book debts to the director and upon him pursuing the outstanding sums he received payment directly.

During the Period of this report, I have been in correspondence with the director's advisor in respect of the assignment of the book debts. I have been advised that after taking into consideration the sum paid by the director for the assignment of the book debts and the sum recovered that there was a "notional profit" of £2,500.

In addition to the LBCFL debt, the director also personally guaranteed a company loan which he settled in the sum of £9,000.

In light of the above and that the director was owed in excess of £250,000 by way of a director's loan account, it was evident that if we sought to recover the "notional profit" it would be disputed.

After consideration, it was decided that it was not cost effective to pursue this matter further and, in any event, there would be no benefit to the general body of creditors.

## EFG Loan Refund

The Company received an EFG from Barclays. We were contacted by Barclays in relation to the miss-selling of this loan and advised that a refund was due to the Company. During the Period a sum of £391 was received in this respect.

As shown on the account all assets have been realised.

## 1. Overview of the liquidation

There were insufficient funds available to make a distribution to creditors. The final outcome for creditors is set out in section 2 below.

### **Investigations**

I can confirm that no further investigations or actions are required during the Period.

## 2. Final outcome for the creditors

The final outcome for creditors is set out below:

### **Outcome for secured creditors**

LBCFL have been repaid in full under the collection of the book debts and the personal guarantee provided by the director.

### **Preferential Creditors**

Preferential creditors' claims are as follows:

|                                 |          |
|---------------------------------|----------|
| Employees                       | £411     |
| The Redundancy Payments Service | £189,209 |
| Pension scheme                  | £NIL     |

### **Unsecured creditors**

I have received claims totalling £124,572 from unsecured creditors who have proved their debts in these proceedings.

Pursuant to the Insolvency Rules no dividend will be declared to preferential and unsecured creditors as the funds realised have been utilised in defraying the expenses of the liquidation.

### **The Prescribed Part**

In accordance with the Insolvency Act 1986 the prescribed part is an element of net realisations due to the floating charge holder which is made available for unsecured creditors (subject to the floating charge post-dating 15 September 2003).

In this circumstance the floating charge realisations were fully utilised in meeting the costs of realising the assets, there will be insufficient funds to make a prescribed part distribution to unsecured creditors.

### 3. Liquidators' remuneration, disbursements and expenses

#### Liquidators' remuneration

As advised in previous correspondence the creditors passed a resolution that the Liquidators' remuneration should be calculated on a percentage basis, as follows:

| Realisations (£) | Fee percentage (%) |
|------------------|--------------------|
| 0 – 30,000       | 100                |
| 30,001 and over  | 50                 |

Fees of £26,848 excluding VAT have been drawn from the funds available.

#### Liquidators' disbursements

The Liquidators' disbursements are a recharge of actual costs incurred by the Liquidator in dealing with this matter. Mileage payments made for expenses relating to the use of private vehicles for business travel, which is directly attributable to the insolvency estate, are paid by FRP Advisory at the HMRC approved mileage rate prevailing at the time the mileage was incurred.

#### Expenses of the liquidation

The expenses incurred in the Period are detailed in **Appendix D**.

#### Creditors' Rights

Creditors have a right to request further information from the Liquidator and also have a right to challenge the Liquidator's remuneration and other expenses, which are first disclosed in this report, under the Insolvency Rules. (For ease of reference these are the expenses incurred in the Period as set out in **Appendix D** only). They also have the right to object to the Liquidator's release. Further details, including relevant time limits, are provided in the notice accompanying this final report which is available for viewing and downloading here: <http://creditors.frpadvisory.com>.

### Schedule of Work

A deadline for final offers was made and the successful purchasers were the three highest bidders in respect of the plant and machinery, motor vehicles, stock and the domain name and goodwill. It was agreed with the purchaser of the stock that the consideration would be repaid by instalments. The Joint Liquidators can confirm that all payments have been received.

#### **Domain/IP**

An initial offer of £4,000 was received in respect of the Company's domain name/IP motad.co.uk. These funds were held to account by our agent until the domains were successfully transferred to the purchaser. However, it soon became apparent that there was an issue that the domains were not registered to the Company and was in fact registered to an individual.

In light of the above information, there was a significant delay in transferring the domain names. This resulted in the purchaser reducing his offer to £1,000. Our agent contacted previous interested parties and asked for final offers in respect of the domain names as the initial highest purchaser had reduced their offer.

Final bids were submitted and the highest offer received was £1,100 from the former director John Atherton. This offer was accepted following the advice from our agents.

#### **Book Debts**

The Book debts are charged to Lloyds Bank Commercial Finance Limited ("LBCFL"). At the date of our appointment, it was anticipated that LBCFL would be repaid in full under its fixed charge and LBCFL began the process of collecting the book debts in house, with the Joint Liquidators assisting where possible.

LBCFL were struggling to collect the last remaining debt circa of £14,000 against their indebtedness of circa £7,500. Therefore, LBCFL called upon the personal guarantee provided by the director.
