SAPPHIRE FOOD SOUTH EAST NO.4 LIMITED

NOTES TO THE FINANCIAL STATEMENTS **For the 52 weeks ended 1 May 2016**

1. GENERAL INFORMATION

Sapphire Food South East No.4 Limited is a company incorporated and domiciled in England & Wales.

The company's financial statements are presented in Sterling.

2. ACCOUNTING POLICIES

2.1 Basis of preparation of financial statements

The financial statements have been prepared under the historical cost convention and in accordance with Financial Reporting Standard 101 'Reduced Disclosure Framework' and the Companies Act 2006.

Information on the impact of first-time adoption of FRS 101 is given in note 17.

The preparation of financial statements in compliance with FRS 101 requires the use of certain critical accounting estimates. It also requires management to exercise judgment in applying the company's accounting policies (see note 3).

First time application of FRS 100 and FRS 101

In the current 52 weeks ended 1 May 2016, the company has adopted FRS 100 and FRS 101. In previous periods the financial statements were prepared in accordance with applicable United Kingdom Generally Accepted Accounting Practice ('UK GAAP').

This change in the basis of preparation has not materially altered the recognition and measurement requirements previously applied in accordance with UK GAAP. Consequently the principal accounting policies are unchanged from the prior period (see note 16).

The change in basis of preparation has enabled the company to take advantage of some of the available disclosure exemptions permitted by FRS 101 in the financial statements, the most significant of which are summarised below. There have been no other material amendments to the disclosure requirements previously applied in accordance with UK GAAP.

The following principal accounting policies have been applied:

2.2 Financial reporting standard 101 - reduced disclosure exemptions

The company has taken advantage of the following disclosure exemptions under FRS 101:

- the requirement in paragraph 38 of IAS 1 'Presentation of Financial Statements' to present comparative information in respect of:
 - paragraph 79(a)(iv) of IAS 1;
- the requirements of paragraphs 10(d), 10(f), 16, 38A, 38B, 38C, 38D, 40A, 40B, 40C, 40D, 111 and 134-136 of IAS 1 Presentation of Financial Statements
- the requirements of IAS 7 Statement of Cash Flows
- the requirements of paragraphs 30 and 31 of IAS 8 Accounting Policies, Changes in Accounting Estimates and Errors
- the requirements of paragraph 17 of IAS 24 Related Party Disclosures
- the requirements in IAS 24 Related Party Disclosures to disclose related party transactions entered into between two or more members of a group, provided that any subsidiary which is a party to the transaction is wholly owned by such a member

SAPPHIRE FOOD SOUTH EAST NO.4 LIMITED

NOTES TO THE FINANCIAL STATEMENTS **For the 52 weeks ended 1 May 2016**

2. ACCOUNTING POLICIES (CONTINUED)

2.3 Going concern

At the balance sheet date the company had net current assets of £15,003,669 and net assets of £15,003,669. After making enquiries the directors have a reasonable expectation that the net assets of £15,003,669 are recoverable in full and that the company has adequate resources to continue in operational existence for the foreseeable future. The directors are satisfied that the company is able to meet its liabilities as they fall due being a period of no less than 12 months from the date of approval of these financial statements and therefore continue to prepare the financial statements on a going concern basis.

2.4 Intercompany balances

Amounts owed by or to group undertakings are classified as short term assets or liabilities unless there is a formal loan arrangement in place that specifies repayment over a period longer than one year at the balance sheet date.

2.5 Interest

Interest receivable or payable under the company's various investments and financial instruments is accrued so as to impute a constant periodic rate of return in the profit and loss account.

2.6 Taxation

Tax is recognised in the profit and loss account, except that a change attributable to an item of income and expense recognised as other comprehensive income or to an item recognised directly in equity is also recognised in other comprehensive income or directly in equity respectively.

The current income tax charge is calculated on the basis of tax rates and laws that have been enacted or substantively enacted by the balance sheet date in the countries where the company operates and generates income.

3. JUDGMENTS IN APPLYING ACCOUNTING POLICIES AND KEY SOURCES OF ESTIMATION UNCERTAINTY

The preparation of financial statements requires management to make judgments, estimates and assumptions in the application of accounting policies that affect reported amounts of assets and liabilities, income and expense. The company bases its estimates and judgments on historical experience and other factors deemed reasonable under the circumstances, including any expectations of future events. Actual results may differ from these estimates.

The estimates and judgments considered to be significant are detailed below:

Taxation

Judgment is required when determining the provision for taxes as the tax treatment of some transactions cannot be finally determined until a formal resolution has been reached with the tax authorities. Assumptions are also made around the assets which qualify for capital allowances and the level of disallowable expenses and this affects the income tax calculation. Provisions are also made for uncertain exposures which can have an impact on both deferred and current tax. Tax benefits are not recognised unless it is probable that the benefit will be obtained and tax provisions are made if it is possible that a liability will arise. The final resolution of these transactions may give rise to material adjustments to the income statement and/or cashflow in future periods. The company reviews each significant tax liability or benefit each period to assess the appropriate accounting treatment.

NOTES TO THE FINANCIAL STATEMENTS **For the 52 weeks ended 1 May 2016**

4. ANALYSIS OF TURNOVER

The turnover and operating profit from discontinued activities represents rental income on operating leases receivable from related parties, net of value added tax, up to the date that the freehold properties were sold to Greene King Retailing Limited at their carrying value.

All turnover and profit before tax arose within the United Kingdom.

5. STAFF COSTS

The company has no employees and did not incur any staff costs during the period (2015: £nil).

The directors who held office during the period were also directors of fellow group undertakings. Total emoluments, including any company pension contributions, received by these directors totals £689,000 (2015: £2,128,000) paid by the ultimate parent company or other group companies. The directors do not believe that it is practicable to apportion this amount between qualifying services as directors to the company and to fellow group undertakings. The number of directors who received or exercised share options during the period was 1 (2015: 3).

6. AUDITOR'S REMUNERATION

The auditor's remuneration for the period of £1,000 (2015: £1,000) has been borne by another group company.

The company has taken advantage of the exemption not to disclose amounts paid for non audit services as these are disclosed in the group financial statements of the ultimate parent company.

In addition the Finance Act 2016 further reduces the rate of corporation tax to 17% from 1 April 2020. This further reduction had not been substantively enacted at the balance sheet date so it not included in these financial statements.
