NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2012

ACCOUNTING POLICIES

Basis of accounting

The financial statements have been prepared on an accruals basis under the historical cost convention, and in accordance with the financial Reporting Standard for Smaller Entities (effective April 2008).

The company acts as trustee of the statutory trust for the residents in respect of the service charge monies collected for the management and administration of the property. The company has changed its accounting policy to exclude these funds from the company's accounts as separate service charge accounts are prepared and certified.

The company has no income or expenditure in its own right. All transactions in the year relate to management and administration of the common parts in accordance with the lease. Income and expenditure arising from these transactions is shown in separate service charge accounts for the property that do not form part of the annual accounts of the company and are not filed at Companies House. All service charge monies received from the residents of the company are held in trust for the residents.
