NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2014

1 Accounting policies

1.1 Accounting convention

The financial statements are prepared under the historical cost convention modified to include the revaluation of freehold land and buildings and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008)

1 2 Changes in accounting policies

The directors have changed the basis of preparation of accounts with effect from the year ended 31 December 2011 to comply with guidance given in Technical Release 03/11 published by the Institute of Chartered Accountants in England and Wales (ICAEW), Association of Residential Managing Agents (ARMA) and the Royal Institute of Chartered Surveyors (RICS) As a result of this, service charge income, property expenditure and related assets and liabilities are not included in the accounts of the company

13 Turnover

Turnover represents amounts receivable for ground rent

1 4 Tangible fixed assets and depreciation

Investment properties are included in the balance sheet at their open market value. Depreciation is provided only on those investment properties which are leasehold and where the unexpired lease term is less than 20 years.

Although this accounting policy is in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008), it is a departure from the general requirement of the Companies Act 2006 for all tangible assets to be depreciated. In the opinion of the directors compliance with the standard is necessary for the financial statements to give a true and fair view. Depreciation or amortisation is only one of many factors reflected in the annual valuation and the amount of this which might otherwise have been charged cannot be separately identified or quantified.

2 Taxation

On the basis of these financial statements no provision has been made for corporation tax
